Property Insurance is directly allocated to NCPA Projects based on proportionate shares of insurable values. The Liability Insurance cost is allocated as part of the Administrative and General budget and classified as a “General” cost which means 50% is allocated based on labor and 50% based on total adjusted budget cost by project/program. Workers Compensation Liability Insurance is allocated proportionately based on actual labor cost charged. The aforementioned annual fees are within the Commission approved FY 2015-16 annual budget for those items.

**Item #24 – Resolution 16-07, Approving the General Manager’s 2016 Performance Plan and a Letter Amendment to the General Manager’s Employment Agreement** – adopt resolution by all members approving the General Manager’s 2016 performance goals. In addition, the Executive Committee recommends that the Commission adopt a resolution authorizing the Chair of the Commission to provide the General Manager a letter granting forty (40) hours of additional paid administrative leave that may not be cashed out for use in 2016. **Fiscal Impact:** there is no fiscal impact due to the change in the General Manager’s additional hours of paid time off in 2016. The costs associated with the additional paid time off are included in the budget for the current fiscal year.

General Manager Randy Howard stepped out of the meeting during the discussion and vote of this item. Human Resources Manager Vicki Cichocki mentioned that rather than a salary adjustment for the General Manager, the Executive Committee recommended forty (40) hours of administrative leave. Commissioner Scharff asked for clarification on the thinking behind the 40 hours of administrative leave rather than a salary adjustment. It was explained that the Executive Committee appreciates Mr. Howard’s efforts and is happy with what he has done at NCPA and wants to provide him more time off for his efforts. Ms. Cichocki explained that due to CalPERS limitations, a cash bonus is not an option.
Motion: A motion was made by Mark Chandler and seconded by Bob Lingl to approve the General Manager’s 2016 Performance Goals. In addition, the Executive Committee recommended that the Commission adopt a resolution authorizing the Chair of the Commission to provide the General Manager a letter granting forty (40) hours of additional paid administrative leave that may not be cashed out and will be forfeited if not used in 2016. A correction was made in the resolution to change “used” to “unused.” The motion carried by a unanimous roll call vote on those members present.

*BART and Gridley were absent.*

Those attending in person are listed on the attached Attendee Sign-in Sheet. Committee Representatives from BART, Gridley, Healdsburg, and Ukiah were absent. A quorum of the Committee was established.

PUBLIC FORUM
No public comment.

2. Approve minutes from the January 6, 2016 Facilities Committee meeting – Motion: A motion was made by Melissa Cadek and seconded by Steve Hance recommending approval of the January 6th Facilities Committee meeting minutes. A vote was taken by roll call: YES = Alameda, Biggs, Lodi, Lompoc, Palo Alto, Plumas-Sierra, Port of Oakland, Roseville, and Santa Clara. The motion passed.

3. Geothermal Facility Plant 2 – Public Works Contract with Northern Industrial Construction for Unit 4 Main Steam Pipeline Project – Staff provided information regarding the recommendation for Commission approval authorizing the General Manager to enter into a Public Works agreement with Northern Industrial Construction which shall not exceed $950,000 to construct a new 48" diameter pipeline to the Unit 4 main steam turbine. This project was originally budgeted for $300,000 for FY2016 to minimize pressure drops and eliminate unnecessary piping. Staff is now proposing to re-route the pipeline. Staff expects a 15 year life of this project with a projected benefit of a 1MW gain in generation and a three-year payback. If approved the staff will begin with Phase 1 of the project; establishing a roadside tie-in during the April 2016 outage. Phase 2 is scheduled to begin during the summer.

Motion: A motion was made by Shannon McCann and seconded by Ron Stassi recommending Commission approval of the public works agreement with Northern Industrial Construction, Inc. which shall not exceed $950,000 to construct a new 48" diameter pipeline to the Geothermal Plant 2, Unit 4 steam turbine. A vote was taken by roll call: YES = Alameda, Biggs, Lodi, Lompoc, Plumas-Sierra, Roseville, Santa Clara, and TID. ABSTAIN = Palo Alto and Port of Oakland. The motion passed.
4. **All NCPA Generation Services Facilities, Members and SCPPA – Compliance Services, Inc.** – Staff provided information regarding the recommendation for Commission approval of a five-year Multi-Task General Services Agreement with Compliance Services, Inc. in an amount not to exceed $1,500,000 for operations and maintenance services for use at all facilities owned and/or operated by NCPA, its members and SCPPA or SCPPA’s members; and authorize the general manager to approve purchase orders pursuant to the agreement totaling $493,000 over five years for compliance with mandated Department of Transportation regulations at the Alameda CT1 project. Staff reviewed the procurement process and the scope of work related to the Alameda CT1 Natural Gas Supply Pipeline Project. The existing 2011 agreement is expiring soon.

Motion: A motion was made by Melissa Cadek and seconded by Shannon McCann recommending Commission approval of the five-year Multi-Task General Services Agreement with Compliance Services, Inc. in an amount not to exceed $1,500,000 for operations and maintenance services for use at all facilities owned and/or operated by NCPA, by its members, by SCPPA, or by SCPPA members; and authorize the General Manager to approve purchase orders pursuant to the Agreement totaling $493,000 over five years for compliance with mandated DOT regulations at the Alameda CT1 project. A vote was taken by roll call: YES = Alameda, Biggs, Lodi, Lompoc, Plumas-Sierra, Roseville, and Santa Clara. ABSTAIN = Palo Alto, Port of Oakland and TID. The motion passed.

5. **Hydroelectric Facility – Adit 4 Stockpile Erosion** – Staff explained that the Adit 4 is part of the power tunnel connecting McKays Point Reservoir to Collierville Powerhouse, following tunneling in 1986, approximately 240,000 cubic yards of rock cutting spoils were loosely placed at a disposal site. Erosion of approximately 2000 - 4000 cubic yards of spoils have recently been discovered. Staff believes the failure likely occurred on December 22rd. California Department of Fish and Wildlife and Federal Bureau of Land Management have been notified. Staff's initial assessment of the failure is water intrusion into the spoils from perforations or plugging of water conveyance features. Detailed illustrations were presented.

Interim water bypass measures are underway to reduce the scope of damages and environmental impacts. Staff plans to begin a 2 phase project: 1) Interim site stabilization which includes investigation of a potential insurance claim; and 2) – Design and construct permanent repairs which includes a necessary Basis of Design Analysis (BODR) and development of a safe and cost effective design. The BODR is expected by May or June.

Staff will continue with erosion control, address insurance and resource agency questions, and provide the Committee with updates as the project progresses.

6. **NCPA Support Services Agreement** – Staff provided information regarding the recommendation for Commission approval of the Support Service Program Agreement. This Agreement is scheduled for Legal Committee review on February 12, 2016. This Agreement may include purchasing, engineering services, transmission and distribution planning, power marketing and analysis, employee training, human relations assistance, customer services and billing, power plant operations and professional services relating to the operation of a publicly owned electric utility. NCPA self-provided services under this agreement are limited to training, human resources assistance, assistance with NERC or other regulatory compliance and assistance in the form of student interns.

Items specifically excluded from the agreement are the procurement of either energy or the attributes of energy, procurement of natural gas, services provided by NCPA pursuant to the Third Phase Agreements, and any on-going services which are provided by NCPA to its members through program agreements.
Staff explained the process for using this agreement as well the costs and payments associated with use of this agreement.

This agreement would not have an expiration date. The Commission may cancel with six months written notice to the members. A member may withdraw with 2 years written notice.

If this agreement is approved, approximately 56 existing agreements will need to be amended to allow those agreements to be used by members.

Motion: a motion was made by Ron Stassi and seconded by Mike Brozo to recommend Commission approval of the Support Services Agreement and delegate the authority to the General Manager to amend 56 existing services agreement so those agreements may be used by member under the Support Services Program Agreement – subject to Legal Committee review and approval. A vote was taken by roll call: YES = Alameda, Biggs, Lodi, Lompoc, Palo Alto, Plumas-Sierra, Port of Oakland, Roseville, and Santa Clara. ABSTAIN = TID. The motion passed.

7. NCPA New Member Policy – Staff provided information regarding the recommendation for Commission approval of proposed New Member Policy. The New Member Committee has completed development of this policy. The policy has been reviewed by the Executive Committee and they are recommending approval. Staff reviewed the policy guidelines: identification of potential new members, requirements for application and screening process. The Executive Committee recommends no minimum buy-in be required. Potential new members require unanimous approval amongst existing members.

The Committee discussed the importance of proper screening of potential new members because once an entity is brought in as a new member, they cannot be forced to leave the agency.

Committee members’ questions and comments for staff to consider:
- In regards to Generation Services, why is this limited to only Renewable Project Development.
- Minimum Screening Criteria – is this actually a list of minimum requirements? All or nothing?
  May need to clarify this.
- Request to acquire potential members positions on certain key agency topics during the interview process.
- Need to make sure Jane Ratchye’s comments and suggestions are incorporated in to final draft (regarding program participation analysis and schedule).

Motion: a motion was made by Shannon McCann and seconded by Ron Stassi recommending they provide the Committee’s comments regarding “minimum” screening criteria, provision for Policy positions stated by potential members, incorporate Jane Ratchye’s comments and suggestions, and clarify Western language. The Committee supports the policy. A vote was taken by roll call: YES = Alameda, Biggs, Lodi, Lompoc, Palo Alto, Plumas-Sierra, Port of Oakland, Roseville, and Santa Clara. ABSTAIN = TID. The motion passed.

8. Natural Gas Pipeline Acquisition and Management Advisory Services Project – Consultant, Roth Energy, currently working on Task Order Number 1, to identify alternatives to the annual renewals of the NOVA and Foothills Pipelines. A draft of the final work product will be provided by Roth Energy for staff comment by March 16, 2016. The final work product will be provided by March 31st.
9. **Nexant Cost Allocation Model Billing Determinants** – The purpose of today’s presentation is to review current year Nexant Cost allocation model results with updated Calendar Year 2015 data, identify and review source and magnitude of changes to members’ costs that result from a change in the determinants. Today’s review does not include FY2017 budget amounts or anticipated changes to the Nexant Model allocators. Staff reviewed the Nexant Cost Allocation formula. The focus of this discussion is the resource determinant percentages. Staff provided a number of slides explaining the cost drivers for the changes in allocated amounts. The illustrations included: initial FY17 Nexant Cost Allocation model updated with CY2015 determinants, costs by member showing the magnitude of changes due to updated determinants, operating entity cost drivers, power pool cost drivers.

Issues that staff observed following the data input included high schedule counts identified with variable energy resources associated with PIRP.

Staff presented a preliminary FY2017 Nexant Cost Allocation. Following group questions and discussion, staff will review the data inputs further and bring their findings back for Committee review. Due to time constraints, a Special Facilities Committee meeting will be scheduled to discuss and review this matter further.

10. **Marin Clean Energy Request for Offer** – Staff updated the Committee on the status of the Marin Clean Energy (MCE) Service Proposal. The Agency will be submitting their Statement of Qualifications by the end of today. By February 10th, MCE will identify qualified respondents. Staff plans to present the Agency’s preliminary offer and terms at the February 11th Utility Director meeting. Staff will seek Commission approval of the Agency’s offer if ready by the February 25th meeting. A Special Commission meeting may be necessary as the final offer is due to MCE by March 9th.

11. **Power Management and Administrative Services Cost Allocation Study** – due to a time constraint, this topic was not discussed. A Special Facilities Committee meeting will be scheduled within the week.

12. **Schedule next meeting date** – the next regular Facilities Committee meeting is scheduled for March 2nd.

**ADJOURNMENT**
The meeting was adjourned at 11:55am.

PUBLIC FORUM

Mr. Plass asked if anyone wished to address the Committee on matters within the jurisdiction of the Committee. No one from the public was present at the site or at any of the teleconference locations.

REPORTS AND COMMITTEE ACTION ITEMS

Ms. Stevener reviewed the Debt & Interest Rate Management Report for December 31, 2015. Key highlights included:

- No new debt was issued and the mark to market value of the swaps remains negative.
- The IRS continues to sequester Build America Bond (BABs) subsidies, although the reduction went from 7.2% to only 6.8% for the December 1, 2015 debt payment. Impact to the LEC participants was $227,000 higher interest during the last six months. Mr. Berwanger discussed what some other clients are doing regarding refinancing the BAB’s, although due to a really high “make whole” call cost, the economics don’t work for NCPA.
- Only one counterparty remains since most of the interest rate swaps were refinanced, and Citi’s credit rating was upgraded from A to A+ by Fitch.
- The interest rate swaps continue to perform well, with savings much higher than projected. Estimated savings through December 31, 2015 was $4.2 million with actual savings $3.1 million higher at $7.4 million.
- Variable rates continue to be at near all-time lows. The tax exempt rates remain at only 1 basis point. The taxable rates saw an increase in December due to the rate hike by the Feds. The taxable rates went from 15 to 16 basis points to 40 basis points.

Motion: Recommend that the NCPA Commission approve the December 31, 2015 Debt and Interest Rate Management Report as presented.

5. Review and Discussion of June 30, 2015 Post Employment Benefits Other than Pensions Long-term Funding Plan

Mr. Howard explained the need to consider a long-term funding plan for the OPEB (Retiree Medical Plan) obligation. As discussed at the last meeting, we need to get our financial house in order, especially with the possibility of new members and end of life decisions upcoming for certain power plants. Ms. Stevener reviewed a PowerPoint presentation showing the increase in Unfunded Actuarial Liability from $5.0 million to $14.4 million, a decrease of funding level of 78% to 60.7%. PFM did a review for NCPA and found specific guidance from Standard & Poor’s saying less than an 80% funding level is a concern that could negatively affect a credit rating. Ms. Stevener laid out a proposed strategy which included negotiation of a cap on health care premiums which the unions agreed to consider and to look at a shorter amortization period for the unfunded liability; similar to refinancing your mortgage from 30 years to 15 years. As requested by the Finance Committee last meeting, scenarios were expanded to look at the annual funding impact of 5, 8, 10, 15 and 20 year funding scenarios. Annual impact ranged from $173,000 (20 years) to $2.3 million (5 years) additional annual contributions. Ms. Stevener then presented the estimated impact for each member/participant for each of the scenarios.

The staff recommendation was to:
- Establish a formal plan for approval by the NCPA Commission to address the issue
- Negotiate health care premiums to cap the exposure
- Shorten the amortization period to 8 years beginning with FY 2017 budget
- Use new services revenues to offset a portion of the additional required funding to mitigate member cost impact
- Update actuarial calculations in 2017 and update the plan accordingly

Extensive discussion occurred regarding the recommended proposal. Highlights include:
- Mr. Hanks (Roseville) – expressed concerned about timing of the plan; their retail rate case is already in place for three years; also expressed concerned about what will happen if the updated 2017 report is worse.
- Mr. Orbeta (Alameda) – Alameda is in a unique situation with declining load forecast for retail customers; they are losing revenue; can NCPA cut internal costs to make up some of the extra funding?
- Ms. Pepper (Santa Clara) – the 8 year number is a lot of money for Santa Clara.
- Mr. Hanks (Roseville) – understands the need to have a plan; recommends that we negotiate with unions first.
- Mr. Hanks (Roseville) - has concerns with 3rd bullet (accelerated amortization), but okay with rest of the proposal. Roseville needs at least 2 years notice of a major change in funding requirements in order to put the additional money in their retail rate plan.
- Ms. Pepper (Santa Clara) - suggested NCPA matching additional funding via budget cuts.

Overall, the Committee supported the concept of a plan and supported all the components except for the accelerated amortization. Ms. Pepper didn’t receive the presentation prior to the meeting and requested a new copy be sent. The Committee agreed that they would like more time to review the scenarios and talk to the Utility Directors (UD’s) at their cities for guidance. Mr. Howard suggested that NCPA present the issue to the UD’s at their next meeting. Ms. Stevener suggested a special Finance Committee meeting be held in a few weeks to continue discussion on the issue and the Committee agreed to look at dates in 3 weeks’ time.
Mr. Berwanger reported that 2016 has been a wild ride in the markets so far. NASDAQ is down 12%; Standard & Poor’s 500 index is down 8%. Meanwhile, unemployment rates are down and interest rates are still very low. The Fed raised rates in December, with expectations to raise rates every quarter in 2016. Now, new expectations are maybe only 2 increases will happen in 2016, maybe none. Short-term rates are up and the longer-end of yield curve is down. This situation may open up refunding opportunities for NCPA. The AAA 30 year rate for municipals is only 2.7%. While the Treasury rate increased in the short-end of the curve, tax exempt rates didn’t follow and remain at almost the lowest levels ever in all portions of the yield curve.

Mr. Plass left the meeting at 10:58 a.m.

NCPA’s Variable Rate bonds have reset at 1 basis point (bp) for the last 3 months and remain at that level. As Ms. Stevener mentioned during her report, taxable variable rate debt popped up with the increase in the Fed rate to 40 bp.

Volume in the municipal market is down in 2016. There is a large demand for municipal bonds, but little offerings, driving the rates down. The NCPA Hydro Interest Rate Swap has performed very well in this market with gap between SIFMA & LIBOR indices. The structure is making money in this environment. PFM performed some refunding screens on NCPA debt and found a few possible opportunities for the Geothermal bonds and the Hydroelectric bonds. Dollar savings are very small and the Committee didn’t want to pursue the opportunities unless the savings were much larger.

7. Discuss Financial Advisory Services Contract
PFM staff left the call during the following discussion. In addition, Several members of the Committee had to leave the call and there was no longer a quorum to discuss this item.

8. Discussion and Possible Action Regarding Selection of Auditors to Perform FY 2016-17 Financial Audit
This item was not discussed due to lack of a quorum.

NEW BUSINESS

9. Other Items of Interest to the Finance Committee
No items were discussed.

10. Next Finance Committee Meeting
The next regularly scheduled meeting is May 11, 2016 at 10:00 a.m.

A special meeting will be scheduled in 3 weeks to continue discussion the items 5, 7 & 8. Those present suggested March 7th or 9th at 10:00 a.m. NCPA will contact the Committee to confirm the best date/time for the special meeting.

ADJOURNMENT
Meeting was adjourned at approximately 11:23 am.

*(a) Purchases made several months in advance. Costs are expected to level off throughout the year.

(b) Cost per MWh higher than budgeted.

(c) Variance due to unbudgeted CA ISO energy purchases.

(d) Variance due to greater than anticipated CA ISO Wheeling Charges (variable). The increase in CA ISO Wheeling Charges (variable) is due to a forced outage on 10/12/15 and other costs attributable to Uninstructed Imbalance Energy due to the unit not generating to its Dispatch Operating Target.

(e) Variance due to greater than anticipated ISO A/S Charges. See NCPA Annual budget, FY 2016, Section E for the underlying budget assumptions.*

Commission Staff Report

Date: February 25, 2016
To: NCPA Commission
Subject: Treasurer's Report for the Month Ended January 31, 2016

In compliance with Agency policy and State of California Government Code Sections 53601 and 53646(b), the following monthly report is submitted for your information and acceptance.

Cash - At month end cash totaled $32,315,942 of which approximately $165,558 was applicable to Special and Reserve Fund Deposits, $2,036,468 to Debt Service and $30,113,916 to Operations and other.

The cash balance held at U.S. Bank includes outstanding checks that have not yet cleared. This cash balance is invested nightly in a fully collateralized (U.S. Government Securities) repurchase agreement.

Investments - The carrying value of NCPA's investment portfolio totaled $241,171,137 at month end. The current market value of the portfolio totaled $241,809,863.

The overall portfolio had a combined weighted average interest rate of 0.897% with a bond equivalent yield (yield to maturity) of 0.910%. Investments with a maturity greater than one year totaled $146,313,000. January maturities totaled $12 million and monthly receipts totaled $30 million. During the month $23 million was invested.

Funds not required to meet annual cash flow are reinvested and separately reported as they occur.

Interest Rates - During the month, rates on 90 day T-Bills increased 11 basis points (from 0.21% to 0.32%) and rates on one year T-Bills decreased 19 basis points (from 0.66% to 0.47%).

To the best of my knowledge and belief, all securities held by NCPA as of January 31, 2016 are in compliance with the Agency's investment policy. There are adequate cash flow and investment maturities to meet next month's cash requirements.

Environmental Analysis

The Treasurer's report will not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a "project" for purposes of Section 21065 of the California Environmental Quality Act. No environmental review is necessary.

Respectfully submitted,

RANDY S. HOWARD
General Manager

Commission Staff Report

Date: February 25, 2016
To: NCPA Commission
Subject: December 31, 2015 Debt & Interest Rate Management Report

Background
In accordance with the “Debt and Interest Rate Management Policy” approved by the Commission in May 2015, the following semi-annual report is submitted for your information and acceptance.

Fixed Rate Debt - No new fixed rate debt was issued and no fixed rate refunding occurred during the last six months. Due to the sequestration of federal budget dollars, the Build America Bond (BAB) Subsidies related to the Lodi Energy Center (LEC) BAB issues were reduced by 6.8% or $227,505 for the December 1, 2015 debt service payments. This amount was billed to the LEC participants. Other highlights are included in the attached report, page i.

Interest Rate Swaps – As of December 31, 2015, NCPA had $86.7 million of outstanding interest rate swaps, all related to the Hydroelectric Project bonds. The fair value of these interest rate swaps on the same date was a negative $21.0 million. This amount has changed from the June 30, 2015 fair value, which was a negative $19.5 million. Details of the swap agreements are provided in the attached report. No new swaps or defaults have occurred in the last six months. Interest rate swaps now make up approximately 24% of the outstanding Hydroelectric Project debt portfolio.

Counterparties – Subsequent to the July 9, 2008 termination of most of the swaps in the portfolio, only two swaps and one counterparty remain. Citi’s (swap counterparty) credit ratings were upgraded by Fitch from A to A+. They remain highly rated with all other rating agencies and no collateral calls were required under the swap terms.

Fiscal Impact/Projected Savings – Total projected savings over the life of the related bonds (23 years) was $13.9 million at the inception of these agreements. Total savings projected to occur through December 31, 2015 was $4,277,007 with actual results at $7,398,206. The difference between expected savings and actual savings is due to “basis risk”, or the difference between what NCPA pays for underlying variable rate bonds and the index rate used in the swap transaction. Negative results in prior reports were directly attributable to the meltdown in the variable rate bond market in 2008. For a short period of time in December 2007 and January 2008, NCPA had “bank bonds”, which are variable rate bonds that are not able to be remarkeated. These bonds bore interest rates at 12% for the short time they were not
remarketed, diluting the actual savings expected from these swap transactions by almost $200,000. On a positive note, the market stabilized in early 2009 and the swaps accrued positive basis differential until approximately May 2011. A downgrade by the rating agencies of the liquidity provider for our variable rate program, Dexia, increased the weekly reset rates from approximately 30 basis points, to a high of 300 basis points. In September 2011, Citibank NA replaced Dexia as the liquidity provider. Prior to the replacement, from May to September, the Agency again experienced negative basis on these swap transactions. After replacement of Dexia, the rates again improved greatly and at the current time and on a cumulative basis, savings from the swap transactions have exceeded expected savings by over $3.1 million. Staff continues to monitor the potential for refinancing these bonds and terminating the swaps, however, with current low treasury rates causing a large mark to market payment due to Citigroup of over $21.0 million, refunding is not feasible at this time.

Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a "project" for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.

Committee Review

This report was reviewed by the Finance Committee on February 10, 2016 and with 4 members present it was their unanimous recommendation to accept this report as filed.

Recommendation

NCPA staff and the Finance Committee recommend that the Commission accept and file the December 31, 2015 Debt and Interest Rate Management Report.

Debt and Interest Rate Management Report

As of December 31, 2015
Highlights

- No new debt or or any new swap agreements were entered into during the last six months and no new issues are planned.
- No fixed or variable rate debt or interest rate swaps were refinanced or terminated in the last six months.
- No material changes to any fixed rate debt, variable rate debt or outstanding swap agreements occurred during the last six months.
- The last six months included a reduction in the amount of reimbursement received from the Federal government for Build America Bond (BAB) subsidies related to the Lodi Energy Center BAB issues. Total reduction for the December 1, 2015 debt service payment was 6.8% or $227,505 due to sequestration of federal budget dollars.
- Notices were filed with the bond reporting depository (EMMA) as required for annual filing of continuing disclosure documents by NCPA.
- No changes in bond ratings occurred during the last six months. Moody’s affirmed current ratings for all the projects.
- Fees paid to Citi for remarketing the Variable Rate bonds remained the same. Fees paid to the provider of the letter of credit support (Bank of Montreal) remained the same.
- Citigroup, our swap counterparty was granted an upgrade in credit rating to A+ by Fitch Ratings during the last six months; no collateral posting was required by any counterparty during the last six months.
- No defaults under any swap agreements have occurred during the last six months.
- Fair value on remaining outstanding swaps changed from a negative value of $19.5 million on June 30, 2015 to a negative $21.0 million on December 31, 2015.
- Interest rate swaps continue to perform better than expected and variable rates remain very low and in line with the market. As expected, in December the Fed ended the “zero” rate era and raised rates for the first time in almost a decade. The impact to date is a flattening of the yield curve as short term rates increased and long-term rates fell due to global economics. Short-term taxable rates increased to their highest level since 2009 due to the 25 basis point (bps) Fed rate hike. NCPA short-term tax-exempt debt stayed the same at 1 bp, while the variable taxable debt increased from around 20 bps to 42 bps. Further gradual increases are expected in 2016.

Commission Staff Report

Date: February 25, 2016
To: NCPA Commission
Subject: Adoption of Revised Money Purchase Plan and Trust Agreement for 401(a) Plan Document through ICMA

Background

In June 2014, NCPA established a Money Purchase Plan, also known as a 401(a) retirement plan for employees hired after January 1, 2013, who are also known as "new" members in regards to the CalPERS retirement system under the Public Employees’ Pension Reform Act of 2013 (PEPRA). The 401(a) plan is administered by the ICMA Retirement Corporation and the model plan documents are also maintained and updated by ICMA as required under Internal Revenue Service (IRS) regulations. In 2012, the plan document underwent a review by the IRS under a six year review schedule. The revised plan was approved by the IRS in late 2014 and provided to NCPA in late 2015. The approved plan document incorporates amendments for legislative and regulatory changes enacted since the prior restatement of the document in 2006 and includes changes through 2012. The IRS requires that the new plan document (attached) be approved by the NCPA Commission, executed and submitted to ICMA by April 15, 2016 to ensure the plan is updated in accordance with current IRS regulations and not at risk of losing its qualified status. The changes to the plan all relate to legislative and regulatory changes or minor administrative changes. No economic changes or other changes to benefits are included in the restated plan.

The revised version of the Money Purchase Plan Adoption Agreement and the ICMA-RC Governmental Money Purchase Plan and Trust Basic Document are attached for your consideration.

Fiscal Impact

There is no fiscal impact to this action. IRS Regulations require formal adoption of revised documents to keep up with legislative and regulatory changes and to maintain the qualified status of the 401(a) plan.

Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a "project" for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.

SR: 117:16
Recommendation

That the NCPA Commission approve Resolution 16-11 adopting the amended and restated 401(a) qualified money purchase retirement plan as attached and authorize execution by the Chief Financial Officer, the designated Plan Coordinator with ICMA.

Respectfully submitted,

RESOLUTION OF THE NORTHERN CALIFORNIA POWER AGENCY
ADOPTION OF AMENDED AND RESTATED MONEY PURCHASE PLAN AND TRUST
AGREEMENT FOR 401(A) RETIREMENT PLAN NO. 107909

(reference Staff Report #117:16)

WHEREAS, effective June 29, 2014, the Northern California Power Agency (NCPA) established a money purchase retirement plan, also known as the “401(a)” retirement plan, for employees who are “new” CalPERS members under the Public Employees’ Pension Reform Act of 2013 (PEPRA); and

WHEREAS, said 401(a) retirement plan is administered by the ICMA Retirement Corporation (ICMA-RC) who maintains the plan documents and updates the documents in accordance with Internal Revenue Service (IRS) Regulations; and

WHEREAS, a review of the documents by the IRS required certain amendments and restatements to the plan documents due to updates to legislation and regulations over the years, which require formal approval by the NCPA Commission; and

WHEREAS, this activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a “project” for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary; and

NOW, THEREFORE BE IT RESOLVED, that the Commission of the Northern California Power Agency hereby amends and restates the qualified retirement plan known as the NCPA 401(a) Plan in the form of the ICMA Retirement Corporation Governmental Money Purchase Plan & Trust; and

ICMA RETIREMENT CORPORATION GOVERNMENTAL MONEY PURCHASE PLAN & TRUST

I. PURPOSE

The Employer hereby adopts this Plan and Trust to provide funds for its Employees' retirement, and to provide funds for their Beneficiaries in the event of death. The benefits provided in this Plan shall be paid from the Trust. The Plan and the Trust forming a part hereof are adopted and shall be maintained for the exclusive benefit of eligible Employees and their Beneficiaries. Except as provided in Sections 4.13 and 14.03, no part of the corpus or income of the Trust shall revert to the Employer or be used for or diverted to purposes other than the exclusive benefit of Participants and their Beneficiaries.

II. DEFINITIONS

2.01 Account. A separate record which shall be established and maintained under the Trust for each Participant, and which shall include all Participant subaccounts created pursuant to Article IV, plus any Participant Loan Account created pursuant to Section 13.03. Each subaccount created pursuant to Article IV shall include any earnings of the Trust and adjustments for withdrawals, and realized and unrealized gains and losses allocable thereto. The term "Account" may also refer to any of such separate subaccounts.

2.02 Accounting Date. Each day that the New York Stock Exchange is open for trading, and such other dates as may be determined by the Plan Administrator, as provided in Section 6.06 for valuing the Trust's assets.

2.03 Adoption Agreement. The separate agreement executed by the Employer through which the Employer adopts the Plan and elects among the various alternatives provided thereunder, and which upon execution, becomes an integral part of the Plan.

2.04 Beneficiary. The person or persons (including a trust) designated by the Participant who shall receive any benefits payable hereunder in the event of the Participant's death. The designator of such Beneficiary shall be in writing to the Plan Administrator. A Participant may designate primary and contingent Beneficiaries. Where no designated Beneficiary survives the Participant or no Beneficiary is otherwise designated by the Participant, the Participant's Beneficiary shall be his/her surviving spouse or, if none, his/her estate.

Notwithstanding the foregoing, the Beneficiary designation is subject to the requirements of Article XII unless the Employer elects otherwise in the Adoption Agreement. Notwithstanding the foregoing, where elected by the Employer in the Adoption Agreement (the "QJSA Election"), the Beneficiary designation is subject to the requirements of Article XVII. Notwithstanding the foregoing, to the extent permitted by the Employer, a Beneficiary receiving required minimum distributions in accordance with Article X and not in a benefit form elected under Article XI or XII, may designate a Beneficiary to receive the required minimum distributions that would have otherwise been payable to the initial Beneficiary but for his or her death.

2.05 Break in Service. A Period of Severance of at least twelve (12) consecutive months. In the case of an individual who is absent from work for maternity or paternity reasons, the twelve (12) consecutive month period beginning on the first anniversary of the first date of such absence shall not constitute a Break in Service. For purposes of this paragraph, an absence from work for maternity or paternity reasons means an absence (1) by reason of the pregnancy of the individual, (2) by reason of the birth of a child of the individual, (3) by reason of the placement of a child with the individual in connection with the adoption of such child by such individual, or (4) for purposes of caring for such child for a period beginning immediately following such birth or placement.

2.06 Code. The Internal Revenue Code of 1986, as amended from time to time.

2.07 Covered Employment Classification. The group or groups of Employees eligible to make and/or have contributions to this Plan made on their behalf, as specified by the Employer in the Adoption Agreement.
2.08 Disability. A physical or mental impairment which is of such permanence and degree that, as determined by the Employer, a Participant is unable because of such impairment to perform any substantial gainful activity for which he/she is suited by virtue of his/her experience, training, or education and that has lasted, or can be expected to last, for a continuous period of not less than twelve (12) months, or can be expected to result in death. The permanence and degree of such impairment shall be supported by medical evidence. If the Employer maintains a long-term disability plan, the definition of Disability shall be the same as the definition of disability in the long-term disability plan.

2.09 Earnings.

(a) General Rule. Earnings, which form the basis for computing Employer Contributions, are all of each Participant’s W-2 earnings which are actually paid to the Participant during the Plan Year, plus any contributions made pursuant to a salary reduction agreement which are not includable in the gross income of the Employee under section 125, 402(e)(3), 402(h)(1)(B), 403(b), 414(h)(2), 457(b), or, effective January 1, 2001, 132(f)(4) of the Code. Earnings shall include any pre-tax contributions (excluding direct employer contributions) to an integral part trust of the Employer providing retiree health care benefits. Earnings shall also include any other earnings as defined and elected by the Employer in the Adoption Agreement. Unless the Employer elects otherwise in the Adoption Agreement, Earnings shall exclude overtime compensation and bonuses.

(b) Limitation on Earnings. For any Plan Year beginning after December 31, 2001, the annual Earnings of each Participant taken into account in determining allocations shall not exceed $200,000, as adjusted for cost-of-living increases in accordance with section 401(a)(17)(B) of the Code. Annual Earnings means Earnings during the Plan Year or such other consecutive 12-month period over which Earnings is otherwise determined under the Plan (the determination period). The cost-of-living adjustment in effect for a calendar year applies to annual Earnings for the determination period that begins with or within such calendar year.

If a determination period consists of fewer than twelve (12) months, the annual Earnings limit is an amount equal to the otherwise applicable annual Earnings limit multiplied by the fraction, the numerator of which is the number of months in the short Plan Year and the denominator of which is twelve (12).

If Earnings for any prior determination period are taken into account in determining a Participant’s allocations for the current Plan Year, the Earnings for such prior year are subject to the applicable annual Earnings limit in effect for that prior year.

(c) Limitations for Governmental Plans. In the case of an eligible participant in a governmental plan (within the meaning of section 414(d) of the Code), the dollar limitation shall not apply to the extent the Earnings which are allowed to be taken into account under the Plan would be reduced below the amount which was allowed to be taken into account under the Plan as in effect on July 1, 1993, as adjusted for increases in the cost-of-living in accordance with section 401(a)(17)(B) of the Code. For purposes of this Section, an eligible participant is an individual who first became a Participant in the Plan during a Plan Year beginning before the first Plan Year beginning after December 31, 1993.

(d) Earnings Paid After Severance from Employment. Earnings for purposes of allocations under the Plan shall not include amounts paid after a Participant’s severance from Employment with the Employer except as provided in this Section 2.09(d).

(1) Leave Cashouts. Earnings shall include payment for unused accrued bona fide sick, vacation, or other leave, but only if (i) the Participant would have been able to use the leave if employment had continued, and (ii) such amounts are paid by the later of 2½ months after severance from employment with the Employer maintaining the Plan or by the end of the calendar year that includes the date of such severance from employment.
(2) **Regular Pay.** Earnings shall include regular pay after severance from employment if:

(a) The payment is included in the Participant’s W-2 earnings;

(b) The payment would have been paid to the Participant prior to a severance from employment if the Participant had continued in employment with the Employer; and

(c) Such amounts are paid by the later of 2½ months after severance from employment with the Employer maintaining the Plan or by the end of the calendar year that includes the date of such severance from employment.

Notwithstanding anything to the contrary in this subsection (b), unless the Employer has specifically elected to include overtime compensation and bonuses in Earnings, Earnings shall exclude overtime compensation and bonuses paid after severance from employment.

(3) **Effective Date.** This Section 2.09(d) is effective for Plan Years beginning on or after January 1, 2009. For Plan Years beginning before January 1, 2009, the amounts specified in subsections (a) and (b) must be paid within 2½ months after severance from employment with the Employer maintaining the Plan.

2.10 Effective Date. The first day of the Plan Year during which the Employer adopts the Plan, unless the Employer elects in the Adoption Agreement an alternate date as the Effective Date of the Plan.

2.11 Employee. Any individual who has applied for and been hired in an employment position and who is employed by the Employer as a common law employee; provided, however, that Employee shall not include any individual who is not so recorded on the payroll records of the Employer, including any such person who is subsequently reclassified by a court of law or regulatory body as a common law employee of the Employer. For purposes of clarification only and not to imply that the preceding sentence would otherwise cover such person, the term Employee does not include any individual who performs services for the Employer as an independent contractor, or under any other non-employee classification.

2.12 Employer. The unit of state or local government or an agency or instrumentality of one (1) or more states or local governments that executes the Adoption Agreement.

2.13 Hour of Service. Each hour for which an Employee is paid or entitled to payment for the performance of duties for the Employer.

2.14 Nonforfeitable Interest. The nonforfeitable interest of the Participant or his/her Beneficiary (whichever is applicable) is that percentage of his/her Employer Contribution Account balance, which has vested pursuant to Article VII. A Participant shall, at all times, have a one hundred percent (100%) Nonforfeitable Interest in his/her Participant Contribution, Rollover, and Voluntary Contribution Accounts.

2.15 Normal Retirement Age. The age which the Employer specifies in the Adoption Agreement. If the Employer enforces a mandatory retirement age, the Normal Retirement Age is the lesser of that mandatory age or the age specified in the Adoption Agreement.

2.16 Participant. An Employee or former Employee for whom contributions have been made under the Plan and who has not yet received all of the payments of benefits to which he/she is entitled under the Plan. A Participant is treated as benefiting under the Plan for any Plan Year during which the participant received or is deemed to receive an allocation in accordance with Treas. Reg. section 1.410(b)-3(a).
2.17 **Period of Service.** For purposes of determining an Employee's initial or continued eligibility to participate in the Plan or the Nonforfeitable Interest in the Participant's Account balance derived from Employer Contributions, an Employee will receive credit for the aggregate of all time period(s) commencing with the Employee's first day of employment or reemployment and ending on the date a Break in Service begins. The first day of employment or reemployment is the first day the Employee performs an Hour of Service. An Employee will also receive credit for any Period of Severance of less than twelve (12) consecutive months. Fractional periods of a year will be expressed in terms of days.

Notwithstanding anything to the contrary herein, if the Plan is an amendment and restatement of a plan that previously calculated service under the hours of service method, service shall be credited in a manner that is at least as generous as that provided under Treas. Regs. section 1.410(a)-7(g).

2.18 **Period of Severance.** A continuous period of time during which the Employee is not employed by the Employer. Such period begins on the date the Employee retires, quits or is discharged, or if earlier, the twelve (12) month anniversary of the date on which the Employee was otherwise first absent from service.

2.19 **Plan.** This Plan, as established by the Employer, including any elected provisions pursuant to the Adoption Agreement.

2.20 **Plan Administrator.** The person(s) or entity named to carry out certain nondiscretionary administrative functions under the Plan, as hereinafter described, which is the ICMA Retirement Corporation or any successor Plan Administrator. Unless otherwise provided in the Plan, the Plan Administrator shall act at the direction of the Employer and shall be fully protected in acting on such direction.

2.21 **Plan Year.** The twelve (12) consecutive month period designated by the Employer in the Adoption Agreement.

2.22 **Trust.** The Trust created under Article VI of the Plan which shall consist of all of the assets of the Plan derived from Employer and Participant contributions under the Plan, plus any income and gains thereon, less any losses, expenses and distributions to Participants and Beneficiaries.

### III. ELIGIBILITY

3.01 **Service.** Except as provided in Sections 3.02 and 3.03 of the Plan, an Employee within the Covered Employment Classification who has completed a twelve (12) month Period of Service shall be eligible to participate in the Plan at the beginning of the payroll period next commencing thereafter. The Employer may elect in the Adoption Agreement to waive or reduce the twelve (12) month Period of Service.

If the Employer maintains the plan of a predecessor employer, service with such employer shall be treated as Service for the Employer.

3.02 **Age.** The Employer may designate a minimum age requirement, not to exceed age twenty-one (21), for participation. Such age, if any, shall be declared in the Adoption Agreement.

3.03 **Return to Covered Employment Classification.** In the event a Participant is no longer a member of Covered Employment Classification and becomes ineligible to make contributions and/or have contributions made on his/her behalf, such Employee will become eligible for contributions immediately upon returning to a Covered Employment Classification. If such Participant incurs a Break in Service, eligibility will be determined under the Break in Service rules of the Plan.

In the event an Employee who is not a member of a Covered Employment Classification becomes a member, such Employee will be eligible to participate immediately if such Employee has satisfied the minimum age and service requirements and would have otherwise previously become a Participant.

Money Purchase Plan & Trust
3.04 **Service Before a Break in Service.** All Periods of Service with the Employer are counted toward eligibility, including Periods of Service before a Break in Service.

**IV. CONTRIBUTIONS**

4.01 **Employer Contributions.** For each Plan Year, the Employer will contribute to the Trust an amount as specified in the Adoption Agreement. The Employer's full contribution for any Plan Year shall be due and paid not later than thirty (30) working days after the close of the Plan Year. Each Participant will share in Employer Contributions for the period beginning on the date the Participant commences participation under the Plan and ending on the date on which such Employee sever employment with the Employer or is no longer a member of a Covered Employment Classification, and such contributions shall be accounted for separately in his Employer Contribution Account. Notwithstanding anything to the contrary herein, if so elected by the Employer in the Adoption Agreement, an Employee shall be required to make contributions as provided pursuant to Section 4.03 or 4.04 in order to be eligible for Employer Contributions to be made on his/her behalf to the Plan.

4.02 **Forfeitures.** All amounts forfeited by terminated Participants, pursuant to Section 7.06, shall be used no later than the end of the next Plan Year. Forfeitures will be used to reduce dollar for dollar Employer Contributions otherwise required under the Plan. Forfeitures may first be used to pay the reasonable administrative expenses of the Plan, with any remainder being applied to reduce Employer Contributions.

4.03 **Mandatory Participant Contributions.** If the Employer so elects in the Adoption Agreement, each eligible Employee shall make contributions at a rate prescribed by the Employer or at any of a range of specified rates, as set forth by the Employer in the Adoption Agreement, as a requirement for his/her participation (1) in the Plan or (2) in this portion of the Plan. Once an eligible Employee becomes a Participant and makes an election hereunder, he/she shall not thereafter have the right to discontinue or vary the rate of such Mandatory Participant Contributions. Such contributions shall be accounted for separately in the Participant Contribution Account. Such Account shall be at all times nonforfeitable by the Participant.

If the Employer so elects in the Adoption Agreement, the Mandatory Participant Contributions shall be “picked up” by the Employer in accordance with Code section 414(h)(2). Any contribution picked-up under this Section shall be treated as an employer contribution in determining the tax treatment under the Code, and shall not be included as gross income of the Participant until it is distributed.

To constitute a Pick-Up Contribution, (1) the Employer must specify in a contemporaneous written document by a person duly authorized by the Employer that the contributions are being paid by the Employer in lieu of contributions by the Employee, and (2) the Employee must not be given the option of choosing to receive the contributed amounts directly instead of having them paid by the Employer to the Plan.

4.04 **Employer Matching Contributions of Voluntary Participant Contributions.** If the Employer so elects in the Adoption Agreement, Employer Matching Contributions shall be made on behalf of an eligible Employee for a Plan Year only if the Employee agrees to make Voluntary Participant Contributions for that Plan Year. The rate of Employer Contributions shall, to the extent specified in the Adoption Agreement, be based upon the rate at which Voluntary Participant Contributions are made for that Plan Year. Employer Matching Contributions shall be accounted for separately in the Employer Contribution Account.

4.05 **Voluntary Participant Contributions.** If the Employer so elects in the Adoption Agreement, an eligible Employee may make after-tax voluntary (unmatched) contributions under the Plan for any Plan Year in any amount up to twenty-five percent (25%) of his/her Earnings for such Plan Year. Matched and unmatched contributions shall be accounted for separately in the Participant's Voluntary Contribution Account. Such Account shall be at all times nonforfeitable by the Participant.
4.06 **Deductible Employee Contributions.** The Plan will not accept deductible employee contributions which are made for a taxable year beginning after December 31, 1986. Contributions made prior to that date will be maintained in a Deductible Employee Contribution Account. The Account will share in the gains and losses under the Plan in the same manner as described in Section 6.06 of the Plan. Such Account shall be at all times nonforfeitable by the Participant. No part of the deductible voluntary contribution account will be used to purchase life insurance.

4.07 **Final Pay Contributions.** If the Employer so elects in the Adoption Agreement, eligible Participants shall be eligible to make or receive Final Pay Contributions under this Plan in accordance with Article XVIII. This election may be made even if the Employer does not elect to make contributions under Section 4.01.

4.08 **Accrued Leave Contributions.** If the Employer so elects in the Adoption Agreement, eligible Participants shall be eligible to make or receive Accrued Leave Contributions under this Plan in accordance with Article XIX. This election may be made even if the Employer does not elect to make contributions under Section 4.01.

4.09 **Military Service Contributions.** Notwithstanding any provision of the Plan to the contrary, effective December 12, 1994, contributions, benefits and service credit with respect to qualified military service will be provided in accordance with section 414(u) of the Code.

Effective December 12, 1994, if the Employer has elected in the Adoption Agreement to make loans available to Participants, loan repayments shall be suspended under the Plan as permitted under section 414(u)(4) of the Code.

4.10 **Accrual of Additional Benefits for Qualified Military Service.**

(a) **Death Benefits with Respect to Qualified Military Service.** In the case of a Participant who dies on or after January 1, 2007, while performing qualified military service (as defined in Code section 414(u)) with respect to the Employer, his/her Beneficiary shall have a Nonforfeitable Interest in the Participant's entire Employer Contribution Account to the extent that he/she would have had had the Participant resumed and then terminated employment on account of death.

(b) **Benefit Accruals with Respect to Differential Wage Payments.** If the Employer so elects in the Adoption Agreement, effective as elected by the Employer but no earlier than January 1, 2009, Plan contributions shall be made based on differential wage payments (as such term is defined in Code section 3401(b)(2)). Solely for purposes of applying the limits of Code section 415, differential wage payments shall be treated as compensation.

(c) **Benefit Accruals with Respect to Qualified Military Service.** Notwithstanding any provision of the Plan to the contrary, effective as elected by the Employer but no earlier than January 1, 2007, if the Employer so elects in the Adoption Agreement, Participants who die or become Disabled while performing qualified military service (as defined in Code section 414(u)) with respect to the Employer shall receive Plan contributions as permitted under Code section 414(u)(9).

4.11 **Changes in Participant Election.** A Participant may elect to change his/her rate of Voluntary Participant Contributions at any time or during an election period as designated by the Employer. A Participant may discontinue such contributions at any time or during an election period as designated by the Employer.
4.12 Portability of Benefits.

(a) Unless otherwise elected by the Employer in the Adoption Agreement, the Plan will accept Participant (which shall include, for purposes of this subsection, an Employee within the Covered Employment Classification whether or not he/she has satisfied the minimum age and service requirements of Article III) rollover contributions and/or direct rollovers of distributions (including after-tax contributions) made after December 31, 2001 that are eligible for rollover in accordance with Section 402(c), 403(a)(4), 403(b)(8), 408(d)(3)(A)(ii), or 457(e)(16) of the Code, from all of the following types of plans:

(1) A qualified plan described in Section 401(a) or 403(a) of the Code;

(2) An annuity contract described in Section 403(b) of the Code;

(3) An eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state; and

(4) An individual retirement account or annuity described in Section 408(a) or 408(b) of the Code (including SEPs, and SIMPLE IRAs after two years of participating in the SIMPLE IRA).

(b) Notwithstanding the foregoing, the Employer may reject the rollover contribution if it determines, in its discretion, that the form and nature of the distribution from the other plan does not satisfy the applicable requirements under the Code to make the transfer or rollover a nontaxable transaction to the Participant;

(c) For indirect rollover contributions, the amount distributed from such plan must be rolled over to this Plan no later than the sixtieth (60th) day after the distribution was made from the plan, unless otherwise waived by the IRS pursuant to Section 402(c)(3) of the Code.

(d) The amount transferred shall be deposited in the Trust and shall be credited to a Rollover Account. Such Account shall be one hundred percent (100%) vested in the Participant.

(e) The Plan will accept accumulated deductible employee contributions as defined in section 72(o)(5) of the Code that were distributed from a qualified retirement plan and transferred (rolled over) pursuant to section 402(c), 403(a)(4), 403(b)(8), or 408(d)(3) of the Code. Notwithstanding the above, this transferred (rolled over) amount shall be deposited to the Trust and shall be credited to a Deductible Employee Contributions Account. Such Account shall be one-hundred percent (100%) vested in the Participant.

(f) A Participant may, upon approval by the Employer and the Plan Administrator, transfer his/her interest in another plan maintained by the Employer that is qualified under section 401(a) of the Code to this Plan, provided the transfer is effected through a one-time irrevocable written election made by the Participant. The amount transferred shall be deposited in the Trust and shall be credited to sources that maintain the same attributes as the plan from which they are transferred. Such transfer shall not reduce the accrued years or service credited to the Participant for purposes of vesting or eligibility for any Plan benefits or features.

4.13 Return of Employer Contributions. Any contribution made by the Employer because of a mistake of fact must be returned to the Employer within one year of the date of contribution.
V. LIMITATION ON ALLOCATIONS

5.01 Participants Only in This Plan.

(a) If the Participant does not participate in, and has never participated in another qualified plan or a welfare benefit fund, as defined in section 419(e) of the Code, maintained by the Employer, or an individual medical account, as defined by section 415(h)(2) of the Code, maintained by the Employer, which provides an Annual Addition, the amount of Annual Additions which may be credited to the Participant's Account for any Limitation Year will not exceed the lesser of the Maximum Permissible Amount or any other limitation contained in this Plan. If the Employer Contribution that would otherwise be contributed or allocated to the Participant's Account would cause the Annual Additions for the Limitation Year to exceed the Maximum Permissible Amount, the amount contributed or allocated will be reduced so that the Annual Additions for the Limitation Year will equal the Maximum Permissible Amount.

(b) Prior to determining the Participant's actual Compensation for the Limitation Year, the Employer may determine the Maximum Permissible Amount for a Participant on the basis of a reasonable estimation of the Participant's Compensation for the Limitation Year, uniformly determined for all Participants similarly situated.

(c) As soon as is administratively feasible after the end of the Limitation Year, the Maximum Permissible Amount for the Limitation Year will be determined on the basis of the Participant's actual Compensation for the Limitation Year.

5.02 Participants in Another Defined Contribution Plan.

(a) Unless the Employer provides other limitations in the Adoption Agreement, this Section applies if, in addition to this Plan, the Participant is covered under another qualified defined contribution plan maintained by the Employer, or a welfare benefit fund, as defined in section 419(e) of the Code, maintained by the Employer, or an individual medical account, as defined by section 415(h)(2) of the Code, maintained by the Employer, which provides an Annual Addition, during any Limitation Year. The Annual Additions which may be credited to a Participant's Account under this Plan for any such Limitation Year will not exceed the Maximum Permissible Amount reduced by the Annual Additions credited to a Participant's Account under the other plans and welfare benefit funds for the same Limitation Year. If the Annual Additions with respect to the Participant under other defined contribution plans and welfare benefit funds maintained by the Employer are less than the Maximum Permissible Amount and the Employer contribution that would otherwise be contributed or allocated to the Participant's Account under this Plan would cause the Annual Additions for the Limitation Year to exceed this limitation, the amount contributed or allocated will be reduced so that the Annual Additions under all such plans and funds for the Limitation Year will equal the Maximum Permissible Amount. If the Annual Additions with respect to the Participant under such other defined contribution plans and welfare benefit funds in the aggregate are equal to or greater than the Maximum Permissible Amount, no amount will be contributed or allocated to the Participant's Account under this Plan for the Limitation Year.

(b) Prior to determining the Participant's actual Compensation for the Limitation Year, the Employer may determine the Maximum Permissible Amount for a Participant in the manner described in Section 5.01(b).

(c) As soon as is administratively feasible after the end of the Limitation Year, the Maximum Permissible Amount for the Limitation Year will be determined on the basis of the Participant's actual Compensation for the Limitation Year.
(d) If, pursuant to Subsection (c) or as a result of the allocation of forfeitures, a Participant’s Annual Additions under this Plan and such other plans would result in an Excess Amount for a Limitation Year, the Excess Amount will be deemed to consist of the Annual Additions last allocated, except that Annual Additions attributable to a welfare benefit fund or individual medical account will be deemed to have been allocated first regardless of the actual allocation date.

(e) If an Excess Amount was allocated to a Participant on an allocation date of this Plan which coincides with an allocation date of another plan, the Excess Amount attributed to this Plan will be the product of,

1. The total Excess Amount allocated as of such date, multiplied by

2. The ratio of (i) the Annual Additions allocated to the Participant for the Limitation Year as of such date under this Plan to (ii) the total Annual Additions allocated to the Participant for the Limitation Year as of such date under this and all the other qualified prototype defined contribution plans.

5.03 Definitions. For the purposes of this Article, the following definitions shall apply:

(a) **Annual Additions.** The sum of the following amounts credited to a Participant’s account for the Limitation Year:

1. Employer Contributions (including contributions “picked up” by the Employer under Section 4.03);

2. Forfeitures;

3. Employee contributions (including after-tax Voluntary Contributions under Section 4.05 and Mandatory Participant Contributions under Section 4.03 not “picked up” by the Employer); and

4. Allocations under a simplified employee pension. Amounts allocated, after March 31, 1984, to an individual medical account, as defined in section 415(i)(2) of the Code, which is part of a pension or annuity plan maintained by the Employer, are treated as Annual Additions to a defined contribution plan.

5. Notwithstanding the above, the term Annual Additions does not include the following:

(a) **Restorative Payments.** Annual Additions for purposes of Code section 415 shall not include restorative payments. For this purpose, restorative payments are payments made to restore losses to a plan resulting from actions by a fiduciary for which there is reasonable risk of liability for breach of a fiduciary duty under applicable federal or state law, where Participants who are similarly situated are treated similarly with respect to the payments. Generally, payments to a defined contribution plan are restorative payments only if the payments are made in order to restore some or all of the plan’s losses due to an action (or a failure to act) that creates a reasonable risk of liability for such a breach of fiduciary duty (other than a breach of fiduciary duty arising from failure to remit contributions to the plan). This includes payments to a plan made pursuant to a court-approved settlement to restore losses to a qualified defined contribution plan on account of the breach of fiduciary duty (other than a breach of fiduciary duty arising from failure to remit contributions to the plan). Payments made to a plan to make up for losses due merely to market fluctuations and other payments that are not made on account of a reasonable risk of liability for breach of a fiduciary duty are not restorative payments and generally constitute contributions that give rise to Annual Additions.
(b) **Other Amounts.** Annual Additions for purposes of Code section 415 shall not include (i) the direct transfer of a benefit or employee contributions from a qualified plan to this Plan; (ii) rollover contributions (as described in Code sections 401(a)(31), 402(c)(1), 403(a)(4), 403(b)(8), 408(d)(3), and 457(e)(16)); (iii) repayments of loans made to a Participant from the Plan; (iv) repayments of amounts described in Code section 411(a)(7)(B) (in accordance with Code sections 411(a)(7)(C)) and 411(a)(3)(D) or repayment of contributions to a governmental plan (as defined in Code section 414(d)) as described in Code section 415(k)(3), as well as Employer restorations of benefits that are required pursuant to such repayments; (v) Employee Contributions to a qualified cost of living arrangement within the meaning of Code section 415(k)(2)(B); (vi) catch-up contributions made in accordance with section 414(v) and §1.414(v)-1 and (vii) excess deferrals that are distributed in accordance with §1.402(g)(1)(e)(2) or (3).

(c) **Date of Employer Contributions.** Notwithstanding anything in the Plan to the contrary, Employer Contributions are treated as credited to a Participant's account for a particular Limitation Year only if the contributions are actually made to the plan no later than the 15th day of the tenth calendar month following the end of the calendar year or fiscal year (as applicable, depending on the basis on which the Employer keeps its books) with or within which the particular Limitation Year ends.

(b) **Compensation.** Participant's wages, salaries, fees for professional services, and other amounts received (without regard to whether an amount is paid in cash) for personal services actually rendered in the course of employment with the Employer, to the extent that the amounts are includible in gross income (or to the extent amounts would have been received and includible in gross income but for an election under Code section 125(a), 132(f)(4), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b)). These amounts include, but are not limited to, bonuses, fringe benefits, and reimbursements or other expense allowances under a nonaccountable plan as described in Treas. Reg. section 1.62-2(c).

(1) Notwithstanding the foregoing, Compensation does not include:

(i) Contributions (other than elective contributions described in Code section 402(e)(3), 408(k)(6), 408(p)(2)(A)(i), or 457(b)) made by the Employer to a plan of deferred compensation (including a simplified employee pension described in Code section 408(k) or a simple retirement account described in Code section 408(p), and whether or not qualified) to the extent that the contributions are not includible in the gross income of the Participant for the taxable year in which contributed. In addition, any distributions from a plan of deferred compensation (whether or not qualified) are not considered as Compensation for Code section 415 purposes, regardless of whether such amounts are includible in the gross income of the Participant when distributed; and

(ii) Other amounts that receive special tax benefits, such as premiums for group-term life insurance (but only to the extent that the premiums are not includible in the gross income of the Participant and are not salary reduction amounts that are described in Code section 125).

(iii) Other items of remuneration that are similar to the items listed in subparagraph (i) or (ii) of this subsection (b).

(2) **Compensation Paid After Severance or Deemed Severance from Employment.** Compensation shall be adjusted as set forth herein for the following types of compensation paid after a Participant's severance from employment (as determined under section 415 of the Code and the regulations thereunder) with the Employer. Any payment that is not described in subsection (i), (ii), (iii), or (iv) of this Section is not considered Compensation within the meaning of section 415 of the Code if paid after severance from employment with the Employer.
(i) **Regular Pay.**

(A) Compensation shall include regular pay after severance of employment if the payment is regular compensation for services during the Participant's regular working hours, or compensation for services outside the Participant's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments;

(B) The payment would have been paid to the Participant prior to a severance from employment if the Participant had continued in employment with the Employer; and

(C) Such amounts are paid:

1. for Limitation Years beginning before January 1, 2009, within 2½ months after severance from employment with the Employer maintaining the Plan; and

2. for Limitation Years beginning on or after January 1, 2009, by the later of 2½ months after severance from employment with the Employer maintaining the Plan or by the end of the calendar year that includes the date of such severance from employment.

(D) The date January 1, 2009 in subsections (b)(2)(i)(C)(1) and (2) of this Section shall be substituted for an earlier effective date if provided in Article II of the Adoption Agreement but no earlier than July 1, 2007.

(ii) **Leave Cashouts.**

(A) For Limitation Years beginning before January 1, 2009, Compensation shall include payment for unused accrued bona fide sick, vacation, or other leave, but only if (I) the Participant would have been able to use the leave if employment had continued, (II) such amounts are paid within 2½ months after severance from employment with the Employer maintaining the Plan, and (III) such amounts would be included in Compensation if the individual had continued to perform services for the Employer.

(B) For Limitation Years beginning on or after January 1, 2009, Compensation shall include payment for unused accrued bona fide sick, vacation, or other leave, but only if (I) the Participant would have been able to use the leave if employment had continued, (II) such amounts are paid by the later of 2½ months after severance from employment with the Employer maintaining the Plan or by the end of the calendar year that includes the date of such severance from employment, and (III) such amounts would be included in Compensation if the individual had continued to perform services for the Employer.

(C) The date January 1, 2009 in subsections (b)(2)(ii)(A) and (B) of this Section shall be substituted for an earlier effective date if provided in Article II of the Adoption Agreement but no earlier than July 1, 2007.

(iii) **Salary Continuation Payments for Military Service Participants.**

(A) Compensation includes payments to an individual who does not currently perform services for the Employer by reason of qualified military service (as that term is used in Code section 414(u) (1)) to the extent:

1. Those payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the Employer rather than entering qualified military service; and
2. Those payments would be included in Compensation if the individual had continued to perform services for the Employer rather than entering qualified military service.

(B) Notwithstanding the foregoing, Compensation does not include distributions from this Plan to an individual who does not currently perform services for the Employer by reason of qualified military service (as that term is used in Code section 414(u)(1)).

(iv) Salary Continuation Payments for Disabled Participants.

(A) Compensation includes amounts paid to a Participant who is permanently and totally disabled (as defined in Code section 22(e)(3)) to the extent:

1. Salary continuation applies to all Participants who are permanently and totally disabled for a fixed or determinable period or the Participant was not a highly compensated employee (as defined in Code section 414(q)) immediately before becoming disabled.

2. Those amounts would be included in Compensation if the Participant had continued to perform services for the Employer.

(B) Notwithstanding the foregoing, Compensation does not include distributions from this Plan to a Participant who is permanently and totally disabled (as defined in Code section 22(e)(3)).

For purposes of applying the limitations of this Article, Compensation for a Limitation Year is the Compensation actually paid or made available during such year. Compensation for a Limitation Year shall not include amounts earned but not paid during the Limitation Year solely because of the timing of pay periods and pay dates.

(c) Defined Contribution Dollar Limitation: $40,000, as adjusted for increases in the cost of living in accordance with section 415(d) of the Code.

(d) Employer: The Employer that adopts this Plan.

(e) Excess Amount: The excess of the Participant's Annual Additions for the Limitation Year over the Maximum Permissible Amount. Any Excess Amount shall include allocable income. The income allocable to an Excess Amount is equal to the sum of allocable gain or loss for the Plan Year and the allocable gain or loss for the period between the end of the Plan Year and the date of distribution (the gap period). The Plan may use any reasonable method for computing the income allocable to an Excess Amount, provided that the method is used consistently for all Participants and for all corrective distributions under the Plan for the Plan Year, and is used by the Plan for allocating income to Participants' Accounts.

(f) Limitation Year: A calendar year, or the twelve (12) consecutive month period elected by the Employer in section IX. 2 of the Adoption Agreement. All qualified plans maintained by the Employer must use the same Limitation Year. If the Limitation Year is amended to a different twelve (12) consecutive month period, the new Limitation Year must begin on a date within the Limitation Year in which the amendment is made. The Limitation Year may only be changed by Plan amendment. Furthermore, if the Plan is terminated effective as of a date other than the last day of the Plan's Limitation Year, then the Plan is treated as if the Plan had been amended to change its Limitation Year and the maximum permissible amount shall be prorated for the resulting short Limitation Year.
(g) **Maximum Permissible Amount:** The maximum Annual Addition that may be contributed or allocated to a Participant's Account under the Plan for any Limitation Year shall not exceed the lesser of:

(1) The Defined Contribution Dollar Limitation, or

(2) One hundred percent (100%) of the Participant's Compensation for the Limitation Year.

The compensation limit referred to in (2) shall not apply to any contribution for medical benefits after separation from service (within the meaning of section 401(h) or section 419A(f)(2) of the Code) which is otherwise treated as an annual addition.

If a short Limitation Year is created because of an amendment changing the Limitation Year to a different twelve (12) consecutive month period, the Maximum Permissible Amount will not exceed the Defined Contribution Dollar Limitation multiplied by the following fraction:

**Number of months in the short Limitation Year**

\[ \frac{12}{\text{number of months}} \]

5.04 **Aggregation and Disaggregation of Plans.**

(a) Generally. For purposes of applying the limitations of Code section 415, all defined contribution plans (without regard to whether a plan has been terminated) ever maintained by the Employer (or a "predecessor employer") under which the Participant receives Annual Additions are treated as one defined contribution plan. The "Employer" means the Employer that adopts this Plan and any other entity which the Employer determines, based on a reasonable, good faith interpretation of existing law in accordance with Notice 89-23, 1989-1 C.B. 654, as modified by Notice 96-64, 1996-2 C.B. 229, should be aggregated for purposes of applying the limitations of Code section 415. For purposes of this Section:

(1) A former employer is a "predecessor employer" with respect to a Participant if the Employer maintains a plan under which the Participant had accrued a benefit while performing services for the former employer, but only if that benefit is provided under the plan maintained by the Employer. For this purpose, the formerly affiliated plan rules in Treas. Reg. section 1.415(f)-1(b)(2) apply as if the Employer and predecessor employer constituted a single employer under the rules described in Treas. Reg. section 1.415(a)-1(f)(1) and (2) immediately prior to the cessation of affiliation (and as if they constituted two, unrelated employers under the rules described in Treas. Reg. section 1.415(a)-1(f)(1) and (2) immediately after the cessation of affiliation) and cessation of affiliation was the event that gives rise to the predecessor employer relationship, such as a transfer of benefits or plan sponsorship.

(2) With respect to an Employer, a former entity that antedates the Employer is a "predecessor employer" with respect to a Participant if, under the facts and circumstances, the Employer constitutes a continuation of all or a portion of the trade or business of the former entity.

(b) Midyear Aggregation. Two or more defined contribution plans that are not required to be aggregated pursuant to Code section 415(f) and the Treasury Regulations thereunder as of the first day of a Limitation Year do not fail to satisfy the requirements of Code section 415 with respect to a Participant for the Limitation Year merely because they are aggregated later in that Limitation Year, provided that no Annual Additions are credited to the Participant's account after the date on which the plans are required to be aggregated.

5.05 **Effective Date.** Except as otherwise provided in Section 5.03(b)(2), this Article shall apply to limitation years beginning on or after July 1, 2007. The Employer may elect a delayed effective date for this Article in Section IX. 3 of the Adoption Agreement, however, such effective date must apply to limitation years that begin on or after the date that is 90 days after the close of the first legislative session of the legislative body with authority to amend the plan that begins on or after July 1, 2007.
VI. TRUST AND INVESTMENT OF ACCOUNTS

6.01 **Trust.** A Trust is hereby created to hold all of the assets of the Plan for the exclusive benefit of Participants and Beneficiaries, except that expenses and taxes may be paid from the Trust as provided in Section 6.03. The trustee shall be the Employer or such other person which agrees to act in that capacity hereunder.

6.02 **Investment Powers.** The trustee or the Plan Administrator, acting as agent for the trustee, shall have the powers listed in this Section with respect to investment of Trust assets, except to the extent that the investment of Trust assets is controlled by Participants, pursuant to Sections 6.05 and 13.03.

(a) To invest and reinvest the Trust without distinction between principal and income in common or preferred stocks, shares of regulated investment companies and other mutual funds, bonds, notes, debentures, mortgages, certificates of deposit, contracts with insurance companies including but not limited to insurance, individual or group annuity, deposit administration, guaranteed interest contracts, and deposits at reasonable rates of interest at banking institutions including but not limited to savings accounts and certificates of deposit. Assets of the Trust may be invested in securities that involve a higher degree of risk than investments that have demonstrated their investment performance over an extended period of time.

(b) To invest and reinvest all or any part of the assets of the Trust in any common, collective or commingled trust fund that is maintained by a bank or other institution and that is available to Employee plans qualified under section 401 of the Code, or any successor provisions thereto, and during the period of time that an investment through any such medium shall exist, to the extent of participation of the Plan, the declaration of trust of such common, collective, or commingled trust fund shall constitute a part of this Plan.

(c) To invest and reinvest all or any part of the assets of the Trust in any group annuity, deposit administration or guaranteed interest contract issued by an insurance company or other financial institution on a commingled or collective basis with the assets of any other plan or trust qualified under section 401(a) of the Code or any other plan described in section 401(a)(24) of the Code, and such contract may be held or issued in the name of the Plan Administrator, or such custodian as the Plan Administrator may appoint, as agent and nominee for the Employer. During the period that an investment through any such contract shall exist, to the extent of participation of the Plan, the terms and conditions of such contract shall constitute a part of the Plan.

(d) To hold cash awaiting investment and to keep such portion of the Trust in cash or cash balances, without liability for interest, in such amounts as may from time to time be deemed to be reasonable and necessary to meet obligations under the Plan or otherwise to be in the best interests of the Plan.

(e) To hold, to authorize the holding of, and to register any investment to the Trust in the name of the Plan, the Employer, or any nominee or agent of any of the foregoing, including the Plan Administrator, or in bearer form, to deposit or arrange for the deposit of securities in a qualified central depository even though, when so deposited, such securities may be merged and held in bulk in the name of the nominee of such depository with other securities deposited therein by any other person, and to organize corporations or trusts under the laws of any jurisdiction for the purpose of acquiring or holding title to any property for the Trust, all with or without the addition of words or other action to indicate that property is held in a fiduciary or representative capacity but the books and records of the Plan shall at all times show that all such investments are part of the Trust.

(f) Upon such terms as may be deemed advisable by the Employer or the Plan Administrator, as the case may be, for the protection of the interests of the Plan or for the preservation of the value of an investment, to exercise and enforce by suit for legal or equitable remedies or by other action, or to waive any right or claim on behalf of the Plan or any default in any obligation owing to the Plan, to renew, extend the time for payment of, agree to a reduction in the rate of interest on, or agree to any other modification or change in the terms of any obligation owing to the Plan, to settle, compromise, adjust, or submit to arbitration any...
claim or right in favor of or against the Plan, to exercise and enforce any and all rights of foreclosure, bid for property in foreclosure, and take a deed in lieu of foreclosure with or without paying consideration therefor, to commence or defend suits or other legal proceedings whenever any interest of the Plan requires it, and to represent the Plan in all suits or legal proceedings in any court of law or equity or before any body or tribunal.

(g) To employ suitable consultants, depositories, agents, and legal counsel on behalf of the Plan.

(h) To open and maintain any bank account or accounts in the name of the Plan, the Employer, or any nominee or agent of the foregoing, including the Plan Administrator, in any bank or banks.

(i) To do any and all other acts that may be deemed necessary to carry out any of the powers set forth herein.

6.03 **Taxes and Expenses.** All taxes of any and all kinds whatsoever that may be levied or assessed under existing or future laws upon, or in respect to the Trust, or the income thereof, and all commissions or acquisitions or dispositions of securities and similar expenses of investment and reinvestment of the Trust, shall be paid from the Trust. Such reasonable compensation of the Plan Administrator, as may be agreed upon from time to time by the Employer and the Plan Administrator, and reimbursement for reasonable expenses incurred by the Plan Administrator in performance of its duties hereunder (including but not limited to fees for legal, accounting, investment and custodial services) shall also be paid from the Trust. However, no person who is a fiduciary within the meaning of section 3(21)(A) of ERISA and regulations promulgated thereunder, and who receives full-time pay from the Employer may receive compensation from the Trust, except for expenses properly and actually incurred.

6.04 **Payment of Benefits.** The payment of benefits from the Trust in accordance with the terms of the Plan may be made by the Plan Administrator, or by any custodian or other person so authorized by the Employer to make such disbursement. Benefits under this Plan shall be paid only if the Plan Administrator, custodian or other person, or the Employer if directing such person, decides in his/her discretion that the applicant is entitled to them. The Plan Administrator, custodian or other person shall not be liable with respect to any distribution of Trust assets made at the direction of the Employer.

6.05 **Investment Funds.** In accordance with uniform and nondiscriminatory rules established by the Employer and the Plan Administrator, the Participant may direct his/her Accounts to be invested in one (1) or more investment funds available under the Plan; provided, however, that the Participant's investment directions shall not violate any investment restrictions established by the Employer and shall not include any investment in collectibles, as defined in section 408(m) of the Code.

6.06 **Valuation of Accounts.** As of each Accounting Date, the Plan assets held in each investment fund offered shall be valued at fair market value and the investment income and gains or losses for each fund shall be determined. Such investment income and gains or losses shall be allocated proportionately among all Account balances on a fund-by-fund basis. The allocation shall be in the proportion that each such Account balance as of the immediately preceding Accounting Date bears to the total of all such Account balances, as of that Accounting Date. For purposes of this Article, all Account balances include the Account balances of all Participants and Beneficiaries.

6.07 **Participant Loan Accounts.** Participant Loan Accounts shall be invested in accordance with Section 13.03 of the Plan. Such Accounts shall not share in any investment income and gains or losses of the investment funds described in Section 6.05.

6.08 **Deemed IRAs.** If deemed IRAs are available pursuant to section 408(q) of the Code, the assets of such deemed IRAs may be commingled with the Plan assets for investment purposes but, if held in the same trust, the trustee shall maintain a separate account for each deemed IRA.
VII. VESTING

7.01 **Vesting Schedule.** The portion of a Participant's Account attributable to Mandatory Participant Contributions and Voluntary Participant Contributions, and the earnings thereon, shall be at all times nonforfeitable by the Participant. A Participant shall have a Nonforfeitable Interest in the percentage of his/her Employer Contribution Account established under Section 4.01, 4.04, 18.02(a) and 19.02(a) determined pursuant to the schedule elected by the Employer in the Adoption Agreement.

7.02 **Crediting Periods of Service.** Except as provided in Section 7.03, all of an Employee's Periods of Service with the Employer are counted to determine the nonforfeitable percentage in the Employee's Account balance derived from Employer Contributions. If the Employer maintains the plan of a predecessor employer, service with such employer will be treated as service for the Employer.

For purposes of determining years of service and Breaks in Service for the purposes of computing a Participant's nonforfeitable right to the Account balance derived from Employer Contributions, the twelve (12) consecutive month period will commence on the date the Employee first performs an Hour of Service and each subsequent twelve (12) consecutive month period will commence on the anniversary of such date.

7.03 **Service After Break in Service.** In the case of a Participant who has a Break in Service of at least five (5) years, all Periods of Service after such Breaks in Service will be disregarded for the purpose of determining the nonforfeitable percentage of the Employer-derived Account balance that accrued before such Break, but both pre-Break and post-Break service will count for the purposes of vesting the Employer-derived Account balance that accrues after such Break. Both Accounts will share in the earnings and losses of the fund.

In the case of a Participant who does not have a Break in Service of at least five (5) years, both the pre-Break and post-Break service will count in vesting both the pre-Break and post-Break Employer-derived Account balance.

In the case of a Participant who does not have any nonforfeitable right to the Account balance derived from Employer Contributions, years of service before a period of consecutive one (1) year Breaks in Service will not be taken into account in computing eligibility service if the number of consecutive one (1) year Breaks in Service in such period equals or exceeds the greater of five (5) or the aggregate number of years of service. Such aggregate number of years of service will not include any years of service disregarded under the preceding sentence by reason of prior Breaks in Service.

If a Participant's years of service are disregarded pursuant to the preceding paragraph, such Participant will be treated as a new Employee for eligibility purposes. If a Participant's years of service may not be disregarded pursuant to the preceding paragraph, such Participant shall continue to participate in the Plan, or, if terminated, shall participate immediately upon reemployment.

7.04 **Vesting Upon Normal Retirement Age.** Notwithstanding Section 7.01 of the Plan, a Participant shall have a Nonforfeitable Interest in his/her entire Employer Contribution Account, to the extent that the balance of such Account has not previously been forfeited pursuant to Section 7.06 of the Plan, if he/she is employed on or after his/her Normal Retirement Age.

7.05 **Vesting Upon Death or Disability.** Notwithstanding Section 7.01 of the Plan, in the event of Disability or death, a Participant or his/her Beneficiary shall have a Nonforfeitable Interest in his/her entire Employer Contribution Account, to the extent that the balance of such Account has not previously been forfeited pursuant to Section 7.06 of the Plan.
7.06 **Forfeitures.** Except as provided in Sections 7.04 and 7.05 of the Plan or as otherwise provided in this Section 7.06, a Participant who separates from service prior to obtaining full vesting shall forfeit that percentage of his/her Employer Contribution Account balance which has not vested as of the date such Participant incurs a Break in Service of five (5) consecutive years or, if earlier, the date such Participant receives, or is deemed under the provisions of Section 9.04 to have received, distribution of the entire Nonforfeitable Interest in his/her Employer Contribution Account. No forfeiture will occur solely as a result of a Participant’s withdrawal of Employee Contributions. Forfeitures shall be allocated in the manner described in Section 4.02.

7.07 **Reinstatement of Forfeitures.** If the Participant returns to the employment of the Employer before incurring a Break in Service of five (5) consecutive years, any amounts forfeited pursuant to Section 7.06 shall be reinstated to the Participant’s Employer Contribution Account on the date of repayment by the Participant of the amount distributed to such Participant from his/her Employer Contribution Account; provided, however, that if such Participant forfeited his/her Account balance by reason of a deemed distribution, pursuant to Section 9.04, such amounts shall be automatically restored upon the reemployment of such Participant. Such repayment must be made before the earlier of five (5) years after the first date on which the Participant is subsequently reemployed by the Employer, or the date the Participant incurs a Break in Service of five (5) consecutive years.

**VIII. BENEFITS CLAIM**

8.01 **Claim of Benefits.** A Participant or Beneficiary shall notify the Plan Administrator in writing of a claim of benefits under the Plan. The Plan Administrator shall take such steps as may be necessary to facilitate the payment of such benefits to the Participant or Beneficiary.

8.02 **Appeal Procedure.** If any claim for benefits is initially denied by the Plan Administrator, the claimant shall file the appeal with the Employer, whose decision shall be final, to the extent provided by Section 15.07.

**IX. COMMENCEMENT OF BENEFITS**

9.01 **Normal and Elective Commencement of Benefits.** A Participant who retires, becomes Disabled or incurs a severance from employment for any other reason may elect by written notice to the Plan Administrator to have his or her vested Account balance benefits commence on any date, provided that such distribution complies with Section 9.02. Such election must be made in writing during the one-hundred eighty (180) day period ending on the date as of which benefit payments are to commence. A Participant’s election shall be revocable and may be amended by the Participant.

The failure of a Participant to consent to a distribution while a benefit is immediately distributable, within the meaning of section 9.02 of the Plan, shall be deemed to be an election to defer commencement of payment of any benefit sufficient to satisfy this section.

9.02 **Restrictions on Immediate Distributions.** Notwithstanding anything to the contrary contained in Section 9.01 of the Plan, if the value of a Participant’s vested Account balance is at least $1,000, and the Account balance is immediately distributable, the Participant must consent to any distribution of such Account balance. The Participant’s consent shall be obtained in writing during the one-hundred eighty (180) day period (ninety (90) day period for Plan Years beginning before January 1, 2007) ending on the date as of which benefit payments are to commence. No consent shall be required, however, to the extent that a distribution is required to satisfy section 401(a)(9) or 415 of the Code.

The Plan Administrator shall notify the Participant of the right to defer any distribution until the Participant’s Account balance is no longer immediately distributable. Such notification shall include a general description of the material features, and an explanation of the relative values of, the optional forms of benefit available
under the Plan in a manner that would satisfy section 417(a)(3) of the Code, and shall be provided no less than thirty (30) and no more than one-hundred eighty (180) days (ninety (90) days for Plan Years beginning before January 1, 2007) before the date as of which benefit payments are to commence. However, distribution may commence less than thirty (30) days after the notice described in the preceding sentence is given, provided (i) the distribution is one to which sections 401(a)(11) and 417 of the Code do not apply or, if the QJSA Election is made by the Employer in the Adoption Agreement, the waiver requirements of Section 17.05(a) are met; (ii) the Plan Administrator clearly informs the Participant that the Participant has a right to a period of at least thirty (30) days after receiving the notice to consider the decision of whether or not to elect a distribution (and, if applicable, a particular distribution option); and (iii) the Participant, after receiving the notice, affirmatively elects a distribution.

In addition, upon termination of this Plan, if the Plan does not offer an annuity option (purchased from a commercial provider) and if the Employer does not maintain another 401(a) defined contribution plan, the Participant's Account balance will, without the Participant's consent, be distributed to the Participant in a lump sum. However, if the Employer maintains another 401(a) defined contribution plan, the Participant's Account will be transferred, without the Participant's consent, to the other plan if the Participant does not consent to an immediate distribution.

An Account balance is immediately distributable if any part of the Account balance could be distributed to the Participant (or surviving spouse) before the Participant attains or would have attained (if not deceased) the later of Normal Retirement Age or age sixty-two (62).

For purposes of determining the applicability of the foregoing consent requirements to distributions made before the first day of the first plan year beginning after December 31, 1988, the Participant's vested Account balance shall not include amounts attributable to accumulated deductible employee contributions within the meaning of section 72(o)(5)(B) of the Code.

9.03 Transfer to Another Plan.

(a) If a Participant becomes eligible to participate in another plan maintained by the Employer that is qualified under section 401(a) of the Code, the Plan Administrator shall, at the written election of such Participant, transfer all or part of such Participant's Account to such plan, provided the Plan Administrator for such plan certifies to the Plan Administrator that its plan provides for the acceptance of such a transfer. Such transfers shall include those transfers of the nonforfeitable interest of a Participant's Account made for the purchase of service credit in defined benefit plans maintained by the Employer. For purposes of this Plan, any such transfer shall not be considered a distribution to the Participant subject to spousal consent as described in Section 9.10.

(b) Notwithstanding any provision of the Plan to the contrary that would otherwise limit a Distributee's election under this Section, a Distributee may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan specified by the Distributee in a Direct Rollover.

(c) Definitions. For the purposes of Subsection (b), the following definitions shall apply:

(1) Eligible Rollover Distribution. Any distribution of all or any portion of the balance to the credit of the Distributee, except that an Eligible Rollover Distribution does not include:

   (i) any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the Distributee or the joint lives (or joint life expectancies) of the Distributee and the Distributee's designated beneficiary, or for a specified period of ten years or more;
(ii) any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and

(iii) the portion of any other distribution(s) that is not includable in gross income.

A portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in section 408(a) or (b) of the Code, or, for distributions occurring after December 31, 2007, to a Roth IRA described in § 408A of the Code, or to a qualified defined contribution plan described in section 401(a) or a qualified annuity contract described in section 403(b) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includable in gross income and the portion of such distribution which is not so includable.

(2) Eligible Retirement Plan.

(i) an individual retirement account described in section 408(a) of the Code or an individual retirement annuity described in section 408(b) of the Code (collectively, an “IRA”);

(ii) an annuity plan described in section 403(a) of the Code;

(iii) an annuity contract described in section 403(b) of the Code;

(iv) an eligible plan under section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan;

(v) a qualified plan described in section 401(a) of the Code, that accepts the Distributee’s Eligible Rollover Distribution; or

(vi) for distributions occurring after December 31, 2007, a Roth IRA described in Code section 408A.

The definition of Eligible Retirement Plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code.

(3) Distributee. Participant; in addition, the Participant’s surviving spouse and the spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, are Distributes with regard to the interest of the spouse or former spouse. For distributions after December 31, 2006 (unless a later date is elected by the Employer pursuant to subsection (d)(1) below, but no later than Plan Years beginning after December 31, 2009), a distributee includes the Employee’s or former Employee’s nonspouse designated Beneficiary, in which case, the distribution can only be transferred to a traditional or Roth IRA established on behalf of the nonspouse designated Beneficiary for the purpose of receiving the distribution.

(4) Direct Rollover. A payment by the Plan to the Eligible Retirement Plan specified by the Distributee.

(d) Rollover by a Non-Spouse Designated Beneficiary.

(1) Unless otherwise elected by the Employer in the Adoption Agreement, for distributions beginning after December 31, 2006 but on or before December 31, 2009, a non-spouse Beneficiary who qualifies as a “designated beneficiary” under Code section 401(a)(9)(E) may establish an individual retirement plan.
that will be treated as an inherited IRA pursuant to the provisions of Code section 402(c)(11) into which all or a portion of a death benefit distribution from this Plan can be transferred directly. A trust maintained for the benefit of one or more designated beneficiaries shall be treated in the same manner as a designated beneficiary.

(2) Notwithstanding paragraph (1), for Plan Years beginning after December 31, 2009, a non-spouse Beneficiary who qualifies as a "designated beneficiary" under Code section 401(a)(9)(E) may establish an individual retirement plan that will be treated as an inherited IRA pursuant to the provisions of Code section 402(c)(11) into which all or a portion of a death benefit distribution from this Plan can be transferred directly. A trust maintained for the benefit of one or more designated beneficiaries shall be treated in the same manner as a designated beneficiary.

(3) Notwithstanding anything herein to the contrary, a death benefit distribution shall not be eligible for transfer to an inherited IRA to the extent such distribution is a required minimum distribution under Code section 401(a)(9).

(e) Rollover by a Surviving Spouse Distributee. If any distribution attributable to a Participant is paid to the Participant's surviving spouse, section 402(c) applies to the distribution in the same manner as if the spouse were the Participant. However, a qualified plan (as defined in Treasury Regulation section 1.402(c)-2 Q&A-2) is not treated as an eligible retirement plan with respect to a surviving spouse. Only an individual retirement plan is treated as an eligible retirement plan with respect to an eligible rollover distribution to a surviving spouse.

9.04 De Minimis Accounts. Notwithstanding the foregoing provisions of this Article, if a Participant terminates service, and the value of his/her Nonforfeitable Interest in his/her Account is less than $1,000, the Participant's benefit shall be paid as soon as practicable to the Participant in a single lump sum distribution. If the value of the Participant's Account is at least $1,000 but not more than the dollar limit under section 411(a)(11) (A) of the Code, the Participant may elect to receive his/her Nonforfeitable Interest in his/her Account. Such distribution shall be made as soon as practicable following the request, in a lump sum.

For purposes of this Section, if a Participant's Nonforfeitable Interest in his/her Account is zero, the Participant shall be deemed to have received a distribution of such Nonforfeitable Interest in his/her Account.

9.05 Withdrawal of Voluntary Contributions. A Participant may upon written request withdraw a part of or the full amount of his/her Voluntary Contribution Account. Such withdrawals may be made at any time, provided that no more than two (2) such withdrawals may be made during any calendar year. No forfeiture will occur solely as the result of any such withdrawal.

9.06 Withdrawal of Deductible Employee Contributions. A Participant may upon written request withdraw a part of or the full amount of his/her Deductible Employee Contribution Account. Such withdrawals may be made at any time, provided that no more than two (2) such withdrawals may be made during any calendar year. No forfeiture will occur solely as the result of any such withdrawal.

9.07 In-Service Distribution from Rollover Account. Where elected by the Employer in the Adoption Agreement, a Participant that has a separate account attributable to rollover contributions to the Plan, may at any time elect to receive a distribution of all or any portion of the amount held in the Rollover Account.

9.08 In-Service Distributions.

(a) Unless otherwise elected by the Employer in the Adoption Agreement, a Participant who has reached age 70½ regardless of his Nonforfeitable Interest in his/her entire Employer Contribution Account, shall, upon written request, receive a distribution of a part of or the full amount of the balance in any or all of his vested Accounts.

Money Purchase Plan & Trust: 20
(b) If elected by the Employer, in-service distributions may be made beginning after June 1, 2009 to a Participant who has attained Normal Retirement Age or an alternate age (after Normal Retirement Age) elected by the Employer, and who has not yet incurred a severance from employment.

(c) A Participant’s benefit under the Plan may not be distributed before the Participant attains age 62 or, if earlier, the Participant separates from employment (or has a deemed separation), attains Normal Retirement Age under the plan, dies, or becomes disabled, or upon termination of the Plan.

(d) Distributions under Section 9.08 may be requested at any time, provided that no more than two (2) such distributions may be made during any calendar year.

9.09 Latest Commencement of Benefits. Notwithstanding anything to the contrary in this Article, benefits shall begin no later than the Participant’s Required Beginning Date, as defined under Section 10.05, or as otherwise provided in Section 10.04.

9.10 Spousal Consent. Notwithstanding the foregoing, if the Employer elected the QJSA Election in the Adoption Agreement, a married Participant must first obtain his or her spouse’s notarized consent to request a distribution (other than a Qualified Joint and Survivor Annuity), withdrawal, or rollover under this Article IX.

9.11 Deemed Severance from Employment.

(a) Unless otherwise elected by the Employer in the Adoption Agreement, effective January 1, 2009, a Participant shall be deemed to have a severance from employment solely for purposes of eligibility to receive distributions from the Plan during any period the individual is performing service in the uniformed services (as defined in chapter 43 of title 38, United States Code) for more than 30 days.

(b) If a Participant receives a distribution pursuant to subsection (a), then the Participant shall not be permitted to make an after-tax voluntary contribution during the six-month period beginning on the date of the distribution.

(c) If a Participant receives a distribution which could be attributable to:

(i) a deemed severance from employment described in subsection (a); or

(ii) another distribution event under the Plan,

then the distribution shall be considered made pursuant to the distribution event referenced in paragraph (ii), and the Participant shall not be subject to the limitation on after-tax voluntary contributions set forth in subsection (b).

9.12 Distributions for Health and Long-Term Care Insurance for Public Safety Officers.

(a) If elected by the Employer, for Plan Years beginning after December 31, 2006, Eligible Retired Public Safety Officers may elect after separation from service to have up to $3,000 distributed tax-free annually from the Plan in order to pay for Qualified Health Insurance Premiums for an accident or health plan (including a self-insured plan) or a qualified long-term care insurance contract. The Plan shall make such distributions directly to the provider of the accident or health plan or qualified long-term care insurance contract.

(b) The term “Eligible Retired Public Safety Officer” means an individual who, by reason of disability or attainment of normal retirement age, is separated from service as a Public Safety Officer with the Employer who maintains the eligible retirement plan from which distributions pursuant to this Section are made. The term “Public Safety Officer” has the same meaning given such term by section 1204(9)(A) of the Omnibus Crime Control and Safe Streets Act of 1968.
(c) The term “Qualified Health Insurance Premiums” means premiums for coverage for the Eligible Retired Public Safety Officer, his spouse, and dependents, by an accident or health insurance plan or qualified long-term care insurance contract (as defined in Code section 7702(B)).

X. DISTRIBUTION REQUIREMENTS

10.01 General Rules.

(a) Generally. Subject to the provisions of Article XII or XVII if so elected by the Employer in the Adoption Agreement, the requirements of this Article shall apply to any distribution of a Participant’s interest and will take precedence over any inconsistent provisions of this Plan. Unless otherwise specified, the provisions of this Article X apply to calendar years beginning after December 31, 2002. With respect to distributions under the Plan made in or for Plan Years beginning on or after January 1, 2002 and prior to January 1, 2003, the Plan will apply the minimum distribution requirements of section 401(a)(9) of the Code in accordance with the regulations under section 401(a)(9) that were proposed on January 17, 2001, notwithstanding any provision of the Plan to the contrary.

(b) Distributions in Accordance with 401(a)(9). All distributions required under this Article shall be determined and made in accordance with the regulations under section 401(a)(9) of the Code, and the minimum distribution incidental benefit requirement of section 401(a)(9)(G) of the Code.

(c) Limits on Distribution Periods. As of the first Distribution Calendar Year, distributions to a Participant, if not made in a single-sum, may only be made over one of the following periods:

(1) The life of the Participant,

(2) The joint lives of the Participant and a designated Beneficiary,

(3) A period certain not extending beyond the life expectancy of the Participant, or

(4) A period certain not extending beyond the joint and last survivor expectancy of the Participant and a designated Beneficiary.

(d) TEFRA Section 242(b)(2) Elections. Notwithstanding the other provisions of this Article X, distributions may be made under a designation made before January 1, 1984, in accordance with Section 242(b)(2) of the Tax Equity and Fiscal Responsibility Act (TEFRA) and the provisions of the Plan that relate to Section 242(b)(2) of TEFRA.

(e) EESA Provisions. The provisions relating to qualified disaster recovery assistance distributions for Participants affected by certain 2008 severe storms, flooding, and tornadoes and repayment thereof, and relating to repayment of prior qualified distributions for home purchases, set forth in section 702 of the Emergency Economic Stabilization Act of 2008 (“EESA”) shall apply to the Plan.

(f) KETRA and GOZA Provisions. The provisions relating to qualified hurricane distributions and repayment thereof set forth in section 1400Q(a) of the Code, and relating to repayment of prior qualified distributions for home purchases set forth in Code section 1400Q(b), shall apply to the Plan. These provisions added to the Code by the Katrina Emergency Tax Relief Act of 2005 (“KETRA”) and the Gulf Opportunity Zone Act of 2005 (GOZA), permit plans to allow repayments of certain prior qualified distributions for home purchases for Participants affected by Hurricanes Katrina, Rita, and Wilma.
10.02 Time and Manner of Distribution

(a) Required Beginning Date. The Participant's entire interest will be distributed, or begin to be distributed, to the Participant no later than the Participant's required beginning date.

(b) Death of Participant Before Distributions Begin. If the Participant dies before distributions begin, the Participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

(1) If the Participant's surviving spouse is the Participant's sole designated Beneficiary, then, distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, or by December 31 of the calendar year in which the Participant would have attained age 70½, if later.

(2) If the Participant's surviving spouse is not the Participant's sole designated Beneficiary, then distributions to the designated Beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died.

(3) If there is no designated Beneficiary as of September 30 of the year following the year of the Participant's death, the Participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

(4) If the Participant's surviving spouse is the Participant's sole designated Beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse begin, this Section 10.02(b), other than Section 10.02(b)(1), will apply as if the surviving spouse were the Participant.

For purposes of this Section 10.02(b) and Section 10.04, unless Section 10.02(b)(4) applies, distributions are considered to begin on the Participant's required beginning date. If Section 10.02(b)(4) applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under Section 10.02(b)(1). If distributions under an annuity purchased from an insurance company irrevocably commence to the Participant before the Participant's required beginning date (or to the Participant's surviving spouse before the date distributions are required to begin to the surviving spouse under Section 10.02(b)(1)), the date distributions are considered to begin is the date distributions actually commence.

(c) Forms of Distribution. Unless the Participant's interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the required beginning date, as of the first distribution calendar year distributions will be made in accordance with Sections 10.03 and 10.04. If the Participant's interest is distributed in the form of an annuity purchased from an insurance company, distributions thereunder will be made in accordance with the requirements of Code Section 401(a)(9) and the Treasury Regulations.

10.03 Required Minimum Distributions During Participant's Lifetime

(a) Amount of Required Minimum Distribution For Each Distribution Calendar Year. During the Participant's lifetime, the minimum amount that will be distributed for each distribution calendar year is the lesser of:

(1) the quotient obtained by dividing the Participant's Account Balance by the distribution period set forth in the Uniform Lifetime Table found in Section 1.401(a)(9)-9, Q&A-2, of the Final Income Tax Regulations using the Participant's age as of the Participant's birthday in the distribution calendar year; or
(2) If the Participant's sole designated Beneficiary for the distribution calendar year is the Participant's spouse, the quotient obtained by dividing the Participant's Account Balance by the number in the Joint and Last Survivor Table set forth in Section 1.401(a)(9)-9, Q&A-3, of the regulations using the Participant's and spouse's attained ages as of the Participant's and spouse's birthdays in the distribution calendar year.

(b) Lifetime Required Minimum Distributions Continue Through Year of Participant's Death. Required minimum distributions will be determined under this Section 10.03 beginning with the first distribution calendar year and continuing up to, and including, the distribution calendar year that includes the Participant's date of death.

10.04 Required Minimum Distributions After Participant's Death

(a) Death On or After Date Distributions Begin.

(1) Participant Survived by Designated Beneficiary. If the Participant dies on or after the date distributions begin and there is a designated Beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the longer of the remaining life expectancy of the Participant or the remaining life expectancy of the Participant's designated Beneficiary, determined as follows:

(i) The Participant's remaining life expectancy is calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.

(ii) If the Participant's surviving spouse is the Participant's sole designated Beneficiary, the remaining life expectancy of the surviving spouse is calculated for each distribution calendar year after the year of the Participant's death using the surviving spouse's age as of the spouse's birthday in that year. For distribution calendar years after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year.

(iii) If the Participant's surviving spouse is not the Participant's sole designated Beneficiary, the designated Beneficiary's remaining life expectancy is calculated using the age of the Beneficiary in the year following the year of the Participant's death, reduced by one for each subsequent year.

(2) No Designated Beneficiary. If the Participant dies on or after the date distributions begin and there is no designated Beneficiary as of September 30 of the year after the year of the Participant's death, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the Participant's remaining life expectancy calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.

(b) Death Before Date Required Distributions Begin.

(1) Participant Survived by Designated Beneficiary. If the Participant dies before the date required distributions begin and there is a designated Beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the remaining life expectancy of the Participant's designated Beneficiary, determined as provided in Section 10.04(a).
(2) **No Designated Beneficiary.** If the Participant dies before the date distributions begin and there is no designated Beneficiary as of September 30 of the year following the year of the Participant's death, distribution of the Participant's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

(3) **Death of Surviving Spouse Before Distributions to Surviving Spouse Are Required to Begin.** If the Participant dies before the date distributions begin, the Participant's surviving spouse is the Participant's sole designated Beneficiary, and the surviving spouse dies before distributions are required to begin to the surviving spouse under Section 10.02(b)(1), this Section 10.04(b) will apply as if the surviving spouse were the Participant.

10.05 **Definitions**

(a) **Designated Beneficiary.** The individual who is designated by the Participant (or the Participant's surviving spouse) as the Beneficiary of the Participant's interest under the Plan and who is the designated Beneficiary under Code Section 401(a)(9) and Section 1.401(a)(9)-4 of the regulations.

(b) **Distribution Calendar Year.** A calendar year for which a minimum distribution is required. For distributions beginning before the Participant's death, the first distribution calendar year is the calendar year immediately preceding the calendar year which contains the Participant's required beginning date. For distributions beginning after the Participant's death, the first distribution calendar year is the calendar year in which distributions are required to begin under Section 10.02(b). The required minimum distribution for the Participant's first distribution calendar year will be made on or before the Participant's required beginning date. The required minimum distribution for other distribution calendar years, including the required minimum distribution for the distribution calendar year in which the Participant's required beginning date occurs, will be made on or before December 31 of that distribution calendar year.

(c) **Life Expectancy.** Life expectancy as computed by use of the Single Life Table in Section 1.401(a)(9)-9, Q&A-1, of the regulations.

(d) **Participant's Account Balance.** The Account Balance as of the last Accounting Date in the calendar year immediately preceding the distribution calendar year (valuation calendar year) increased by the amount of any contributions made and allocated or forfeitures allocated to the Account Balance as of dates in the valuation calendar year after the Accounting Date and decreased by distributions made in the valuation calendar year after the Accounting Date. The Account Balance for the valuation calendar year includes any amounts rolled over or transferred to the Plan either in the valuation calendar year or in the distribution calendar year if distributed or transferred in the valuation calendar year.

(e) **Required Beginning Date.** The Required Beginning Date of a Participant is April 1 of the calendar year following the later of the calendar year in which the Participant attains age seventy and one-half (70½), or the calendar year in which the Participant retires.

10.06 **Application of Minimum Distribution Requirements.** The minimum distribution requirements of section 401(a)(9) of the Code shall only apply to the Plan to the extent that such requirements are applicable by law for a year. Pursuant to the Worker, Retiree, and Employer Recovery Act of 2008 ("WRERA"), required minimum distributions were suspended for 2009.

10.07 **Special Rule for Scheduled Installment Payments.** All installment payments scheduled to be distributed to a Participant prior to the effective date of a suspension of the required minimum distribution provisions of Code section 401(a)(9) shall be distributed as scheduled unless the Participant affirmatively elects to have the payments stopped. Notwithstanding the foregoing, for purposes of this Section 10.07, the effective date of the suspension of the required minimum distribution provisions for 2009 shall be deemed January 6, 2009.
XI. MODES OF DISTRIBUTION OF BENEFITS

11.01 Normal Mode of Distribution. Unless an elective mode of distribution is elected as provided in Section 11.02, benefits shall be paid to the Participant in the form of a lump sum payment.

Notwithstanding the foregoing, where the Employer made the “QJSA Election” in the Adoption Agreement, unless an elective mode of distribution is elected in accordance with Article XVII, benefits shall be paid to the Participant in the form provided for in Article XVII.

11.02 Elective Mode of Distribution. Subject to the requirements of Articles X, XII and XVII, a Participant may revocably elect to have his/her Account distributed in any one (1) of the following modes in lieu of the mode described in Section 11.01:

(a) Equal Payments. Equal monthly, quarterly, semi-annual, or annual payments in an amount chosen by the Participant continuing until the Account is exhausted.

(b) Period Certain. Approximately equal monthly, quarterly, semi-annual, or annual payments, calculated to continue for a period certain chosen by the Participant.

(c) Other. Any other sequence of payments requested by the Participant.

(d) Lump Sum. Where the Employer did make the QJSA Election in the Adoption Agreement, a Participant may also elect a lump sum payment.

11.03 Election of Mode. A Participant’s election of a payment option must be made in writing between thirty (30) and one-hundred eighty (180) days (ninety (90) days for Plan Years beginning before January 1, 2007) before the payment of benefits is to commence.

11.04 Death Benefits. Subject to Article X (and Article XII or XVII if so elected by the Employer in the Adoption Agreement),

(a) In the case of a Participant who dies before he/she has begun receiving benefit payments, the Participant’s entire Nonforfeitable Interest shall then be payable to his/her Beneficiary within ninety (90) days of the Participant’s death. A Beneficiary who is entitled to receive benefits under this Section may elect to have benefits commence at a later date, subject to the provisions of Article X. The Beneficiary may elect to receive the death benefit in any of the forms available to the Participant under Sections 11.01 and 11.02. If the Beneficiary is the Participant’s surviving spouse, and such surviving spouse dies before payment commences, then this Section shall apply to the beneficiary of the surviving spouse as though such surviving spouse were the Participant.

(b) Should the Participant die after he/she has begun receiving benefit payments, the Beneficiary shall receive the remaining benefits, if any, that are payable, under the payment schedule elected by the Participant. Notwithstanding the foregoing, the Beneficiary may elect to accelerate payments of the remaining balances, including but not limited to, a lump sum distribution.

XII. SPOUSAL DEATH BENEFIT REQUIREMENTS

12.01 Application. Unless otherwise elected by the Employer in the Adoption Agreement, on or after January 1, 2006, the provisions of this Article shall take precedence over any conflicting provision in this Plan. The provisions of this Article, known as the “Beneficiary Spousal Consent Election,” shall apply to any Participant who is credited with any Period of Service with the Employer on or after August 23, 1984, and such other Participants as provided in Section 12.04.
12.02 Spousal Death Benefit.

(a) On the death of a Participant, the Participant’s Vested Account Balance will be paid to the Participant’s Surviving Spouse. If there is no Surviving Spouse, or if the Participant has waived the spousal death benefit, as provided in Section 12.03, such Vested Account Balance will be paid to the Participant’s designated Beneficiary.

(b) The Surviving Spouse may elect to have distribution of the Vested Account Balance commence within the one-hundred eighty (180) day period following the date of the Participant’s death, or as otherwise provided under Section 11.04. The Account balance shall be adjusted for gains or losses occurring after the Participant’s death in accordance with the provisions of the Plan governing the adjustment of Account balances for other types of distributions.

12.03 Waiver of Spousal Death Benefit.

The Participant may waive the spousal death benefit described in Section 12.02 at any time; provided that no such waiver shall be effective unless: (a) the Participant’s Spouse consents in writing to the election; (b) the election designates a specific Beneficiary, including any class of Beneficiaries or any contingent Beneficiaries, which may not be changed without spousal consent (or the Spouse expressly permits designations by the Participant without any further spousal consent); (c) the Spouse’s consent acknowledges the effect of the election; and (d) the Spouse’s consent is witnessed by a Plan representative or notary public. If it is established to the satisfaction of a Plan representative that there is no Spouse or that the Spouse cannot be located, a waiver will be deemed to meet the requirements of this Section.

Any consent by a Spouse obtained under this provision (or establishment that the consent of a Spouse may not be obtained) shall be effective only with respect to such Spouse. A consent that permits designations by the Participant without any requirement of further consent by such Spouse must acknowledge that the Spouse has the right to limit consent to a specific Beneficiary, and a specific form of benefit where applicable, and that the Spouse voluntarily elects to relinquish either or both of such rights. A revocation of a prior waiver may be made by a Participant without the consent of the Spouse at any time before the commencement of benefits. The number of revocations shall not be limited.

12.04 Definitions. For the purposes of this Section, the following definitions shall apply:

(a) Spouse (Surviving Spouse). The Spouse or Surviving Spouse of the Participant, provided that a former Spouse will be treated as the Spouse or Surviving Spouse and a current Spouse will not be treated as the Spouse or Surviving Spouse to the extent provided under a qualified domestic relations order as described in section 414(p) of the Code.

(b) Vested Account Balance. The aggregate value of the Participant’s vested Account balances derived from Employer and Employee contributions (including rollovers), whether vested before or upon death, including the proceeds of insurance contracts, if any, on the Participant’s life. The provisions of this Article shall apply to a Participant who is vested in amounts attributable to Employer Contributions, Employee contributions (or both) at the time of death or distribution.
XIII. LOANS TO PARTICIPANTS

13.01 Availability of Loans to Participants.

(a) If the Employer has elected in the Adoption Agreement to make loans available to Participants, a Participant may apply for a loan from the Plan subject to the limitations and other provisions of this Article.

(b) The Employer shall establish written guidelines governing the granting of loans, provided that such guidelines are approved by the Plan Administrator and are not inconsistent with the provisions of this Article, and that loans are made available to all applicable Participants on a reasonably equivalent basis.

13.02 Terms and Conditions of Loans to Participants. Any loan by the Plan to a Participant under Section 13.01 of the Plan shall satisfy the following requirements:

(a) Availability. Loans shall be made available to all Participants who are active Employees on a reasonably equivalent basis. Loans shall not be made available to terminated Employees, Beneficiaries, or alternate payees.

(b) Nondiscrimination. Loans shall not be made to highly compensated Employees in an amount greater than the amount made available to other Employees.

(c) Interest Rate. Loans must be adequately secured and bear a reasonable interest rate.

(d) Loan Limit. No Participant loan shall exceed the present value of the Participant’s Nonforfeitable Interest in his/her Account.

(e) Foreclosure. In the event of default, foreclosure on the note and attachment of security will not occur until a distributable event occurs in the Plan.

(f) Reduction of Account. Notwithstanding any other provision of this Plan, the portion of the Participant’s vested Account balance used as a security interest held by the Plan by reason of a loan outstanding to the Participant shall be taken into account for purposes of determining the amount of the Account balance payable at the time of death or distribution, but only if the reduction is used as repayment of the loan. If less than one hundred percent (100%) of the Participant’s nonforfeitable Account balance (determined without regard to the preceding sentence) is payable to the surviving spouse, then the Account balance shall be adjusted by first reducing the nonforfeitable Account balance by the amount of the security used as repayment of the loan, and then determining the benefit payable to the surviving spouse.

(g) Amount of Loan. At the time the loan is made, the principal amount of the loan plus the outstanding balance (principal plus accrued interest) due on any other outstanding loans to the Participant or Beneficiary from the Plan and from all other plans of the Employer that are qualified employer plans under section 72(p) of the Code shall not exceed the lesser of:

(1) $50,000, reduced by the excess (if any) of

(i) The highest outstanding balance of loans from the Plan during the one (1) year period ending on the day before the date on which the loan is made, over

(ii) The outstanding balance of loans from the Plan on the date on which such loan is made; or
(2) One-half (1/4) of the value of the Participant's Nonforfeitable Interest in all of his/her Accounts under this Plan (or $10,000, if greater, for loans prior to January 1, 2006).

For the purpose of the above limitation, all loans from all qualified employer plans of the Employer, including 457(b) plans, under Code section 72(p)(4) are aggregated.

(h) Application for Loan. The Participant must give the Employer adequate written notice, as determined by the Employer, of the amount and desired time for receiving a loan. No more than one (1) loan may be made by the Plan to a Participant in any calendar year. No loan shall be approved if an existing loan from the Plan to the Participant is in default to any extent.

(i) Length of Loan. The terms of any loan issued or renegotiated after December 31, 1993, shall require the Participant to repay the loan in substantially equal installments of principal and interest, at least quarterly (except as otherwise provided in Treasury Regulation section 1.72(p)-1, Q&A-9 for certain leave of absence and military leave), over a period that does not exceed five (5) years from the date of the loan; provided, however, that if the proceeds of the loan are applied by the Participant to acquire any dwelling unit that is to be used within a reasonable time after the loan is made as the principal residence of the Participant, the five (5) year limit shall not apply. In this event, the period of repayment shall not exceed a reasonable period determined by the Employer. Principal installments and interest payments otherwise due may be suspended during an authorized leave of absence, if the promissory note so provides, but not beyond the original term permitted under this Subsection (i), with a revised payment schedule (within such term) instituted at the end of such period of suspension. If the Participant fails to make any installment payment, the Plan Administrator may, according to Treasury Regulation 1.72(p)-1, allow a cure period, which cure period cannot continue beyond the last day of the calendar quarter following the calendar quarter in which the required installment payment was due.

(j) Prepayment. The Participant shall be permitted to repay the loan in whole or in part at any time prior to maturity, without penalty.

(k) Note. The loan shall be evidenced by a promissory note executed by the Participant and delivered to the Employer, and shall bear interest at a reasonable rate determined by the Employer. Unless waived by a Participant, any plan loan that is outstanding on the date that active duty military service begins will accrue interest at a rate of no more than 6% during the period of military service in accordance with the provisions of the Servicemembers Civil Relief Act (SCRA), 50 USC App. § 526 and subject to the notice requirements contained therein. This limitation applies even if loan payments are suspended during the period of military service as permitted under the Plan and Treasury regulations.

(l) Security. The loan shall be secured by an assignment of that portion the Participant's right, title and interest in and to his/her Employer Contribution Account (to the extent vested), Participant Contribution Account, and Rollover Account that is equal to fifty percent (50%) of the Participant's Account (to the extent vested).

(m) Assignment or Pledge. For the purposes of paragraphs (h) and (i), assignment or pledge of any portion of the Participant's interest in the Plan and a loan, pledge, or assignment with respect to any insurance contract purchased under the Plan, will be treated as a loan.

(n) Spousal Consent. If the Employer elected the QJSA Election in the Adoption Agreement, the Participant must first obtain his or her spouse's notarized consent to the loan. Spousal consent shall be obtained no earlier than the beginning of the one-hundred eighty (180) day period (ninety (90) day period for plan years beginning before January 1, 2007) that ends on the date on which the loan is to be so secured. The consent
must be in writing, must acknowledge the effect of the loan, and must be witnessed by a Plan representative or notary public. Such consent shall thereafter be binding with respect to the consenting spouse or any subsequent spouse with respect to that loan. A new consent shall be required if the account balance is used for renegotiation, extension, renewal, or other revision of the loan.

(o) Other Terms and Conditions. The Employer shall fix such other terms and conditions of the loan as it deems necessary to comply with legal requirements, to maintain the qualification of the Plan and Trust under section 401(a) of the Code, or to prevent the treatment of the loan for tax purposes as a distribution to the Participant. The Employer, in its discretion for any reason, may fix other terms and conditions of the loan, not inconsistent with the provisions of this Article, including:

(1) the circumstances under which a loan becomes immediately due and payable, provided, however, with respect to loans issued after December 31, 2012, that the loan program shall not provide that a loan becomes due and payable solely because the Participant requests or receives a partial distribution of the Participant’s account balance after termination of employment;

(2) rules relating to reamortization of loans; and

(3) rules relating to refinance of loans.

13.03 Participant Loan Accounts.

(a) Upon approval of a loan to a Participant by the Employer, an amount not in excess of the loan shall be transferred from the Participant’s other investment fund(s), described in Section 6.05 of the Plan, to the Participant’s Loan Account as of the Accounting Date immediately preceding the agreed upon date on which the loan is to be made.

(b) The assets of a Participant’s Loan Account may be invested and reinvested only in promissory notes received by the Plan from the Participant as consideration for a loan permitted by Section 13.01 of the Plan or in cash. Uninvested cash balances in a Participant’s Loan Account shall not bear interest. No person who is otherwise a fiduciary of the Plan shall be liable for any loss, or by reason of any breach, that results from the Participant’s exercise of such control.

(c) Repayment of principal and payment of interest shall be made by payroll deduction or Automated Clearing House (ACH) transfer, or with respect to a terminated Employee solely by ACH, and shall be invested in one (1) or more other investment funds, in accordance with Section 6.05 of the Plan, as of the next Accounting Date after payment thereof to the Trust. The amount so invested shall be deducted from the Participant’s Loan Account. A payment intended to be a Prepayment or payment of the loan in full may also be made by cashier’s check or money order, and shall be invested in accordance with this provision.

(d) The Employer shall have the authority to establish other reasonable rules, not inconsistent with the provisions of the Plan, governing the establishment and maintenance of Participant Loan Accounts.

XIV. PLAN AMENDMENT, TERMINATION AND OPTIONAL PROVISIONS

14.01 Amendment by Employer. The Employer reserves the right, subject to Section 14.02 of the Plan, to amend the Plan from time to time by either:

(a) Filing an amended Adoption Agreement to change, delete, or add any optional provision, or

(b) Continuing the Plan in the form of an amended and restated Plan and Trust.
No amendment to the Plan shall be effective to the extent that it has the effect of decreasing a Participant's accrued benefit. Notwithstanding the preceding sentence, a Participant's Account balance may be reduced to the extent permitted under section 412(d)(2) of the Code. For purposes of this paragraph, a Plan amendment which has the effect of decreasing a Participant's Account balance or eliminating an optional form of benefit, with respect to benefits attributable to service before the amendment shall be treated as reducing an accrued benefit. Furthermore, if the vesting schedule of the Plan is amended, in the case of an Employee who is a Participant as of the later of the date such amendment is adopted or the date it becomes effective, the nonforfeitable percentage (determined as of such date) of such Employee's right to his/her Employer-derived accrued benefit will not be less than his percentage computed under the plan without regard to such amendment.

No amendment to the Plan shall be effective to eliminate or restrict an optional form of benefit. The preceding sentence shall not apply to a Plan amendment that eliminates or restricts the ability of a Participant to receive payment of his or her Account balance under a particular optional form of benefit if the amendment provides a single-sum distribution form that is otherwise identical to the optional form of benefit being eliminated or restricted. For this purpose, a single-sum distribution form is otherwise identical only if the single-sum distribution form is identical in all respects to the eliminated or restricted optional form of benefit (or would be identical except that it provides greater rights to the Participant) except with respect to the timing of payments after commencement.

The Employer may (1) change the choice of options in the Adoption Agreement, (2) add overriding language in the Adoption Agreement when such language is necessary to satisfy sections 415 or 416 of the Code because of the required aggregation of multiple plans, (3) amend administrative provisions of the trust or custodial document in the case of a nonstandardized plan and make more limited amendments in the case of a standardized plan such as the name of the plan, employer, trustee or custodian, plan administrator and other fiduciaries, the trust year, and the name of any pooled trust in which the Plan's trust will participate, (4) add certain sample or model amendments published by the Internal Revenue Service or other required good faith amendments which specifically provide that their adoption will not cause the plan to be treated as individually designed, and (5) add or change provisions permitted under the Plan and/or specify or change the effective date of a provision as permitted under the Plan and correct obvious and unambiguous typographical errors and/or cross-references that merely correct a reference but that do not in any way change the original intended meaning of the provisions. An Employer that amends the Plan for any other reason will be considered to have an individually designed plan.

14.02 Amendment of Vesting Schedule. If the Plan's vesting schedule is amended, or the Plan is amended in any way that directly or indirectly affects the computation of the Participant's nonforfeitable percentage, each Participant may elect, within a reasonable period after the adoption of the amendment or change, to have the nonforfeitable percentage computed under the Plan without regard to such amendment or change.

The period during which the election may be made shall commence with the date the amendment is adopted or deemed to be made and shall end on the latest of:

(a) Sixty (60) days after the amendment is adopted;

(b) Sixty (60) days after the amendment becomes effective; or

(c) Sixty (60) days after the Participant is issued written notice of the amendment by the Employer or Plan Administrator.

14.03 Termination by Employer. The Employer reserves the right to terminate this Plan. However, in the event of such termination no part of the Trust shall be used or diverted to any purpose other than for the exclusive benefit of the Participants or their Beneficiaries, except as provided in this Section.
Upon Plan termination or partial termination, all Account balances shall be valued at their fair market value and the Participant’s right to his/her Employer Contribution Account shall be one hundred percent (100%) vested and nonforfeitable. Such amount and any other amounts held in the Participant’s other Accounts shall be maintained for the Participant until paid pursuant to the terms of the Plan.

Any amounts held in a suspense account, after all liabilities of the Plan to Participants and Beneficiaries have been satisfied or provided for, shall be paid to the Employer in accordance with the Code and regulations thereunder.

In the event that the Commissioner of Internal Revenue determines that the Plan is not initially qualified under the Internal Revenue Code, any contribution made by the Employer incident to that initial qualification must be returned to the Employer within one year after the date the initial qualification is denied, but only if the application for the qualification is made by the time prescribed by law for filing the Employer’s return for the year in which the Plan is adopted, or such later date as the Secretary of the Treasury may prescribe.

14.04 Discontinuance of Contributions. A permanent discontinuance of contributions to the Plan by the Employer, unless an amended and restated Plan is established, shall constitute a Plan termination. In the event of a complete discontinuance of contributions under the Plan, the Account balance of each affected Participant shall be nonforfeitable.

14.05 Amendment by Plan Administrator. The Plan Administrator may amend this Plan upon thirty (30) days written notification to the Employer; provided, however, that any such amendment must be for the express purpose of maintaining compliance with applicable federal laws and regulations, revenue rulings, other statements published by the Internal Revenue Service (including model and sample amendments that specifically provide that their adoption will not cause such Plan to be individually designed), or corrections of prior approved Plans may be applied to all Employers who have adopted the Plan. Such amendment shall become effective unless, within such 30-day period, the Employer notifies the Administrator, in writing, that it disapproves such amendment, in which case such amendment shall not become effective. In the event of such disapproval, the Administrator shall be under no obligation to continue acting as Administrator hereunder.

For purposes of reliance on the advisory letter, the Plan Administrator shall no longer have authority to amend the Plan on behalf of the Employer as of the date of the adoption of an Employer amendment to the Plan to incorporate a type of plan not allowable in the volume submittor program described in section 16.03 of Revenue Procedure 2011-49 (or successor guidance) or as of the date the Internal Revenue Service notifies the Plan Administrator that the Plan is being treated as an individually designed plan pursuant to section 24.03 of Revenue Procedure 2011-49 (or successor guidance).

14.06 Optional Provisions. Any provision which is optional under this Plan shall become effective if and only if elected by the Employer and agreed to by the Plan Administrator.

14.07 Failure of Qualification. If the Employer’s plan fails to attain or retain qualification, such plan will no longer participate in this Plan and will be considered an individually designed plan.

XV. ADMINISTRATION

15.01 Powers of the Employer. The Employer shall have the following powers and duties:

(a) To appoint and remove, with or without cause, the Plan Administrator;

(b) To amend or terminate the Plan pursuant to the provisions of Article XIV;
(c) To appoint a committee to facilitate administration of the Plan and communications to Participants;

(d) To decide all questions of eligibility (1) for Plan participation, and (2) upon appeal by any Participant, Employee or Beneficiary, for the payment of benefits;

(e) To engage an independent qualified public accountant, when required to do so by law, to prepare annually the audited financial statements of the Plan's operation;

(f) To take all actions and to communicate to the Plan Administrator in writing all necessary information to carry out the terms of the Plan and Trust; and

(g) To notify the Plan Administrator in writing of the termination of the Plan.

15.02 Duties of the Plan Administrator. The Plan Administrator shall have the following powers and duties, subject to the oversight by the Employer:

(a) To construe and interpret the provisions of the Plan;

(b) To maintain and provide such returns, reports, schedules, descriptions, and individual Account statements as are required by law within the times prescribed by law; and to furnish to the Employer, upon request, copies of any or all such materials, and further, to make copies of such instruments, reports, descriptions, and statements as are required by law available for examination by Participants and such of their Beneficiaries who are or may be entitled to benefits under the Plan in such places and in such manner as required by law;

(c) To obtain from the Employer such information as shall be necessary for the proper administration of the Plan;

(d) To determine the amount, manner, and time of payment of benefits hereunder;

(e) To appoint and retain such agents, counsel, and accountants for the purpose of properly administering the Plan;

(f) To distribute assets of the Trust to each Participant and Beneficiary in accordance with Article X of the Plan;

(g) To pay expenses from the Trust pursuant to Section 6.03 of the Plan; and

(h) To do such other acts reasonably required to administer the Plan in accordance with its provisions or as may be provided for or required by the Code.

15.03 Protection of the Employer. The Employer shall not be liable for the acts or omissions of the Plan Administrator, but only to the extent that such acts or omissions do not result from the Employer's failure to provide accurate or timely information as required or necessary for proper administration of the Plan.

15.04 Protection of the Plan Administrator. The Plan Administrator may rely upon any certificate, notice or direction purporting to have been signed on behalf of the Employer which the Plan Administrator believes to have been signed by a duly designated official of the Employer.

15.05 Resignation or Removal of Plan Administrator. The Plan Administrator may resign at any time effective upon sixty (60) days prior written notice to the Employer. The Plan Administrator may be removed by the Employer at any time upon sixty (60) days prior written notice to the Plan Administrator. Upon the resignation or removal of the Plan Administrator, the Employer may appoint a successor Plan Administrator; failing such appointment, the
Employer shall assume the powers and duties of Plan Administrator. Upon the resignation or removal of the Plan Administrator, any Trust assets invested by or held in the name of the Plan Administrator shall be transferred to the trustee in cash or property, at fair market value, except that the return of Trust assets invested in a contract issued by an insurance company shall be governed by the terms of that contract.

15.06 **No Termination Penalty.** The Plan Administrator shall have no authority or discretion to impose any termination penalty upon its removal.

15.07 **Decisions of the Plan Administrator.** All constructions, determinations, and interpretations made by the Plan Administrator pursuant to Section 15.02(a) or (d) or by the Employer pursuant to Section 15.01(d) shall be final and binding on all persons participating in the Plan, given deference in all courts of law to the greatest extent allowed by applicable law, and shall not be overthrown or set aside by any court of law unless found to be arbitrary or capricious, or made in bad faith.

**XVI. MISCELLANEOUS**

16.01 **Nonguarantee of Employment.** Nothing contained in this Plan shall be construed as a contract of employment between the Employer and any Employee, or as a right of an Employee to be continued in the employment of the Employer, as a limitation of the right of the Employer to discharge any of its Employees, with or without cause.

16.02 **Rights to Trust Assets.** No Employee or Beneficiary shall have any right to, or interest in, any assets of the Trust upon termination of his/her employment or otherwise, except as provided from time to time under this Plan, and then only to the extent of the benefits payable under the Plan to such Employee or Beneficiary out of the assets of the Trust. All payments of benefits as provided for in this Plan shall be made solely out of the assets of the Trust and none of the fiduciaries shall be liable therefor in any manner.

16.03 **Nonalienation of Benefits.** Except as provided in Sections 16.04 and 16.06 of the Plan, benefits payable under this Plan shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, garnishment, execution, or levy of any kind, either voluntary or involuntary, prior to actually being received by the person entitled to the benefit under the terms of the Plan; and any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or otherwise dispose of any right to benefits payable hereunder, shall be void. The Trust shall not in any manner be liable for, or subject to, the debts, contracts, liabilities, engagements or torts of any person entitled to benefits hereunder.

16.04 **Qualified Domestic Relations Order.** Notwithstanding Section 16.03 of the Plan, amounts may be paid with respect to a Participant pursuant to a domestic relations order, but if and only if the order is determined to be a qualified domestic relations order within the meaning of section 414(p) of the Code or any domestic relations order entered before January 1, 1985.

16.05 **Nonforfeitability of Benefits.** Subject only to the specific provisions of this Plan, nothing shall be deemed to deprive a Participant of his/her right to the Nonforfeitable Interest to which he/she becomes entitled in accordance with the provisions of the Plan.

16.06 **Incompetency of Payee.** In the event any benefit is payable to a minor or incompetent, to a person otherwise under legal disability, or to a person who, in the sole judgment of the Employer, is by reason of advanced age, illness, or other physical or mental incapacity incapable of handling the disposition of his/her property, the Employer may apply the whole or any part of such benefit directly to the care, comfort, maintenance, support, education, or use of such person or pay or distribute the whole or any part of such benefit to:
(a) The parent of such person;

(b) The guardian, committee, or other legal representative, wherever appointed, of such person;

(c) The person with whom such person resides;

(d) Any person having the care and control of such person; or

(e) Such person personally.

The receipt of the person to whom any such payment or distribution is so made shall be full and complete discharge therefor.

16.07 Inability to Locate Payee. Anything to the contrary herein notwithstanding, if the Employer is unable, after reasonable effort, to locate any Participant or Beneficiary to whom an amount is payable hereunder, such amount shall be forfeited and held in the Trust for application against the next succeeding Employer Contribution or contributions required to be made hereunder. Notwithstanding the foregoing, however, such amount shall be reinstated, by means of an additional Employer contribution, if and when a claim for the forfeited amount is subsequently made by the Participant or Beneficiary or if the Employer receives proof of death of such person, satisfactory to the Employer. To the extent not inconsistent with applicable law, any benefits lost by reason of escheat under applicable state law shall be considered forfeited and shall not be reinstated.

16.08 Mergers, Consolidations, and Transfer of Assets. The Plan shall not be merged into or consolidated with any other plan, nor shall any of its assets or liabilities be transferred into any such other plan, unless each Participant in the Plan would (if the Plan then terminated) receive a benefit immediately after the merger, consolidation, or transfer that is equal to or greater than the benefit he/she would have been entitled to receive immediately before the merger, consolidation, or transfer (if the Plan had then terminated).

16.09 Employer Records. Records of the Employer as to an Employee's or Participant's Period of Service, termination of service and the reason therefor, leaves of absence, reemployment, Earnings, and Compensation will be conclusive on all persons, unless determined to be incorrect.

16.10 Gender and Number. The masculine pronoun, whenever used herein, shall include the feminine pronoun, and the singular shall include the plural, except where the context requires otherwise.

16.11 Applicable Law. The Plan shall be construed under the laws of the State where the Employer is located, except to the extent superseded by federal law. The Plan is established with the intent that it meets the requirements under the Code. The provisions of this Plan shall be interpreted in conformity with these requirements.

In the event of any conflict between the Plan and a policy or contract issued hereunder, the Plan provisions shall control; provided, however, no Plan amendment shall supersede an existing policy or contract unless such amendment is required to maintain qualification under section 401(a) and 414(d) of the Code.

16.12 Electronic Communication and Consent. Unless expressly provided otherwise, where this Plan provides that a document, election, notification, direction, signature, or consent will be in writing, such writing may occur through an electronic medium, including but not limited to electronic mail, intranet or internet web posting and online account access, to the fullest extent permitted by applicable law.
XVII. SPOUSAL BENEFIT REQUIREMENTS

17.01 **Application.** Effective as of January 1, 2006, where elected by the Employer in the Adoption Agreement (the “QISA Election”), the provisions of this Article shall take precedence over any conflicting provision in this Plan. If elected, the provisions of this Article shall apply to any Participant who is credited with any Period of Service with the Employer on or after August 23, 1984, and such other Participants as provided in Section 17.06.

17.02 **Qualified Joint and Survivor Annuity.** Unless an optional form of benefit is selected pursuant to a Qualified Election within the one-hundred eighty (180) day period ending on the Annuity Starting Date, a married Participant’s Vested Account Balance will be paid in the form of a Qualified Joint and Survivor Annuity and an unmarried Participant’s Vested Account Balance will be paid in the form of a Straight Life Annuity. The Participant may elect to have such annuity distributed upon the attainment of the Earliest Retirement Age under the Plan.

17.03 **Qualified Optional Survivor Annuity.** For plan years beginning after December 31, 2007, if a married participant elects to waive the qualified joint and survivor annuity, the participant may elect the qualified optional survivor annuity at any time during the applicable election period, provided, however, that this Section shall apply only to the extent the Plan makes another survivor annuity available.

17.04 **Qualified Pre-retirement Survivor Annuity.** If a Participant dies before the Annuity Starting Date, then fifty percent (50%) of the Participant’s Vested Account Balance shall be applied toward the purchase of an annuity for the life of the Surviving Spouse; the remaining portion shall be paid to such Beneficiaries (which may include such Spouse) designated by the Participant. Notwithstanding the foregoing, the Participant may waive the spousal annuity by designating a different Beneficiary within the Election Period pursuant to a Qualified Election. To the extent that less than one hundred percent (100%) of the vested Account balance is paid to the Surviving Spouse, the amount of the Participant’s Account derived from Employee contributions will be allocated to the Surviving Spouse in the same proportion as the amount of the Participant’s Account derived from Employee contributions is to the Participant’s total Vested Account Balance. The Surviving Spouse may elect to have such annuity distributed within a reasonable period after the Participant’s death. Further, such Spouse may elect to receive any death benefit payable to him/her hereunder in any of the forms available to the Participant under Section 11.02.

17.05 **Notice Requirements.**

(a) In the case of a Qualified Joint and Survivor Annuity as described in Section 17.02, the Plan Administrator shall, no less than thirty (30) days and no more than one-hundred eighty (180) days (or ninety (90) days for notices given in Plan Years before January 1, 2007) prior to the Annuity Starting Date, provide each Participant a written explanation of: (i) the terms and conditions of a Qualified Joint and Survivor Annuity; (ii) the Participant’s right to make and the effect of an election to waive the Qualified Joint and Survivor Annuity form of benefit; (iii) the rights of a Participant’s Spouse; and (iv) the right to, and the effect of, a revocation of a previous election to waive the Qualified Joint and Survivor Annuity. However, if the Participant, after having received the written explanation, affirmatively elects a form of distribution and the Spouse consents to that form of distribution (if necessary), benefit payments may commence less than thirty (30) days after the written explanation was provided to the Participant, provided that the following requirements are met:

(1) The Plan Administrator provides information to the Participant clearly indicating that the Participant has a right to at least thirty (30) days to consider whether to waive the Qualified Joint and Survivor Annuity and consent to a form of distribution other than a Qualified Joint and Survivor Annuity;
(2) The Participant is permitted to revoke an affirmative distribution election at least until the Annuity Starting Date, or if later, at any time prior to the expiration of the 7-day period that begins the day after the explanation of the Qualified Joint and Survivor Annuity is provided to the Participant;

(3) The Annuity Starting Date is after the date that the explanation of the Qualified Joint and Survivor Annuity is provided to the Participant; and

(4) Distribution in accordance with the affirmative election does not commence before the expiration of the 7-day period that begins after the day after the explanation of the Qualified Joint and Survivor Annuity is provided to the Participant.

(b) In the case of a Qualified Preretirement Survivor Annuity as described in Section 17.04, the Plan Administrator shall provide each Participant within the applicable period for such Participant a written explanation of the Qualified Preretirement Survivor Annuity in such terms and in such manner as would be comparable to the explanation provided for meeting the requirements of Subsection (a) applicable to a Qualified Joint and Survivor Annuity.

The applicable period for a Participant is whichever of the following periods ends last:

(i) the period beginning with the first day of the Plan Year in which the Participant attains age thirty-two (32) and ending with the close of the Plan Year preceding the Plan Year in which the Participant attains age thirty-five (35);

(ii) a reasonable period ending after the individual becomes a Participant;

(iii) a reasonable period ending after Subsection (c) ceases to apply to the Participant;

(iv) a reasonable period ending after this Article first applies to the Participant. Notwithstanding the foregoing, notice must be provided within a reasonable period ending after separation from service in the case of a Participant who separates from service before attaining age thirty-five (35).

For purposes of applying the preceding paragraph, a reasonable period ending after the enumerated events described in (ii), (iii) and (iv) is the end of the two (2) year period beginning one (1) year prior to the date the applicable event occurs, and ending one (1) year after that date. In the case of a Participant who separates from service before the Plan Year in which age thirty-five (35) is attained, notice shall be provided within the two (2) year period beginning one (1) year prior to separation and ending one (1) year after separation. If such a Participant thereafter returns to employment with the Employer, the applicable period for such Participant shall be redetermined.

(c) Notwithstanding the other requirements of this Section, the respective notices prescribed by this Section need not be given to a Participant if (1) the Plan “fully subsidizes” the costs of a Qualified Joint and Survivor Annuity or Qualified Preretirement Survivor Annuity, and (2) the Plan does not allow the Participant to waive the Qualified Joint and Survivor Annuity or Qualified Preretirement Survivor Annuity and does not allow a married Participant to designate a non-Spouse Beneficiary. For purposes of this Subsection (c), a plan fully subsidizes the costs of a benefit if no increase in cost or decrease in benefits to the Participant may result from the Participant’s failure to elect another benefit.

17.06 Definitions. For the purposes of this Section, the following definitions shall apply:

(a) Annuity Starting Date. The first day of the first period for which an amount is paid as an annuity or any other form.
(b) **Election Period.** The period which begins on the first day of the Plan Year in which the Participant attains age thirty-five (35) and ends on the date of the Participant’s death. If a Participant separates from service prior to the first day of the Plan Year in which age thirty-five (35) is attained, with respect to the Account balance as of the date of separation, the Election Period shall begin on the date of separation. Pre-age thirty-five (35) waiver: A Participant who will not yet attain age thirty-five (35) as of the end of any current Plan Year may make a special Qualified Election to waive the Qualified Preretirement Survivor Annuity for the period beginning on the date of such election and ending on the first day of the Plan Year in which the Participant will attain age thirty-five (35). Such election shall not be valid unless the Participant receives a written explanation of the Qualified Preretirement Survivor Annuity in such terms as are comparable to the explanation required under Section 17.05(a). Qualified Preretirement Survivor Annuity coverage will be automatically reinstated as of the first day of the Plan Year in which the Participant attains age thirty-five (35). Any new waiver on or after such date shall be subject to the full requirements of this Article.

(c) **Earliest Retirement Age.** The earliest date on which, under the Plan, the Participant could elect to receive retirement benefits.

(d) **Qualified Election.** A waiver of a Qualified Joint and Survivor Annuity or a Qualified Preretirement Survivor Annuity. Any waiver of a Qualified Joint and Survivor Annuity or a Qualified Preretirement Survivor Annuity shall not be effective unless: (a) the Participant’s Spouse consents in writing to the election; (b) the election designates a specific Beneficiary, including any class of Beneficiaries or any contingent Beneficiaries, which may not be changed without spousal consent (or the Spouse expressly permits designations by the Participant without any further spousal consent); (c) the Spouse’s consent acknowledges the effect of the election; and (d) the Spouse’s consent is witnessed by a Plan representative or notary public. Additionally, a Participant’s waiver of the Qualified Joint and Survivor Annuity shall not be effective unless the election designates a form of benefit payment which may not be changed without spousal consent (or the Spouse expressly permits designations by the Participant without any further Spousal consent). If it is established to the satisfaction of a Plan representative that there is no Spouse or that the Spouse cannot be located, a waiver will be deemed a Qualified Election.

Any consent by a Spouse obtained under this provision (or establishment that the consent of a Spouse may not be obtained) shall be effective only with respect to such Spouse. A consent that permits designations by the Participant without any requirement of further consent by such Spouse must acknowledge that the Spouse has the right to limit consent to a specific Beneficiary, and a specific form of benefit where applicable, and that the Spouse voluntarily elects to relinquish either or both of such rights. A revocation of a prior waiver may be made by a Participant without the consent of the Spouse at any time before the commencement of benefits. The number of revocations shall not be limited. No consent obtained under this provision shall be valid unless the Participant has received notice as provided in Section 17.05.

(e) **Qualified Joint and Survivor Annuity.** An immediate annuity for the life of the Participant with a survivor annuity for the life of the Spouse which is fifty percent (50%) of the amount of the annuity which is payable during the joint lives of the Participant and the Spouse and which is the amount of benefit which can be purchased with the Participant’s Vested Account Balance.

(f) **Spouse (Surviving Spouse).** The Spouse or Surviving Spouse of the Participant, provided that a former Spouse will be treated as the Spouse or Surviving Spouse and a current Spouse will not be treated as the Spouse or Surviving Spouse to the extent provided under a qualified domestic relations order as described in section 414(p) of the Code.

(g) **Straight Life Annuity.** An annuity payable in equal installments for the life of the Participant that terminates upon the Participant’s death.
(h) Vested Account Balance. The aggregate value of the Participant's vested Account balances derived from Employer and Employee contributions (including rollovers), whether vested before or upon death, including the proceeds of insurance contracts, if any, on the Participant's life. The provisions of this Article shall apply to a Participant who is vested in amounts attributable to Employer Contributions, Employee contributions (or both) at the time of death or distribution.

17.07 Annuity Contracts. Where benefits are to be paid in the form of a life annuity pursuant to the terms of this Article, a nontransferable annuity contract shall be purchased from a life insurance company and distributed to the Participant or Surviving Spouse, as applicable. The terms of any annuity contract purchased and distributed by the Plan shall comply with the requirements of this Plan and section 417 of the Code.

XVIII. FINAL PAY CONTRIBUTIONS

18.01 Eligibility. Effective as of January 1, 2006, if elected by the Employer in the Adoption Agreement, Final Pay Contributions on behalf of each eligible Participant equal to the equivalent of the accrued unpaid final pay, as defined in the Adoption Agreement ("Final Pay"), shall be contributed to the Plan. Eligibility for Final Pay Contributions is limited to only those Participants or class of Participants that the Employer elects in the Adoption Agreement.

18.02 Contribution Amount. At the election of the Employer in the Adoption Agreement, the Final Pay Contributions may be made as either (a) Employer Final Pay Contributions, or (b) Employee Designated Final Pay Contributions, as described below.

(a) Employer Final Pay Contributions. The Employer shall contribute to the Plan for each eligible Participant the equivalent of a designated amount of accrued unpaid final pay upon termination of employment of the Participant, as the Employer so elects in the Adoption Agreement. The Employer's contribution for any Plan Year shall be due and paid not later than the time prescribed by applicable law. The Employer Final Pay Contributions shall be accounted for in the Employer Contribution Account.

(b) Employee Designated Final Pay Contributions. The Employer shall contribute to the Plan for each eligible Participant all or any portion of a Participant's Final Pay, as elected by the Participant. The Employer may limit the amount of Final Pay to be elected to be contributed to the Plan. Once elected, an Employee's election shall remain in force and may not be revised or revoked.

The Employee Designated Final Pay Contributions shall be accounted for in the Participant Contribution Account, and are nonforfeitable by the Participant at all times.

The Employee Designated Final Pay Contributions shall be “picked up” by the Employer in accordance with Code section 414(h)(2). The contributions shall be treated as an employer contribution in determining the tax treatment under the Code, and shall not be included as gross income of the Participant until it is distributed.

A Participant cannot elect to receive cash in lieu of any Final Pay Contribution.

18.03 Equivalencies. The Final Pay Contribution shall be determined by multiplying the Participant's current daily rate of pay from the Employer times the amount of accrued unpaid leave being converted.

18.04 Excess Contributions. Final Pay Contributions are limited to the extent of applicable law and any Code limitation. No Final Pay Contribution shall be made to the extent that it would exceed the applicable Code section 415 limitation, as set forth in Article V. Any excess contributions as a result of the Code section 415 limitation shall remain in the Participant's leave bank.
XIX. ACCRUED LEAVE CONTRIBUTIONS

19.01 Eligibility. Effective as of January 1, 2006, if elected by the Employer in the Adoption Agreement, Accrued Leave Contributions on behalf of each eligible Participant equal to the equivalent of the accrued unpaid leave, as defined in the Adoption Agreement ("Accrued Leave"), shall be contributed to the Plan. Eligibility for Accrued Leave Contributions is limited to only those Participants or class of Participants that the Employer elects in the Adoption Agreement.

19.02 Contribution Amount. At the election of the Employer in the Adoption Agreement, the Accrued Leave Contributions may be made as either (a) Employer Accrued Leave Contributions, or (b) Employee Designated Accrued Leave Contributions, as described below:

(a) Employer Accrued Leave Contributions. The Employer shall contribute to the Plan for each eligible Participant the equivalent of a designated amount of accrued unpaid leave each year, as the Employer so elects in the Adoption Agreement. The Employer's contribution for any Plan Year shall be due and paid not later than the time prescribed by applicable law. The Employer Accrued Leave Contributions shall be accounted for in the Employer Contribution Account.

(b) Employee Designated Accrued Leave Contributions. The Employer shall contribute to the Plan for each eligible Participant all or any portion of a Participant's Accrued Leave, as elected by the Participant. The Employer may limit the amount of Accrued Leave to be elected to be contributed to the Plan. Once elected, an Employee's election shall remain in force and may not be revised or revoked.

The Employee Designated Accrued Leave Contributions shall be accounted for in the Participant Contribution Account, and are nonforfeitable by the Participant at all times.

The Employee Designated Accrued Leave Contributions shall be "picked up" by the Employer in accordance with Code section 414(h)(2). The contributions shall be treated as an employer contribution in determining the tax treatment under the Code, and shall not be included as gross income of the Participant until it is distributed.

A Participant cannot elect to receive cash in lieu of any Accrued Leave Contribution.

19.03 Equivalencies. The Accrued Leave Contribution shall be determined by multiplying the Participant's current daily rate of pay from the Employer times the amount of accrued unpaid leave being converted.

19.04 Excess Contributions. Accrued Leave Contributions are limited to the extent of applicable law and any Code limitation. No Accrued Leave Contribution shall be made to the extent that it would exceed the applicable Code section 415 limitation, as set forth in Article V. Any excess contributions as a result of the Code section 415 limitation shall remain in the Participant's leave bank.
DECLARATION OF TRUST

This Declaration of Trust (the "Group Trust Agreement") is made as of the 19th day of May, 2001, by VantageTrust Company, which declares itself to be the sole Trustee of the trust hereby created.

WHEREAS, the ICMA Retirement Trust was created as a vehicle for the commingling of the assets of governmental plans and governmental units described in Section 818(a)(6) of the Internal Revenue Code of 1986, as amended, pursuant to a Declaration of Trust dated October 4, 1982, as subsequently amended, a copy of which is attached hereto and incorporated by reference as set out below (the "ICMA Declaration"); and

WHEREAS, the trust created hereunder (the "Group Trust") is intended to meet the requirements of Revenue Ruling 81-100, 1981-1 C.B. 326, and is established as a common trust fund within the meaning of Section 391:1 of Title 35 of the New Hampshire Revised Statutes Annotated, to accept and hold for investment purposes the assets of the Deferred Compensation and Qualified Plans held by and through the ICMA Retirement Trust.

NOW, THEREFORE, the Group Trust is created by the execution of this Declaration of Trust by the Trustee and is established with respect to each Deferred Compensation and Qualified Plan by the transfer to the Trustee of such Plan's assets in the ICMA Retirement Trust, by the Trustees thereof, in accord with the following provisions:

(a) Incorporation of ICMA Declaration by Reference; ICMA By-Laws. Except as otherwise provided in this Group Trust Agreement, and to the extent not inconsistent herewith, all provisions of the ICMA Declaration are incorporated herein by reference and made a part hereof, to be read by substituting the Group Trust for the Retirement Trust and the Trustee for the Board of Trustees referenced therein. In this respect, unless the context clearly indicates otherwise, all capitalized terms used herein and defined in the ICMA Declaration have the meanings assigned to them in the ICMA Declaration. In addition, the By-Laws of the ICMA Retirement Trust, as the same may be amended from time-to-time, are adopted as the By-Laws of the Group Trust to the extent not inconsistent with the terms of this Group Trust Agreement.

Notwithstanding the foregoing, the terms of the ICMA Declaration and By-Laws are further modified with respect to the Group Trust created hereunder, as follows:

1. any reporting, distribution, or other obligation of the Group Trust vis-à-vis any Deferred Compensation Plan, Qualified Plan, Public Employer, Public Employer Trustee, or Employer Trust shall be deemed satisfied to the extent that such obligation is undertaken by the ICMA Retirement Trust (in which case the obligation of the Group Trust shall run to the ICMA Retirement Trust); and

2. all provisions dealing with the number, qualification, election, term and nomination of Trustees shall not apply, and all other provisions relating to trustees (including, but not limited to, resignation and removal) shall be interpreted in a manner consistent with the appointment of a single corporate trustee.

(b) Compliance with Revenue Procedure 81-100. The requirements of Revenue Procedure 81-100 are applicable to the Group Trust as follows:

1. Pursuant to the terms of this Group Trust Agreement and Article X of the By-Laws, investment in the Group Trust is limited to assets of Deferred Compensation and Qualified Plans, investing through the ICMA Retirement Trust.

2. Pursuant to the By-Laws, the Group Trust is adopted as a part of each Qualified Plan that invests herein through the ICMA Retirement Trust.
3. In accord with the By-Laws, that part of the Group Trust's corpus or income which equitably belongs to any Deferred Compensation and Qualified Plan may not be used for or diverted to any purposes other than for the exclusive benefit of the Plan's employees or their beneficiaries who are entitled to benefits under such Plan.

4. In accord with the By-Laws, no Deferred Compensation Plan or Qualified Plan may assign any or part of its equity or interest in the Group Trust, and any purported assignment of such equity or interest shall be void.

(c) Governing Law. Except as otherwise required by federal, state or local law, this Declaration of Trust (including the ICMA Declaration to the extent incorporated herein) and the Group Trust created hereunder shall be construed and determined in accordance with applicable laws of the State of New Hampshire.

(d) Judicial Proceedings. The Trustee may at any time initiate an action or proceeding in the appropriate state or federal courts within or outside the state of New Hampshire for the settlement of its accounts or for the determination of any question of construction which may arise or for instructions.

IN WITNESS WHEREOF, the Trustee has executed this Declaration of Trust as of the day and year first above written.

Dear Applicant:

In our opinion, the form of the plan identified above is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This opinion relates only to the acceptability of the form of the plan under the Internal Revenue Code. It is not an opinion of the effect of other Federal or local statutes.

You must furnish a copy of this letter, a copy of the approved plan, and copies of any subsequent amendments to adopting employers if the practitioner is authorized to amend the plan on their behalf, to each employer who adopts this plan. Effective on or after 10/31/2011, interim amendments adopted by the practitioner on behalf of employers must provide the date of adoption by the practitioner.

This letter considers the changes in qualification requirements contained in the 2010 Cumulative List of Notice 2010-90, 2010-52 I.R.B. 909.

Our opinion on the acceptability of the form of the plan is not a ruling or determination as to whether an employer's plan qualifies under Code section 401(a). However, an employer that adopts this plan may rely on this letter with respect to the qualification of its plan under Code section 401(a), as provided for in Rev. Proc. 2011-49, 2011-44 I.R.B. 608, and outlined below. The terms of the plan must be followed in operation.

Except as provided below, our opinion does not apply with respect to the requirements of Code sections 401(a)(4), 401(l), 410, and 414(s). Our opinion does not apply for purposes of Code section 401(a)(10)(B) and section 401(a)(18) if an employer ever maintained another qualified plan for one or more employees who are covered by this plan. For this purpose, the employer will not be considered to have maintained another plan merely because the employer has maintained another defined contribution plan(s), provided such other plan(s) has been terminated prior to the effective date of this plan and no annual additions have been credited to the account of any participant under such other plan(s) as of any date within the limitation year of this plan. Also, for this purpose, an employer is considered as maintaining another plan, to the extent that the employer maintains a welfare benefit fund defined in Code section 419(e), which provides postretirement medical benefits allocated to separate accounts for key employees as defined in Code section 419A(d)(3), or an individual medical account as defined in Code section 415(i)(2), which is part of a pension or annuity plan maintained by the employer, or a simplified employee pension plan.

Our opinion does not apply for purposes of the requirement of section 1.401(a)-1(b)(2) of the regulations applicable to a money purchase plan or target benefit plan where the normal retirement age under the employer's plan is lower than age 62.

Letter 4333
This is not a ruling or determination with respect to any language in the plan that reflects Section 3 of the Defense of Marriage Act, Pub. L. 104-199, 110 Stat. 2419 (DOMA) or U.S. v. Windsor, 133 S. Ct. 2575 (2013), which invalidated that section.

This letter is not a ruling with respect to the tax treatment to be accorded contributions which are picked up by the governmental employing unit within the meaning of section 414(h)(2) of the Internal Revenue Code.

Our opinion applies with respect to the requirements of Code section 410(b) if 100 percent of all nonexcludable employees benefit under the plan. Employers that elect a safe harbor allocation formula and a safe harbor compensation definition can also rely on an advisory letter with respect to the nondiscriminatory amounts requirement under section 401(a)(4). If this plan includes a CODA or otherwise provides for contributions subject to sections 401(k) and/or 401(m), the advisory letter can be relied on with respect to the form of the nondiscrimination tests of 401(k)(3) and 401(m)(2) if the employer uses a safe harbor compensation definition. In the case of plans described in section 401(k)(12) or (13) and/or 401(m)(11) or (12), employers may also rely on the advisory letter with respect to whether the form of the plan satisfies the requirements of those sections unless the plan provides for the safe harbor contribution to be made under another plan.

The employer may request a determination (1) as to whether the plan, considered with all related qualified plans and, if appropriate, welfare benefit funds, individual medical benefit accounts, and simplified employee pension plans, satisfies the requirements of Code section 401(a)(16) as to limitations on benefits and contributions in Code section 415 and the requirements of Code section 401(a)(10)(B) as to the top-heavy plan requirements in Code section 416; (2) with respect to whether a money purchase or target benefit plan's normal retirement age which is earlier than age 62 satisfies the requirements of section 401(a)-1(b)(2) of the Income Tax Regulations; (3) that the plan is a multiple employer plan; (4) whether there has been a partial termination; and (5) to comply with published procedures of the Service (e.g. minimum funding waiver request). The employer may request a determination letter by filing an application with Employee Plans Determinations on Form 5307, with regard to item (1) above, and Form 5300, for items (2), (3), (4) and (5), without restating for the Cumulative List in effect when the application is filed.

If you, the volume submitter practitioner, have any questions concerning the IRS processing of this case, please call the above telephone number. This number is only for use of the practitioner. Individual participants and/or adopting employers with questions concerning the plan should contact the volume submitter practitioner. The plan's adoption agreement, if applicable, must include the practitioner's address and telephone number for inquiries by adopting employers.

If you write to the IRS regarding this plan, please provide your telephone number and the most convenient time for us to call in case we need more information. Whether you call or write, please refer to the Letter Serial Number and File Folder Number shown in the heading of this letter.

You should keep this letter as a permanent record. Please notify us if you modify or discontinue sponsorship of this plan.

Sincerely Yours,

☐ 1. Effective Date of Restatement. If this document is a restatement of an existing plan, the effective date of the Plan shall be January 1, 2007 unless an alternate effective date is hereby specified: June 29, 2014

(Note: An alternate effective date can be no earlier than January 1, 2007.)

☐ 2. Effective Date of New Plan. If this is a new Plan, the effective date of the Plan shall be the first day of the Plan Year during which the Employer adopts the Plan, unless an alternate Effective Date is hereby specified:

IV. Normal Retirement Age shall be age 62.0 (not to exceed age 65).

Important Note to Employers: Normal Retirement Age is significant for determining the earliest date at which the Plan may allow for in-service distributions. Normal Retirement Age also defines the latest date at which a Participant must have a fully vested right to his/her Account. There are IRS rules that limit the age that may be specified as the Plan's Normal Retirement Age. The Normal Retirement Age cannot be earlier than what is reasonably representative of the typical retirement age for the industry in which the covered workforce is employed. An age under 55 is presumed not to satisfy this requirement, unless the Commissioner of Internal Revenue determines that the facts and circumstances show otherwise.

Whether an age between 55 and 62 satisfies this requirement depends on the facts and circumstances, but an Employer's good
Whether an age between 55 and 62 satisfies this requirement depends on the facts and circumstances, but an Employer's good faith, reasonable determination will generally be given deference. A special rule, however, applies in the case of a plan where substantially all of the participants in the plan are qualified public safety employees within the meaning of section 72(t)(10)(B) of the Code, in which case an age of 50 or later is deemed not to be earlier than the earliest age that is reasonably representative of the typical retirement age for the industry in which the covered workforce is employed.

2. The Employer hereby waives or reduces the requirement of a twelve (12) month Period of Service for participation. The required Period of Service shall be (write N/A if an Employee is eligible to participate upon employment) N/A _____________.

Commission Staff Report

Date: February 25, 2016
To: NCPA Commission
Subject: TMG Utility Advisory Services, Inc. Five Year Multi-Task Consulting Services Agreement for Smart Grid Services applicable to Members, SCPPA and SCPPA Members

Proposal

Approve a five year Multi-Task Consulting Services Agreement with TMG Utility Advisory Services, Inc. in an amount not-to-exceed $1,500,000 for advisory services and client-side delivery support services to support smart grid and related IT projects on behalf of Members, SCPPA and SCPPA members.

Background

NCPA Members are in various stages of evaluation and decision making with respect to the implementation of Meter Data Management (MDM) systems and Customer Information Systems (CIS) in each of their respective utilities. MDM and CIS applications are core applications, foundational to a smart grid system, that offer the potential for improved reliability, operational performance and customer service, and yet, can also present increased complexity and challenges to a utility’s organization.

In support of the effort to achieve the goals that smart grid systems can provide, an ad hoc Smart Grid Committee was formed in mid-2015 of NCPA staff and members to identify opportunities where NCPA could provide joint action agency services in support of members’ smart grid initiatives. The committee found common ground for pursuing joint efforts among three main areas: (1) information sharing; (2) replacement of Customer Information Systems (CIS); and (3) replacement of Meter Data Management Systems (MDMS) to function as an interface between the CIS and their respective smart grid systems.

NCPA, acting on behalf of the ad hoc Smart Grid Project committee members, issued a Request for Proposal (RFP) for consulting services in August 2015 to develop specifications to facilitate the procurement of Customer Information Systems (CIS), Meter Data Management Systems (MDMS), and related smart grid consulting services for each applicable NCPA member utility.
Consulting Services Selection Process

In response to its RFP for Smart Grid consulting services, NCPA received proposals from eight respondents, of which the ad hoc Smart Grid Committee interviewed five consulting organizations:

- AAC Utility Partners for CIS consulting services;
- Black & Veatch for both MDM and CIS consulting services;
- Leidos Engineering for CIS consulting services;
- Navigant Consulting for MDM consulting services; and
- TMG Utility Advisory Services, Inc. and partnering subcontractor Utiliworks Consulting LLC for CIS and MDM consulting services.

The committee unanimously selected TMG Utility Advisory Services, Inc. to lead NCPA’s smart grid initiative for smart grid consulting services. This five-year multi-task consulting services agreement establishes a contractual relationship with TMG to provide advisory services to NCPA with respect to application planning, quality assurance oversight and procurement for Smart Grid Services as well as client-side delivery support services in support of utility IT projects. NCPA will issue purchase orders for identified project tasks on behalf of contracting participants, subject to approval by the Commission, if required.

Smart Grid Project Agreement

The Multi-Task Consulting Services Agreement between NCPA and TMG Utility Advisory Services, Inc. will be used in conjunction with the Smart Grid Project Agreement between NCPA and Contracting Participants that was approved previously by the Commission on October 2, 2015.

The Smart Grid Project Agreement establishes the contractual relationship between NCPA and Contracting Participants who desire NCPA to secure services on their behalf with respect to smart grid services for consulting services as well as other potential future services for the implementation, integration, maintenance and other functions related to smart grid system solutions. This services agreement between NCPA and Contracting Participants is a ten year agreement that is designed to be flexible to meet each participant’s specific utility smart grid needs. Individual Contracting Participants may, subject to certain conditions, elect to participate or opt out of certain project phases and tasks based on their particular utility smart grid requirements.

Services associated with this Multi-Task Consulting Services Agreement between NCPA and TMG Utility Advisory Services, Inc. may further be utilized through the NCPA Support Services Agreement, once approved by the Commission, or any other applicable agreement with NCPA Members, SCPPA, and/or SCPPA members.

Fiscal Impact

This Multi-Task Consulting Services Agreement between NCPA and TMG Utility Advisory Services, Inc. has a not-to-exceed limit of $1,500,000 over its five year term. As indicated in section 1.5 of the Agreement, NCPA will issue purchase orders for any specific tasks on behalf of applicable contracting members and participants, which will be separately submitted for Commission approval, if required.
Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a "project" for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.

Recommendation

Staff recommends that the NCPA Commission approve Resolution 16-12 authorizing the General Manager or his designee to enter into a Multi-Task Consulting Services Agreement with TMG Utility Advisory Services, Inc. with any non-substantial changes recommended and approved by the NCPA General Counsel, which shall not exceed $1,500,000 over five years for use by NCPA that applies to Members, SCPPA, and SCPPA members.

Respectfully submitted,

RANDY S. HOWARD

This dollar amount is not a guarantee that Agency will pay that full amount to the Consultant, but is merely a limit of potential Agency expenditures under this Agreement.

2.1 Invoices. Consultant shall submit invoices, not more often than once a month during the term of this Agreement, based on the cost for services performed and reimbursable costs incurred prior to the invoice date. Invoices shall contain the following information:

The policy shall provide a minimum limit of $1,000,000 per each accident, with a self-insured retention or deductible of no more than $100,000. This insurance shall provide contractual liability covering all

Section 5. **INDEMNIFICATION AND CONSULTANT’S RESPONSIBILITIES.**

5.1 **Effect of Insurance.** Agency's acceptance of insurance certificates and endorsements required under this Agreement does not relieve Consultant from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Consultant acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

5.2 **Scope.** Consultant shall indemnify, defend with counsel reasonably acceptable to the Agency, and hold harmless the Agency and its officials, commissioners, officers, employees, and volunteers from and against any and all claims that arise out of, pertain to or relate to the negligence, recklessness or willful misconduct of the Consultant in its performance of Services under this Agreement. Consultant shall bear all losses, costs, damages, expense and liability of every kind, nature and description that arise out of, pertain to, or relate to such claims, whether directly or indirectly (“Liabilities”). Such obligations to defend, hold harmless and indemnify the Agency shall not apply to the extent that such Liabilities are caused by the sole negligence, active negligence, or willful misconduct of the Agency.

Section 6. **STATUS OF CONSULTANT.**

6.1 **Independent Contractor.** Consultant is an independent contractor and not an employee of Agency. Agency shall have the right to control Consultant only insofar as the results of Consultant's Services and assignment of personnel pursuant to Section 1; otherwise, Agency shall not have the right to control the means by which Consultant accomplishes Services rendered pursuant to this Agreement. Notwithstanding any other Agency, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Consultant and any of its employees, agents, and subcontractors providing services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any
compensation, benefit, or any incident of employment by Agency, including but not limited
to eligibility to enroll in the California Public Employees Retirement System (PERS) as an
employee of Agency and entitlement to any contribution to be paid by Agency for employer
contributions and/or employee contributions for PERS benefits.

Consultant shall indemnify, defend, and hold harmless Agency for the payment of any
employee and/or employer contributions for PERS benefits on behalf of Consultant or its
employees, agents, or subcontractors, as well as for the payment of any penalties and
interest on such contributions, which would otherwise be the responsibility of Agency.
Consultant and Agency acknowledge and agree that compensation paid by Agency to
Consultant under this Agreement is based upon Consultant’s estimated costs of providing
the Services, including salaries and benefits of employees, agents and subcontractors of
Consultant.

Consultant shall indemnify, defend, and hold harmless Agency from any lawsuit,
administrative action, or other claim for penalties, losses, costs, damages, expense and
liability of every kind, nature and description that arise out of, pertain to, or relate to such
claims, whether directly or indirectly, due to Consultant’s failure to secure workers’
compensation insurance for its employees, agents, or subcontractors.

Consultant agrees that it is responsible for the provision of group healthcare benefits to its
fulltime employees under 26 U.S.C. § 4980H of the Affordable Care Act. To the extent
permitted by law, Consultant shall indemnify, defend and hold harmless Agency from any
penalty issued to Agency under the Affordable Care Act resulting from the performance of
the Services by any employee, agent, or subcontractor of Consultant.

6.2 **Consultant Not Agent.** Except as Agency may specify in writing, Consultant shall have
no authority, express or implied, to act on behalf of Agency in any capacity whatsoever as
an agent. Consultant shall have no authority, express or implied, pursuant to this
Agreement to bind Agency to any obligation whatsoever.

6.3 **Assignment and Subcontracting.** This Agreement contemplates personal performance
by Consultant and is based upon a determination of Consultant’s unique professional
competence, experience, and specialized professional knowledge. A substantial
inducement to Agency for entering into this Agreement was and is the personal reputation

not assign this Agreement or any interest therein without the prior written approval of the
Agency. Consultant shall not subcontract any portion of the performance contemplated
and provided for herein, other than to the subcontractors identified in Exhibit A, without
prior written approval of the Agency. Where written approval is granted by the Agency,
Consultant shall supervise all work subcontracted by Consultant in performing the services
and shall be responsible for all work performed by a subcontractor as if Consultant itself
had performed such work. The subcontracting of any work to subcontractors shall not
relieve Consultant from any of its obligations under this Agreement with respect to the services and Consultant is obligated to ensure that any and all subcontractors performing any services shall be fully insured in all respects and to the same extent as set forth under Section 4, to Agency’s satisfaction.

6.4 **Certification as to California Energy Commission.** If requested by the Agency, Consultant shall, at the same time it executes this Agreement, execute Exhibit C.

Section 7. **LEGAL REQUIREMENTS.**

7.2 **Compliance with Applicable Laws.** Consultant and its subcontractors and agents, if any, shall comply with all laws applicable to the performance of the work hereunder.

7.3 **Licenses and Permits.** Consultant represents and warrants to Agency that Consultant and its employees, agents, and subcontractors (if any) have and will maintain at their sole expense during the term of this Agreement all licenses, permits, qualifications, and approvals of whatever nature that are legally required to practice their respective professions.

Section 8. **TERMINATION AND MODIFICATION.**

8.1 **Termination.** Agency may cancel this Agreement at any time and without cause upon ten (10) days prior written notice to Consultant.

In the event of termination, Consultant shall be entitled to compensation for Services satisfactorily completed as of the effective date of termination; Agency, however, may condition payment of such compensation upon Consultant delivering to Agency any or all records or documents, as referenced in Section 9.1 hereof.

8.2 **Amendments.** The Parties may amend this Agreement only by a writing signed by all the Parties.

8.3 **Survival.** All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating liability between Agency and Consultant shall survive the termination of this Agreement.

8.4 **Options upon Breach by Consultant.** If Consultant materially breaches any of the terms of this Agreement, including but not limited to those set forth in Section 4, Agency’s remedies shall include, but not be limited to, the following:

8.4.1 Immediately terminate the Agreement;
8.4.2 Retain the plans, specifications, drawings, reports, design documents, and any other work product prepared by Consultant pursuant to this Agreement;

8.4.3 Retain a different consultant to complete the Services not finished by Consultant; and/or

All reports, data, maps, models, charts, studies, surveys, photographs, memoranda, plans, studies, specifications, records, files, or any other documents or materials, in electronic or any other form, that Consultant prepares or obtains pursuant to this Agreement and that relate to the matters covered hereunder shall be the property of the Agency. Consultant hereby agrees to deliver those documents to the Agency upon termination of the Agreement. Agency and Consultant agree that, unless approved by Agency in writing, Consultant shall not release to any non-parties to this Agreement any data, plans, specifications, reports and other documents.

9.2 Consultant's Books and Records. Consultant shall maintain any and all records or other documents evidencing or relating to charges for Services or expenditures and disbursements charged to the Agency under this Agreement for a minimum of three (3) years, or for any longer period required by law, from the date of final payment to the Consultant to this Agreement.

9.3 Inspection and Audit of Records. Any records or documents that this Agreement requires Consultant to maintain shall be made available for inspection, audit, and/or copying at any time during regular business hours, upon oral or written request of the Agency. Under California Government Code Section 8546.7, if the amount of public funds expended under this Agreement exceeds ten thousand dollars ($10,000.00), the Agreement shall be subject to the examination and audit of the State Auditor, at the request of Agency or as part of any audit of the Agency, for a period of three (3) years after final payment under the Agreement.

9.4 Confidential Information and Disclosure.

9.4.1 Confidential Information. The term "Confidential Information", as used herein, shall mean any and all confidential, proprietary, or trade secret information,

Receiving Party shall endeavor to provide prior written notice to Disclosing Party of any permitted disclosure made pursuant to Section 9.4.3.2 or 9.4.3.3. Disclosing Party may seek a protective order, including without limitation, a temporary restraining order to prevent or contest such permitted disclosure; provided, however, that Disclosing Party shall seek such remedies at its sole expense. Neither party shall have any liability for such permitted disclosures:

9.4.3.1 Disclosure to employees, agents, consultants, contractors, subcontractors or other representatives of Receiving Party that have a need to know in connection with this Agreement.

9.4.3.2 Disclosure in response to a valid order of a court, government or regulatory agency or as may otherwise be required by law; and

9.4.3.3 Disclosure by Agency in response to a request pursuant to the California Public Records Act.

9.4.4 **Handling of Confidential Information.** Upon conclusion or termination of the Agreement, Receiving Party shall return to Disclosing Party or destroy Confidential Information (including all copies thereof), if requested by Disclosing Party in writing. Notwithstanding the foregoing, the Receiving Party may retain copies of such Confidential Information, subject to the confidentiality provisions of this Agreement: (a) for archival purposes in its computer system; (b) in its legal

SMART GRID PROJECT AGREEMENT BETWEEN
NORTHERN CALIFORNIA POWER AGENCY
AND CONTRACTING PARTICIPANTS

This SMART GRID PROJECT Agreement ("Agreement") is made by and between the
NORTHERN CALIFORNIA POWER AGENCY ("NCPA"), a joint public powers agency with offices
located at 651 Commerce Drive, Roseville, California and each Participant identified in Exhibit A
(attached hereto and incorporated herein, each being a "Contracting Participant" and jointly
referred to as "Contracting Participants"). NCPA and the Contracting Participants are together
sometimes referred to herein individually as a "Party" and collectively as the "Parties". This
Agreement is made as of ______________, 20__ (the "Effective Date") in Roseville, California.

Section 1. TERMS

This Agreement is entered into based on the following facts, among others:

1.1 NCPA is a public agency created by a joint powers agreement established under
California law for the purpose of assisting its members in the efficient use of their common powers.

1.2 Contracting Participant is engaged in, among other things, transmitting and
distributing electric power and other utility services within its respective corporate limits. Contracting Participant desires that NCPA provide Contracting Participant with the Services
described in this Agreement.

1.3 Article III, section 3 of the "Amended and Restated Northern California Power
Agency Joint Powers Agreement" (as amended and effective January 1, 2008) (hereinafter "JPA")
entitled "Powers and Functions" provides that none of the debts, liabilities or obligations of NCPA
shall be the debts, liabilities or obligations of any of the members of NCPA unless assumed in a
particular case by resolution of the governing body of the member to be charged. Notwithstanding
the foregoing, Article V, section 1 of the JPA entitled "General Provisions" provides that "[t]he
governing Commission of NCPA is authorized to procure public liability and other insurance as it
deems advisable to protect NCPA and each of the parties hereto, charging the cost thereof to the
operating costs of NCPA."

1.4 Contracting Participant desires to secure NCPA's Services under this Agreement in
a manner that balances the Contracting Participant's interests and the interests of NCPA members
with the ongoing financial viability and professional responsibilities of NCPA. Accordingly,
Contracting Participant desires to secure NCPA's Services under this Agreement by accepting a
limited insurance based recourse against NCPA, with the option of procuring additional insurance
at Contracting Participant's sole expense, thereby insuring that NCPA will substantially limit its risk
for the provision of such Services which, in turn, allocates risks back to the Contracting Participant
in the event NCPA is not adequately insured.
1.5 NCPA will provide Services to Contracting Participants under this Agreement by contracting with various consultants (“Consultants”) pursuant to one or more Services Agreements between the Northern California Power Agency and selected Consultants (“Services Agreements”).

1.6 Contracting Participants desire to secure NCPA’s Services under this Agreement to provide Smart Grid Project development, implementation and maintenance related services. These services may include development of Specifications to facilitate Procurement of Customer Information Systems & Meter Data Management Systems for Contracting Participants (Smart Grid Project), as well as other related Smart Grid functions to assist Contracting Participants in development of various components of Smart Grid solutions at their utility.

Section 2. DEFINITIONS

Whenever used in this Agreement with initial capitalization, these terms shall have the following meanings as applicable, whether in the singular or plural:

2.1 “Consultants” shall mean one or more consultants selected by NCPA throughout the term of this Agreement to assist with the Smart Grid Project, pursuant to the Services Agreements.

2.2 “Fiscal Year shall mean the NCPA fiscal year, a twelve month period beginning July 1 and ending on the following June 30.

2.3 “Good Utility Practice” shall mean any of the practices, methods and acts engaged in or approved by a significant portion of the electric utility industry during the relevant time period, or any of the practices, methods and acts which, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result of the lowest reasonable cost consistent with good business practices, reliability, safety and expedition. Good Utility Practice is not intended to be limited to the optimum practice, method or act to the exclusion of all others, but rather to be acceptable practices, methods, or acts generally accepted in the region and consistently adhered to by the electric utility industry.

2.5 “Services Agreements” shall mean the Services Agreements between Northern California Power Agency and Consultants to provide Smart Grid related consulting services.

2.6 “Smart Grid Project” shall mean the system components as described in the Scope of Service in Exhibit B.

2.7 “Stranded Costs” shall mean all costs incurred by NCPA in providing Services to Contracting Participants under this Agreement for one or more Tasks that could not reasonably be avoided by NCPA from the date it receives a written notice of termination for a particular Task pursuant to Section 4.2. Such costs may include, but not be limited to, salary and employment costs, rent, utilities, NCPA’s administrative costs or contracts incurred to provide Services under this Agreement.
2.8 "Tasks" shall mean each individual task or service provided to one or more Contracting Participants pursuant to one or more Services Agreements.

Section 3. SERVICES TO BE PROVIDED; AUTHORIZED REPRESENTATIVES; STANDARD OF PERFORMANCE

3.1 Services. This Agreement is entered into by the Parties in order for NCPA to provide services to Contracting Participant as described in the Scope of Service, Exhibit B attached hereto and incorporated herein ("Services").

3.2 Authorized Representatives. The Authorized Representatives of the Parties for contract administration under this Agreement are listed in Section 10.6. Each Authorized Representative has the authority to add additional Tasks, in addition to those set forth in Exhibit B, as long as such Tasks are consistent with Section 1.6 and within the total budget authorization for each Contracting Participant, as set forth in Exhibit A, or as increased pursuant to Section 3.6 below.

3.3 Standard of Performance. NCPA will perform and/or oversee, as applicable, the Services using that level of skill and attention reasonably required to complete the Services in a competent and timely manner.

3.4 Services Agreements. Contracting Participants acknowledge that the Tasks to be performed will generally be through the Services Agreements, rather than by NCPA using its employees, and that NCPA's Services are generally limited to the administration of the Services Agreements on behalf of the Contracting Participants, subject to Section 3.5.

3.5 NCPA Staff Performing Tasks. Notwithstanding any other provision hereof, NCPA may elect to utilize its staff to perform Tasks when deemed appropriate by NCPA and the Contracting Participant requesting the Task to be performed.

3.6 Increase in Budget Authorization. A Contracting Participant may increase its total budget authorization, as set forth in Exhibit A, by submitting to NCPA a written request for such increase, signed by the Contracting Participant and its general counsel/city attorney.

3.7 Additional Tasks. Notwithstanding any other provision of this Agreement, NCPA shall not be obligated to agree to perform, or contract for the performance of, any Tasks beyond the Tasks listed in Exhibit B.

Section 4. TERM; TERMINATION; AND ADDITIONAL PARTICIPANTS

4.1 Term. The term of this Agreement is intended to be consistent with that of the Services Agreement(s) that may be executed to provide Services requested by one or more Contracting Participants over a period of time, but in no event shall be beyond Fiscal Year 2025. The term of this Agreement shall begin on the Effective Date and shall end upon the termination date of the Services Agreements entered into as part of the Smart Grid Project but shall not extend beyond Fiscal Year 2025.
4.2 **Termination of Participation in Task by Contracting Participant.** Each Contracting Participant shall have the authority to terminate its participation in one or more Tasks by providing at least thirty (30) days' prior written notice of its intent to terminate its participation in a specific Task. Notwithstanding any other provision hereof, the Contracting Participant shall be responsible for all Stranded Costs relating to its early termination of its participation in that Task, as reasonably determined by NCPA. Remaining Contracting Participants for a given Task may be reapportioned their respective share of costs for that Task in the event of early termination by a Contracting Participant.

4.3 **Termination of Participation in Agreement by Contracting Participant.** Each Contracting Participant shall have the authority to terminate its participation in this Agreement, by providing at least thirty (30) days' prior written notice of its intent to terminate its participation in this Agreement. Notwithstanding any other provision hereof, the Contracting Participant shall be responsible for all Stranded Costs relating to its termination of its participation in this Agreement, as reasonably determined by NCPA. Contracting Participant shall compensate NCPA for all outstanding costs and reimbursable expenses incurred for Services and Tasks as of the date of written notice of termination.

4.4 **Termination of Agreement by NCPA.** NCPA may in its sole discretion terminate this Agreement, with thirty (30) days' prior written notice to all Contracting Participants, with the consent of all Contracting Participants or if all Tasks are completed.

4.5 **Additional Contracting Participants.** Following the effective date of the Agreement, an entity wishing to become a Contracting Participant under this Agreement may so request in writing, with appropriate authorization of its governing board. If approved by the NCPA Commission, the requesting party shall become a Contracting Participant.

4.6 **Addition of Contracting Participants to Existing Tasks.** An existing or additional Contracting Participant may participate in an existing Task, subsequent to its written request and payment of its proportionate share of already incurred costs for that task as determined by those already participating Contracting Participants.

**Section 5. INDEMNITY AND INSURANCE**

5.1 **Limitation of NCPA's Liability.**

5.1.1 Except as provided in this section 5.1, NCPA shall not at any time be liable for any injury or damage occurring to a Contracting Participant or any other person or property from any cause whatsoever arising out of this Agreement, including the actions or inactions of Consultant.

5.1.2 The provisions of section 5.1.1 shall not apply where the injury or damage occurring to Contracting Participant is caused by the negligence of NCPA or of any employee, agent or contractor of NCPA, and that any liability under this subsection is limited to the extent of the actual coverage and coverage limits of the insurance policies described in this Section 5.
5.1.3 Notwithstanding Section 5.1.2 above, the Contracting Participant agrees to reimburse NCPA, in a timely manner, for all deductibles and/or self-insured retentions payable by NCPA for any claim, liability or damage arising out of this Agreement.

5.2 Indemnification of NCPA. Except as specified in Section 5.1.2 above, Contracting Participant shall, at its sole cost and expense, indemnify, defend (as set forth below), and hold harmless NCPA and all associated, affiliated, allied, member and subsidiary entities of NCPA, now existing or hereinafter created, and their respective officers, boards, commissions, employees, agents, attorneys, and contractors (hereinafter referred to as “Indemnitees”), from and against any and all liability, obligation, damages, penalties, claims, liens, costs, charges, losses and expenses (including, without limitation, reasonable fees and expenses of attorneys, expert witnesses and consultants), which may be imposed upon, incurred by or be asserted against the Indemnitees arising out of this Agreement, except as caused by Indemnitees’ sole or gross negligence.

5.3 Defense of Indemnitees. In the event any action or proceeding shall be brought against the Indemnitees by reason of any matter for which the Indemnitees are indemnified hereunder, Contracting Participant shall, upon reasonable prior written notice from any of the Indemnitees, at Contracting Participant’s sole cost and expense, resist and defend the same with legal counsel mutually selected by Indemnitee and the Contracting Participant, unless mutual selection of counsel is expressly prohibited by an applicable insurance policy; provided however, that neither Indemnitee nor Contracting Participant shall admit liability in any such matter or on behalf of the other without express written consent, which consent shall not be unreasonably withheld or delayed, nor enter into any compromise or settlement of any claim for which Indemnitees are indemnified hereunder without prior express written consent. The Contracting Participant’s duty to defend shall begin upon receipt of a written notice identifying with specificity the allegations that give rise to this duty to defend.

5.4 Notice. The Parties shall give each other prompt notice of the making of any claim or the commencement of any action, suit or other proceeding covered by the provisions of this Section 5.

5.5 Insurance. During the term of the Agreement and prior to providing any Services under this Agreement, NCPA shall maintain, or cause to be maintained, in full force and effect, and at its sole cost and expense, the types and limits of liability insurance as are annually approved by the governing Commission of NCPA. The types and limits of liability insurance that are applicable to this Agreement are evidenced in policy summaries, which are attached hereto as Exhibit D. NCPA represents that the types of liability insurance and coverage limits shown in Exhibit D are in full force and effect and shall remain so during the term of this Agreement unless NCPA gives prior written notification (preferably, of not less than 30 days) of modification, cancellation or rescission of such coverage.

5.6 Contracting Participant’s Acknowledgment of Option to Secure Additional Insurance. The Contracting Participant acknowledges that there are limitations on NCPA’s liability to the Contracting Participant under this Section 5 and this Agreement and that the Contracting Participant may need to purchase additional insurance of its own to cover the additional risks and the potential additional liabilities it is assuming under this Agreement. Contracting Participant agrees that it will cause, with respect to any additional insurance it obtains or which is otherwise
available to Contracting Participant, its insurers to issue an endorsement providing a waiver of
subrogation rights as to Indemnitees.

5.7 Survival of Obligations. The defense and indemnity obligations of Section 5 shall
survive the termination of this Agreement.

Section 6. COMPENSATION AND CHARGES

6.1 Fees and Costs. Each Contracting Participant hereby agrees to pay NCPA an
amount NOT TO EXCEED the estimated cost to NCPA, for Services through fiscal year 2025, as
set forth in Exhibit A, and other administrative costs incurred by NCPA in performing the Services.
The Budget will be updated and approved by the NCPA Commission, as it deems necessary. Such
approved updates will reflect NCPA’s then current estimated administrative costs for performing
such Services. Each Contracting Participant shall pay NCPA for Services rendered pursuant to
this Agreement at the time and in the manner set forth herein. The payments specified in Exhibit C
shall be the only payments from Contracting Participant to NCPA for Services rendered pursuant to
this Agreement. NCPA shall submit all invoices to Contracting Participant in the manner specified
herein. Except as specifically authorized by Contracting Participant, NCPA shall not bill
Contracting Participant for duplicate Services performed by more than one person.

NCPA and Contracting Participant acknowledge and agree that compensation paid by Contracting
Participant to NCPA under this Agreement is based upon NCPA'S estimated costs of providing the
Services required hereunder, including salaries and benefits of employees and subcontractors, if
any, of NCPA. Consequently, the parties further agree that compensation hereunder is intended to
include the costs of contributions to any pensions and/or annuities to which NCPA and its
employees, agents, and subcontractors may be eligible. Contracting Participant therefore has no
responsibility for such contributions beyond compensation required under this Agreement.

6.2 Monthly Charges for Services. Charges for Services provided hereunder shall
include the current amount of Two Thousand Dollars ($2,000) per month for administrative services
in addition to amounts for Tasks provided by NCPA to Contracting Participants and shall be billed
separately to each Contracting Participant in accordance with Exhibit C.

Section 7. BILLING AND PAYMENT

7.1 Invoices. NCPA shall submit invoices, not more often than once a month during the
term of this Agreement, based on the cost for Services performed and reimbursable costs incurred
prior to the invoice date. Invoices shall be accompanied with adequate and proper supporting
information and documentation for the Services performed, if and as applicable.

7.2 Monthly Payment. Contracting Participants shall make monthly payments, based
on invoices received, for Services satisfactorily performed, and for authorized reimbursable costs
incurred. Contracting Participants shall have thirty (30) days from the date of the invoice to pay
NCPA.

Payments shall be remitted directly to:
Northern California Power Agency  
651 Commerce Drive  
Roseville, California 95678  
Attn: Accounts Receivable

Any amount due and payable but not paid by Contracting Participant within 30 days following the date of the invoice shall bear interest at the per annum prime rate (or reference rate) of the Bank of America NT & SA, then in effect, plus two percent per annum computed on a daily basis until paid. NCPA will mail all invoices within 24 hours of the invoice date thereon.

The postmark date on the envelope containing payment by check shall be used to determine timeliness of payment, except that payments received later than seven (7) days after the due date shall be declared late without regard to postmark date. An invoice coming due on a Friday, holiday, or weekend shall be due on the next following nationally recognized working day.

7.3 Billing Dispute. If all or any portion of a bill is disputed by Contracting Participant, the entire amount of the bill shall be paid when due, and NCPA'S Authorized Representative shall be concurrently provided written notice of the disputed amount and the basis for the dispute. NCPA shall reimburse any amount determined to have been incorrectly billed, within ten (10) days after such determination.

7.4 Total Payment. Each Contracting Participant shall pay for the Services to be rendered by NCPA pursuant to this Agreement. Contracting Participant shall not pay any additional sum for any expense or cost whatsoever incurred by NCPA in rendering Services pursuant to this Agreement unless the Agreement has been modified by a properly executed amendment in accordance with this Agreement.

7.5 Hourly Fees. Fees for Tasks performed by NCPA on an hourly basis shall be cost-based, including salary, benefits and applicable overhead.

7.6 Reimbursable Expenses. Reimbursable Expenses for Tasks performed by NCPA shall include reasonable expenses, including travel and overnight accommodations, if needed.

7.7 Authorization to Perform Services. NCPA is not authorized to perform any Services or incur any costs whatsoever under the terms of this Agreement until receipt of authorization from Contracting Participant’s Contract Authorized Representative following receipt of the required approvals under the terms of this Agreement.

Section 8. LEGAL REQUIREMENTS

8.1 Governing Law. The laws of the State of California shall govern this Agreement, without regard for the choice of law doctrine.

8.2 Compliance with Applicable Laws. The Parties shall comply with all laws applicable to the performance of the Services hereunder.
8.3 **Nondiscrimination and Equal Opportunity.** NCPA shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, marital status, sex, or sexual orientation, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or applicant for any services or programs provided by NCPA under this Agreement. NCPA shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of NCPA thereby.

NCPA shall include the provisions of this Subsection in any subcontract approved by Contracting Participant's Contract Administrator or this Agreement.

Section 9. **KEEPING AND STATUS OF RECORDS.**

9.1 **Confidential Information and Disclosure.** During the term of this Agreement, either party ("Disclosing Party") may disclose confidential, proprietary or trade secret information (the "Information"), to the other party ("Receiving Party"). All such Information made available in a tangible medium of expression (such as, without limitation, on paper or by means of magnetic tapes, magnetic disks or other computer media) shall be marked in a prominent location to indicate that it is the confidential, proprietary and trade secret information of Disclosing Party at the time of disclosure to Receiving Party. Receiving Party shall hold Disclosing Party's Information in confidence and shall take all reasonable steps to prevent any unauthorized possession, use, copying, transfer or disclosure of such Information. Receiving Party shall not attempt to reverse engineer or in any manner create any product or information which is similar in appearance to or based on the Information provided by Disclosing Party. Receiving Party shall not disclose Disclosing Party's Information to any person other than Receiving Party's employees, agents, contractors and subcontractors who have a need to know in connection with this Agreement.

Receiving Party's confidentiality obligations hereunder shall not apply to any portion of Disclosing Party's Information which:

(a) Has become a matter of public knowledge other than through an act or omission of Receiving Party;
(b) Has been made known to Receiving Party by a third party in accordance with such third party's legal rights without any restriction on disclosure;
(c) Was in the possession of Receiving Party prior to the disclosure of such Information by Disclosing Party and was not acquired directly or indirectly from the other party or any person or entity in a relationship of trust and confidence with the other party with respect to such Information;
(d) Receiving Party is required by law to disclose; or
(e) Has been independently developed by Receiving Party from information not defined as "Information" in this Agreement, as evidenced by Receiving Party's written records.

Receiving Party shall return or destroy Disclosing Party's Information (including all copies thereof) to Disclosing Party promptly upon the earliest of any termination of this Agreement or the Disclosing Party's written request. Notwithstanding the foregoing, Receiving Party may
retain one copy of such Information solely for archival purposes, subject to the confidentiality provisions of this Agreement. The parties understand that each party is a public entity and is subject to the laws that may compel either to disclose information about the other's business.

9.2 **NCPA Records.** NCPA shall maintain adequate logs and timesheets in order to verify costs incurred.

**Section 10. MISCELLANEOUS PROVISIONS**

10.1 **Venue.** In the event that either party brings any action against the other under this Agreement, the Parties agree that trial of such action shall be vested exclusively in the state courts of California in the County of Placer or in the United States District Court for the Eastern District of California.

10.2 **Severability.** If any provision of this Agreement shall be determined by a court of competent jurisdiction to be invalid, void or unenforceable, or if any provision of this Agreement is rendered invalid or unenforceable by federal or state statute or regulation, but the remaining portions of the Agreement can be enforced without failure of material consideration to any Party, then the remaining provisions shall continue in full force and effect. To that end, this Agreement is declared to be severable. Provided, however, that in the event any provision is declared to be invalid, void or unenforceable, either Party may terminate this Agreement upon ten (10) days written notice given within five (5) days of receipt of notice of final entry of judgment.

10.3 **No Implied Waiver of Breach.** The waiver of any breach of a specific provision of this Agreement does not constitute a waiver of any other breach of that term or any other term of this Agreement.

10.4 **Successors and Assigns.** The provisions of this Agreement shall inure to the benefit of and shall apply to and bind the successors and assigns of the Parties.

10.5 **Conflict of Interest.** NCPA shall not employ any Contracting Participant official or employee in the work performed pursuant to this Agreement. No officer or employee of Contracting Participant shall have any financial interest in this Agreement that would violate California Government Code Sections 1090 et seq.

10.6 **Notices.** Unless this Agreement requires otherwise, any notice, demand or request provided for in this Agreement, or served, given or made shall become effective when delivered in person, or sent by registered or certified first class mail, to the persons specified below, each of whom shall also act as the Authorized Representative specified in Section 3.2:

Exhibit C
COMPENSATION SCHEDULE

Compensation for all costs shall not exceed $____TBD_____.

Monthly charges for services provided by NCPA and/or invoiced by Consultant that are attributable to a specific Contracting Participant shall be allocated directly to each Contracting Participant as indicated by Consultant records and/or NCPA records.

Monthly charges for services provided by NCPA and/or invoiced by Consultant for Tasks that are attributable to joint activities shall be allocated, as a default method, to each Contracting Participant based on the number of participants for each applicable Task as indicated in Table 1.

A Task represents consulting and/or project costs related to a specific task (i.e. CIS, MDM, AMR/AMI) in which one or more Contracting Participants has contracted for Services, and also includes NCPA’s costs either in providing the Tasks or in administering the Consultants’ provision of the Tasks.

Tables 2, 3 and 4 represent examples of cost allocations to different Contracting Participants based on their respective election for various Tasks. Future identified Tasks may be allocated using a different allocation basis that better reflects cost causation principles subject to the agreement among Contracting Participants to a given Task. NCPA will establish a procedure that outlines the process for initiation of newly identified Tasks for existing or new Contracting Participants to contract for NCPA Services and the approval process by each Contracting Participant for such Tasks under this Agreement.

Commission Staff Report

Date: February 17, 2016
To: NCPA Commission
Subject: Compliance Services, Inc. Five Year Multi-Task General Services Agreement for Operations and Maintenance Services; Applicable to the following projects: All Generation Services Plant Locations, Members, SCPPA, and SCPPA Members

Proposal

Approve a five year Multi-Task General Services Agreement with Compliance Services, Inc. in an amount not-to-exceed $1,500,000 for operations and maintenance services for use at all facilities owned and/or operated by NCPA, by its members, by the Southern California Public Power Authority ("SCPPA"), or by SCPPA members; and authorize the NCPA General Manager to approve purchase orders pursuant to the Agreement totaling $493,000 over five years for compliance with mandated D.O.T. regulations at the Alameda CT1 project.

Background

The Alameda natural gas supply line was installed in 1986 as part of the CT1 project in Alameda. In 2007 NCPA became aware of mandatory D.O.T. regulations and immediately secured appropriate resources (Compliance Services, Inc.) to develop a compliance program and ensure safe natural gas pipeline operation. To continue compliance with mandated D.O.T. regulations for the natural gas supply pipeline to the Alameda facility, staff is seeking to enter into an agreement with Compliance Services, Inc.

In addition to these services, Compliance Services, Inc. can provide additional operations and maintenance related services.

Selection Process

NCPA recently went out for bid for the Alameda natural gas pipeline operations and maintenance services and obtained the following bids:

- Compliance Services, Inc. $493,000 for 5 year term
- Energy Operations Management Non-responsive
- Navajo Nation Oil and Gas Company Non-responsive

This five year contract commits NCPA to the cost of $493,000 for the Alameda natural gas pipeline operations and maintenance only. The remainder of the contract does not commit NCPA to any
purchases. NCPA will issue purchase orders based on cost and availability of any additional services needed at the time.

Fiscal Impact

Total cost of the agreement is not-to-exceed $1,500,000 over five years to be used out of NCPA approved budgets as services are rendered. The $493,000 over the five year term will be charged to the CT1 project approved budgets. Additional purchase orders referencing the terms and conditions of the Agreement will be issued following NCPA procurement policies and procedures.

Environmental Analysis

This project is categorically exempt from CEQA as a class 1 exemption (routine operation, repair, maintenance or minor alteration of existing structures or facilities not expanding existing uses) pursuant to CEQA Guidelines section 15301.

Committee Review

The recommendation below was reviewed by the Facilities Committee on February 3, 2016 and was recommended for Commission approval.

Recommendation

Staff recommends that the NCPA Commission approve Resolution 16-13 authorizing the General Manager or his designee to enter into a Multi-Task General Services Agreement with Compliance Services, Inc. with any non-substantial changes recommended and approved by the NCPA General Counsel, which shall not exceed $1,500,000 over five years for use at all facilities owned and/or operated by NCPA, by its members, by the Southern California Public Power Authority ("SCPPA"), or by SCPPA members; and authorize the NCPA General Manager to approve purchase orders pursuant to the Agreement totaling $493,000 over five years for compliance with mandated D.O.T. regulations at the Alameda CT1 project.

Commission Staff Report

Date: February 17, 2016
To: NCPA Commission
Subject: Geothermal Public Works Contract with Northern Industrial Construction for Unit #4 Main Steam Pipeline; Applicable to the following project: Geothermal Plant 2, Unit 4

Proposal

Approve a public works agreement with Northern Industrial Construction for a not to exceed amount of $950,000 to construct a new 48" diameter pipeline to the Geothermal Plant 2, Unit 4 main steam turbine.

Background

Funds of $300,000 are budgeted in the FY2016 Geothermal budget to minimize the pressure drop to Unit 4. As detailed engineering work progressed, calculations showed that additional benefits could be realized by changing the scope of work. The original project envisioned minor piping changes at a cost of $300,000 which was expected to increase the plant output by one-quarter MW. The engineering work determined that by completely re-routing a section of pipe the output of the plant could be increased by 1 to 1-1/2 MW (1 MW was used in the economic evaluation). Based thereon, staff recommends the section of pipe be re-routed. Phase 1 of the work would include minor modifications to the piping done this spring along with ordering of materials due to long lead times for delivery. Major prefab would be completed over the summer in Phase 2 and final ties to the plant would be completed in Phase 3 in late fall of this year.

Selection Process

A formal Request for Proposal (RFP) for this public works project was issued on December 22, 2015, Bid No. GEO319. A mandatory bid walk was conducted on January 12, 2016, to pre-qualify contractors for subsequent bids to be considered responsive. Four contractors attended the bid walk and submitted bids prior to the bid deadline on January 26, 2016, as follows:

- Northern Industrial Construction, Inc. $ 822,908
- Southwest Contractors, Inc. $1,398,980
- Hudson Mechanical, Inc. No Bid, Non-Responsive
- Ranger Pipelines, Inc. No Bid, Non-Responsive

Staff has evaluated the bids and recommends that an agreement be entered into with Northern Industrial Construction, Inc. to provide the services in the amount of $822,908. In addition, staff is seeking approval of contingency funds of $127,092 (approximately 15%) to cover possible change orders and contingencies, for a total of $950,000 requested for this project.

SR: 120:16
Fiscal Impact

The cost for the base scope of work is $822,908 as specified by the request for proposal. Including contingency funds of approximately 15%, the total cost of the project is $950,000. The project will be done in phases over FY2016 and 2017. Funds of $300,000 are included in the current FY 2016 budget and are available in the Generation Services, Geothermal account. Remaining funds of $650,000 would be included in the FY2017 budget. Cost allocation will be based on project participation percentages. An economic analysis shows the following results.

Assumptions:
- Benefit: 1MW gain in net generation declining at 2% per year
- Unit Availability: 97%
- 6 week unit outage every six (6) years
- Project Life: 15 years

Economic Results:
- IRR: 38.5%
- NPV @ 5%: $4,104,163
- Average Annual Benefit: $365,455
- Payback Period: 3 years

Environmental Analysis

These activities are categorically exempt under Class 1 and 2 from the provisions of the California Environmental Quality Act pursuant to Section 15301 (b) and 15302 (c) of the CEQA Guidelines. A Notice of Exemption was approved by the NCPA Commission on September 27, 2013 for this class of work and was filed in Lake County.

Committee Review

The recommendation below was reviewed by the Facilities on February 3, 2016 and was recommended for Commission approval.

Recommendation

Staff recommends that the NCPA Commission approve Resolution 16-14 authorizing the General Manager or his designee to enter into the public works Agreement with Northern Industrial Construction, Inc. which shall not exceed $950,000, with any non-substantial changes recommended and approved by the NCPA General Counsel.

6.1. **Independent Contractor.** At all times during the term of this Contract, Contractor shall be an independent contractor and shall not be an employee of NCPA. NCPA shall not have the right to control the means by which Contractor accomplishes services rendered pursuant to this Contract. Notwithstanding any other NCPA, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Contractor and any of its employees, agents, and subcontractors providing services under this Contract shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by NCPA, including but not limited to eligibility to enroll in the California Public Employees Retirement System (PERS) as an employee of NCPA and entitlement to any contribution to be paid by NCPA for employer contributions and/or employee contributions for PERS benefits.

6.2. **Contractor Not Agent.** Except as NCPA may specify in writing, Contractor shall have no authority, express or implied, to act on behalf of NCPA in any capacity whatsoever as an agent. Contractor shall have no authority, express or implied, pursuant to this Contract to bind NCPA to any obligation whatsoever.

SECTION 7. **REGISTRATION**

During the term of this Agreement, Contractor warrants that it is currently registered with the Department of Industrial Relations and qualified to perform public work consistent with Labor Code section 1725.5. Contractor further warrants that any subcontractors, who are subject to Public Contract Code section 4104, are registered and qualified to perform public work consistent with Labor Code section 1725.5

SECTION 8. **LAW, VENUE, AND CONFLICTS OF INTEREST**

8.1. This Agreement has been executed and delivered in the State of California, and the validity, enforceability and interpretation of any of the provisions of the Contract Documents, including this Agreement, shall be determined and governed by the laws of the State of California, without regard to the choice of law doctrine.
8.2. The duties and obligations of the parties created hereunder are performable in Placer County and in that County where the NCPA Project is located. Either Placer County or the County where the Project Facility is located shall be the venue for any action or proceeding that may be brought or arise out of, in connection with or by reason of this Agreement.

8.3. Contractor may serve other clients, but none whose activities within the corporate limits of NCPA or whose business, regardless of location, would place Contractor in a "conflict of interest," as that term is defined in the Political Reform Act, codified at California Government Code Sections 81000 et seq.

8.4. Contractor shall not employ any NCPA official in the work performed pursuant to this Contract. No officer or employee of NCPA shall have any financial interest in this Contract that would violate Government Code Sections 1090 et seq.

8.5. Contractor hereby warrants that it is not now, nor has it been in the previous twelve (12) months, an employee, agent, appointee, or official of NCPA. If Contractor was an employee, agent, appointee, or official of NCPA in the previous twelve months, Contractor warrants that it did not participate in any manner in the forming of this Contract. Contractor understands that, if this Contract is made in violation of Government Code Sections 1090 et seq., the entire Contract is void and Contractor will not be entitled to any compensation for services performed pursuant to this Contract, including reimbursement of expenses, and Contractor will be required to reimburse NCPA for any sums paid to the Contractor. Contractor understands that, in addition to the foregoing, it may be subject to criminal prosecution for a violation of Government Code Section 1090 and, if applicable, will be disqualified from holding public office in the State of California.

SECTION 9. CHANGE ORDERS

It is agreed that the Project Manager is the sole person authorized to execute change orders necessary to the prosecution of the Work, unless NCPA otherwise notifies Contractor in writing.

SECTION 10. EXTRA WORK

Contractor hereby agrees that it will not proceed with any extra work unless it has been authorized in writing to do so by the Project Manager prior to the commencement of such extra work.

SECTION 11. PROGRESS PAYMENTS

11.01 The Contractor shall submit to NCPA's designated representative at least 10 days before the first and/or third Monday of the month, for NCPA's approval, a request for payment. Each progress payment to the Contractor by NCPA shall be in payment for only that work performed by the Contractor during the period immediately preceding the Contractor's current request for payment.

11.02 The Contractor shall submit time sheets to NCPA daily for approval and signature. The daily time sheets shall clearly delineate the number of worker-hours and equipment hours worked in each given area of work. Only those time sheets signed by NCPA will be honored for payment.

11.03 Each request for payment submitted by the Contractor shall include backup documentation in support of all quantities and costs for which payment is requested, including but not limited to all material invoices, subcontractor/vendor statements of quantities and/or services provided, equipment rental invoices and signed daily time sheets.

- AGREEMENT -
11.04 Work performed at the request of NCPA, which is outside the scope of work and unit prices as defined in these Contract Documents, shall be itemized separately, with back-up documentation attached, and the total cost figures for the work shall be entered on the billing form under "Other Work". Work itemization with back-up shall be submitted with the Contractor's request for payment.

11.05 Subject to Section 12 of the General Conditions, after approval by NCPA, progress payments will be made to the Contractor in the amount of ninety five percent (95%) of the approved billing. Progress payments will be made within 30 days after NCPA receives the Contractor's Request for Payment. NCPA's Progress Payment shall not constitute approval or acceptance of the Work performed.

SECTION 12. FINAL PAYMENT

12.01 Final payment will not be made to the Contractor until it has furnished evidence satisfactory to NCPA, of the Contractor's payment or provision for payment of all bills for material, labor, services, etc., incurred in connection with the performance of the Work; and at NCPA's option the written consent of the Contractor's surety to release final payment.

12.02 Final payment will further be contingent on approval of, and acknowledgment by, NCPA that the Contractor has completed all tasks and complied with all conditions of the Contract Documents. Upon approval by NCPA, the final payment will be made to the Contractor. NCPA may withhold from final payment, to the extent allowed by applicable law, amounts which in NCPA's opinion are determined to be reasonable and necessary to provide security against any losses, damages, expense, and liability covered by the Indemnification provision in the Contract Documents, and claims filed or reasonable evidence indicating probably filing of claims, damages to NCPA or third parties, liquidated damages, or other lawful bases for withholding final payment.

12.03 Final payment by NCPA, and acceptance of it by the Contractor, shall not constitute a waiver by NCPA, to any rights with respect to the Contractor's continuing obligations under the Contract Documents.

SECTION 13. DISPUTES

13.1. All questions of fact, and any and all disputes with references thereto, arising out of the performance of this Contract, or changes therein, or extra work in connection therewith, shall be submitted in writing to NCPA. NCPA will then make the final decision, which when made in writing shall be final and conclusive on the parties thereto.

13.2. Prior to initiating litigation in a court of competent jurisdiction, both Contractor and NCPA shall undergo alternative dispute procedures as outlined in Public Contract Code Sections 20104 et seq. The parties also expressly agree that the Alternative Dispute Resolution procedures outlined in Public Contract Code Sections 20104 et seq. shall apply to all claims, including those that exceed $375,000, and that such procedures are incorporated as though fully set forth in this Contract.

SECTION 14. PREVAILING WAGES

In accordance with California Labor Code Section 1771, not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the Work is to be performed, and not less than the general prevailing rate of per diem wages for holiday and overtime work fixed as provided in the California Labor Code must be paid to all workers engaged in performing the Work. In accordance with California Labor Code Section 1770 and following, the Director of Industrial Relations has determined the general prevailing wage per diem rates for the locality in which the Work is to be performed. In accordance with California Labor Code Section 1773, NCPA has obtained the general
prevailing rate of per diem wages and the general rate for holiday and overtime work in the locality in which the Work is to be performed for each craft, classification or type of worker needed to perform the project. In accordance with California Labor Code Section 1773.2, copies of the prevailing rate of per diem wages are on file at the Agency and will be made available on request. Throughout the performance of the Work the Contractor must comply with all provisions of the Contract Documents and all applicable laws and regulations that apply to wages earned in performance of the Work. Contractor assumes all responsibility for such payments and shall defend, indemnify and hold NCPA harmless from any and all claims made by the State of California, the Department of Industrial Relations, any subcontractor, any worker or any other third party with regard thereto.

SECTION 15. GUARANTEE OF WORK

Contractor hereby agrees that it will post a Maintenance Bond in the form included in the Contract Documents after final inspection by NCPA and completion of required corrections and/or repairs. Such Maintenance Bond shall guarantee Contractor’s work for the period of one year after the date of recording of NCPA’s Notice of Completion of the Work.

SECTION 16. RELEASE

Upon payment of undisputed amounts under this Agreement and if requested by NCPA, Contractor shall execute a Release in the form provided by NCPA. Such Release shall not apply to disputed contract claims in amounts specifically excluded by Contractor from the operation of the Release.

SECTION 17. BINDING AGREEMENT; ASSIGNMENT

Contractor, by execution of this Agreement, acknowledges that Contractor has read this Agreement and the other Contract Documents, understands them, and agrees to be bound by their terms and conditions. The Contract Documents shall inure to the benefit of and shall be binding upon the Contractor and NCPA and their respective successors and permitted assigns.

The Contractor shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties or obligations without the prior written consent of all sureties on all bonds required by this agreement, including but not limited to the Payment (Labor and Materials) Bond, and NCPA.

SECTION 18. CONTRACT DOCUMENTS

The full, complete and exclusive contract between the parties hereto shall consist of the following identified documents (the “Contract Documents”): (1) The “Bid Documents,” consisting of the Notice Inviting Bids, Instructions to Bidders, Bidder’s Check List, Bid Form, Bid Bond, Designation of Subcontractors, Non-Collusion Declaration, Agreement, Workers’ Compensation Insurance Certification, Performance Bond, Payment (Labor and Materials) Bond, Maintenance Bond, Escrow Agreement for Security Deposits in Lieu of Retention, General Conditions, Supplementary Conditions, and Technical Specifications and Plans, if any, and any Addenda, and (2) any Change Orders, Field Orders, or NCPA’s directives issued pursuant to and in accordance with this Agreement.

SECTION 19. INDEMNIFICATION AND ATTORNEY’S FEES

Contractor shall at its own cost, defend, hold harmless, and indemnify NCPA, its governing board, officials, commission members, officers, directors, employees, agents, and successors in interest ("Indemnitees") from and against any and all liability, damages, losses, claims, demands, actions, costs including attorney's fees and expenses ("Liabilities"), on account of injury to or death of persons or damage to any property (including property of NCPA) or delay or damage to another contractor resulting from or arising out of or in any way connected with the performance by the Contractor of this Agreement, and Contractor will reimburse Indemnitees for all Liabilities incurred by Indemnitees in consequence of any claims, demands, and causes of action which may be brought against Indemnitees arising out of the
performance by the Contractor of this Agreement. However, notwithstanding, nothing in this section or
the Contract Documents generally shall be construed to require the Contractor to indemnify the
Indemnities for their sole negligence, willful misconduct, or for defects in design furnished by
Indemnities. This section and the Contract Documents shall be construed consistent with Civil Code
section 2782 so as to provide the maximum indemnification permitted by applicable law to Indemnities.

This indemnification shall be in addition to any other indemnification provisions contained in the Contract
Documents.

SECTION 20. NO IMPLIED WAIVER OF BREACH

The waiver of any breach of a specific provision of this Contract does not constitute a waiver of any other
breach of that term or any other term of this Contract.

SECTION 21. SUCCESSORS AND ASSIGNS

The provisions of this Contract shall inure to the benefit of and shall apply to and bind the successors and
assigns of the parties.

SECTION 22. USE OF RECYCLED PRODUCTS

Contractor shall endeavor to prepare and submit all reports, written studies and other printed material on
recycled paper to the extent it is available at equal or less cost than virgin paper.

physical or mental handicap or disability, medical condition, marital status, sex, or sexual orientation,
against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant
in, recipient of, or applicant for any services or programs provided by Contractor under this Contract.
Contractor shall comply with all applicable federal, state, and local laws, policies, rules, and requirements
related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any
services that are the subject of this Contract, including but not limited to the satisfaction of any positive
obligations required of Contractor thereby.

Contractor shall include the immediately foregoing paragraph, verbatim, of this Subsection in any
subcontract approved by the Contract Administrator or this Contract.

Contractor shall indemnify, defend, and hold harmless NCPA with respect to any alleged violation of this
Section.

SECTION 24. ENTIRE AGREEMENT

The Contract Documents constitute the entire Agreement between the parties, and supersede any prior
agreement between the parties, oral or written, including NCPA’s award of the contract to Contractor,
unless such agreement is expressly incorporated herein. NCPA makes no representations or warranties,
express or implied, not specified in the Contract Documents.

the completion of any additional actions that may be necessary or appropriate to give full force and effect
to the terms and intent of the Contract Documents.

Commission Staff Report

Date: February 25, 2016
To: NCPA Commission
Subject: Updated NCPA Power Management Cost Allocation Spreadsheet Model for Fiscal Year 2017

Background
Pursuant to the Power Management and Administrative Services Agreement ("PMASA"), costs associated with Power Management and Administrative Services shall be allocated among the Members in accordance with the NCPA Power Management Cost Allocation Spreadsheet Model ("Nexant Model"). The Nexant Model was first approved by the Commission pursuant to Commission Resolution 10-16, and has been periodically further modified by subsequent Commission resolutions.

In May of 2015, the NCPA Commission referred\(^1\) the review of the Power Management and Administrative Services cost allocation methodology and principles to the Facilities Committee, and directed the Facilities Committee to coordinate a group of Member staff volunteers (the "Review Group") to review the current cost allocation methodologies and principles established by the Commission, to determine if any revisions to the Nexant Model were warranted.

Discussion
The Review Group has completed its review of two (2) specific areas of study that will affect certain data inputs that are incorporated into the Nexant Model. The Review Group presented its findings to the Facilities Committee on February 16, 2016. Based on the findings presented, the Facilities Committee recommends that the Commission approve changes to how certain inputs are incorporated into the Nexant Model as more fully described herein. The Facilities Committee recommends that these changes be made effective beginning Fiscal Year 2017.

- PIRP Resource Model Inputs

NCPA currently provides scheduling coordination services for three (3) variable energy resources that have been certified as Participating Intermittent Resource Program resources ("PIRP Resources") by the California Independent System Operator ("CAISO"). As NCPA's Members continue to explore alternative renewable energy supply, it is likely that NCPA will schedule additional PIRP Resources in the near future. PIRP Resources are unique in that they are scheduled based on day-ahead and hour-ahead forecasts that are produced by the CAISO. As a result of this market design, PIRP Resources are required to update their real-time market schedules each hour. These hourly market schedule changes create a large number of hourly schedule counts (NCPA Schedules and CAISO Schedules) that are used as inputs in the current...

\(^1\) Commission Resolution 15-37

SR: 124:16
Nexant Model. The large number of hourly schedule counts results in PIRP Resources being allocated a disproportionate share of costs associated with scheduling coordination activities. NCPA has automated the process it uses for developing and submitting PIRP hourly schedule changes to the CAISO; therefore, the Review Group determined that the creation and submission of hourly schedule changes for PIRP Resources does not result in a significant increase in work effort by NCPA’s scheduling coordination staff. Based on the findings of the Review Group, the Facilities Committee recommends that the Hour Ahead NCPA Schedule and CAISO Schedule count inputs incorporated into the Nexant Model be modified to exempt and remove the hour ahead schedule counts attributed to PIRP Resources.

In conjunction with the modifications proposed by the Facilities Committee described above, the committee also evaluated changes to the way PIRP technology (integrated system) costs were allocated. The Nexant Model allocates integrated systems costs to Members based on the assignment of IT Factors. As noted above, NCPA has developed an automated integrated system solution for developing and submitting hourly schedule changes for PIRP Resources. Based on this understanding, the Facilities Committee requested the Review Group to consider whether PIRP Resources should be assigned an IT Factor of ‘1’ or ‘2’. The Review Group presented their findings to the Facilities Committee on February 16, 2016, but did not provide a consensus recommendation to the Facilities Committee. Based on its consideration of the findings presented by the Review Group and discussion with NCPA staff, the Facilities Committee also recommends that PIRP Resources be assigned an IT Factor equal to one (1).

- Prescheduling Model Inputs

Based on findings presented by the Review Group, the Facilities Committee recommends the Prescheduling Cost Allocation factors used in the Nexant Model for allocating costs associated with Prescheduling activities be updated based on the labor-based cost allocation factors listed in Table 1:

**Table 1: Proposed adjustments to Prescheduling Cost Allocation Factors, Effective FY17**

The cost allocation factors identified in Table 1 are the product of extensive interviews with Power Management staff. The research conducted by the Review Group focused on the procedures NCPA staff follow when performing Prescheduling activities during a typical work day. The survey addressed what tasks are performed, the beneficiary or purpose of those tasks, the division of labor, and the approximate time allocated to those tasks and activities. Table 2 summarizes these findings, based on an example day of 10 labor-hours.

2 Note: Time spent transitioning between applications is recognized as a distinct activity, but no time was allocated directly to it. Instead, time associated with such transitions are incorporated into other line items.

The updated allocation factors presented in Table 1 are intended to be made effective beginning Fiscal Year 2017, as well as any future years to the extent the allocation factors are not subsequently modified by the Commission.

Committee Recommendation
The recommendations provided herein were reviewed by the Facilities Committee on February 16, 2016, and unanimously recommended for Commission approval.

Fiscal Impact
Costs associated with the development of the recommendations contained herein are allocated in accordance with approved budgeted categories.

Process
Pursuant to the PMASA, modification to the Nexant Model is approved using the voting methodology set forth in Section 5.4.2 of the PMASA.

Environmental Analysis
This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a “project” for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.

Recommendation
Staff recommends that the Commission approve the following updates to the NCPA Power Management Cost Allocation Spreadsheet Model, and that such modifications be made effective for Fiscal Year 2017:

SR: 124:16
1. Hour Ahead NCPA Schedule and CAISO Schedule count inputs incorporated into the Nexant Model be modified to exempt and remove the hour ahead schedule counts attributed to PIRP Resources;

2. PIRP Resources shall be assigned an IT Factor equal to one (1); and

3. The Prescheduling Cost Allocation factors used in the Nexant Model for allocating costs associated with Prescheduling activities be updated based on the labor-based cost allocation factors listed in Table 1 of this staff report.

ATTEST: 
CARY A. PADGETT 
ASSISTANT SECRETARY
Commission Staff Report

Date: February 25, 2016
To: NCPA Commission
Subject: Reestablish Storekeeper Position (Represented) and Salary Range

Background

The Storekeeper position was previously part of the IBEW 1245 bargaining unit. The position went unfilled for a period of approximately two years and was subsequently filled in 2011 as an unrepresented position (Administrative Assistant/Office Administrator I). During NCPA’s recent negotiations with IBEW 1245, IBEW requested the position, with a single incumbent, be classified again as a Storekeeper and be brought back into the bargaining unit. NCPA’s bargaining team agreed to consider this request outside of negotiations.

Human Resources consulted with NCPA legal counsel to determine if NCPA could move a position into the bargaining unit outside of the Employer-Employee Relations Resolution (EERR) required process. Legal counsel agreed that a side letter approving such a change could be used without setting precedent. NCPA has now signed such a letter of agreement authorizing this change (see attachment), and needs formal Commission approval of the Storekeeper job classification and pay range. The job description, proposed pay range and Letter of Agreement are attached.

Fiscal Impact

There is no fiscal impact due to the creation of the Storekeeper job classification. This is an existing position and funding for the position was included in the FY 2016 budget.

Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a “project” for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.

Recommendation

Staff recommends the Commission adopt Resolution 16-19 approving the reclassification of an Administrative Assistant/Office Administrator I position to Storekeeper, and approve the Storekeeper 2016 salary range of $26.78/hour to $32.13/hour.

WHEREAS, during NCPA’s table negotiations with the International Brotherhood of Electrical Workers Local Union 1245 (IBEW) NCPA agreed to consider adding an unrepresented position back into the IBEW bargaining unit; and

WHEREAS, NCPA Staff have now updated the Storekeeper job description and have identified an appropriate pay range for this position; and

WHEREAS, NCPA and the IBEW have mutually agreed through a side letter, to the current MOU, to reclassify the position held by Ross Calvin from Admin. Assistant/Office Assistant I to Storekeeper; and

WHEREAS, the Commission has reviewed the Storekeeper job description, Storekeeper pay range and the proposed position reclassification; and

WHEREAS, the Commission understands that the agreed upon change to the IBEW bargaining unit does not set a precedent for future bargaining unit changes per NCPA’s Employer-Employee Relations Resolution (EERR); and

WHEREAS, this activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a "project" for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary; and

NOW, THEREFORE BE IT RESOLVED, that the Commission of the Northern California Power Agency approves reclassification of one Administrative Assistant I/Office Assistant I position to a Storekeeper classification with a 2016 pay range of $26.78/hour to $32.13/hour.

SUBJECT: Letter of Agreement re – Bargaining Unit Modification to include Storekeeper position

Dear Janval:

Per our discussions during negotiations, NCPA proposes this side letter to document our agreement to add the Storekeeper job classification into the bargaining unit. As we discussed, this position was previously part of the bargaining unit, has a single incumbent, and the incumbent has agreed to join the bargaining unit. As such, NCPA agrees to add the Storekeeper position to the bargaining unit upon the ratification and signing of the new Memorandum of Understanding with IBEW 1245 which was effective on December 27, 2015. In addition, NCPA has agreed to place Ross Calvin at Level Three in the attached pay structure.

As per our discussion, this is a one-time exception to NCPA’s Employer-Employee Relations Resolution (EERR). NCPA’s agreement to this exception is not precedent setting for purposes of the EERR in regard to any future modification to the bargaining unit. If you are in agreement, please sign and return this letter. You may fax the letter back to my attention at (916) 781-4270 or scan and send an electronic copy.

If you have any questions, please feel free to call me.

Sincerely,

VICKI L. CICHOCKI
Human Resources Manager

Subject: Support Services Program Agreement between NCPA and Various Signatory Members by Which NCPA May Provide Certain Support Services to those Members

Proposal

Approve a Support Services Program Agreement between the Northern California Power Agency (NCPA) and those members of NCPA who execute the Agreement (Signatory Members) by which NCPA may offer to provide certain support services to those Members including, but not limited to, joint purchasing, engineering services, transmission and distribution planning, power marketing and analysis, employee training, employment and human relations assistance, customer services and billing, metering and data management, power plant operations, and other forms of assistance and professional services relating to the operation of a publicly owned electric utility, as related to either the generation, transmission, or distribution of electricity or the wholesale or retail operation of such a utility, all within the scope of the NCPA Joint Powers Agreement. Further delegate authority to the NCPA General Manager to amend 56 existing services agreements as set forth in the attached list so those agreements may be utilized under this Support Services Program Agreement.

Background

NCPA has prepared the proposed Support Services Program Agreement in an effort to improve the service offerings by NCPA to its members and provide additional economies of scale and savings. Fiscal Impact

Costs related to this agreement will be allocated to the Signatory Members electing participation and use of the various services offered in each specific procurement activity.

Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a “project” for purposes of Section 21065 of the California Environmental Quality Act. No environmental review is necessary.

SR: 121:16
Committee Review

The recommendation below was reviewed by the Facilities Committee on February 3, 2016 and was recommended for Commission approval.

NORTHERN CALIFORNIA POWER AGENCY

SUPPORT SERVICES PROGRAM AGREEMENT
SUPPORT SERVICES PROGRAM AGREEMENT

PREAMBLE

This Support Services Program Agreement is entered into as of the ___ day of __________ , 2016 ("the Effective Date") by and between the Northern California Power Agency, a joint powers agency of the State of California ("NCPA") and those members of NCPA who execute this Agreement (each a "Signatory Member" and together the "Signatory Members"). NCPA and each Signatory Member are referred to individually as a "Party" and together as the "Parties."

RECATALS

A. NCPA and its Members desire to establish a support services program by which NCPA may offer to provide certain support services to the Members from time to time. These support services may include, but are not limited to, joint purchasing, engineering services, transmission and distribution planning, power marketing and analysis, employee training, employment and human relations assistance, customer services and billing, metering and data management, power plant operations and other forms of assistance and professional services relating to the operation of a publicly owned electric utility, as related to either the generation, transmission or distribution of electricity or the wholesale or retail operation of such a utility, all within the scope of the NCPA Joint Powers Agreement ("Support Services").

B. Particular Support Services will from time to time be offered by NCPA to those Signatory Members who choose to accept and pay for such particular Support Services. Such offers will be without any liability on the part of Members of NCPA who are not Signatory Members nor any liability on the part of Signatory Members who do not choose to become a Participating Member with respect to the particular Support Services. A Signatory Member choosing to accept and pay for a particular Support Service will become a "Participating Member" with respect to that Support Service. A Signatory Member is not required to accept any particular Support Services by reason of being a Signatory Member.

C. Support Services shall be broadly construed. Provided, however:

(1) Support Services does not include the procurement of either energy (or the attributes of energy, such as renewable energy credits) which is provided through the Market Purchase Program Agreement, Single Member Services Agreements and thePooling Agreement.

(2) Support Services does not include procurement of natural gas which is provided through the Natural Gas Program Agreement.

02/12/2016 DRAFT
(3) Support Services does not include services provided by NCPA pursuant to third phase agreements relating to generation projects or other project agreements previously or subsequently entered into by NCPA and certain of its Members.

(4) Support Services does not include any on-going services which are to be provided by NCPA to its Members through program agreements. For example, Support Services does not include any legislative and regulatory services provided through the Legislative and Regulatory Affairs Program Agreement.

D. The Signatory Members desire that NCPA negotiate and enter into agreements with third parties to provide the Support Services for the benefit of Participating Members. This Agreement does not authorize NCPA to directly provide Support Services utilizing NCPA’s own staff, except in limited circumstances. Such direct provision of Support Services may be provided to one or more Members through either a Single Member Service Agreement or a Professional Services/Operating Agreement as deemed appropriate by NCPA.

E. Each Support Service will be offered by NCPA to all the Signatory Members. Those Signatory Members wishing to accept the offer with respect to a particular Support Service will execute a written confirmation for that Support Service (a “Confirmation”) and thereby become a Participating Member with respect to such Support Service. The Participating Members executing a particular Confirmation will pay NCPA the cost of providing the Support Services offered by such Confirmation as detailed in the Confirmation including the cost of developing the Confirmation; Signatory Members not executing a particular Confirmation will have no obligation with respect to the Support Services provided pursuant to that Confirmation.

F. Each Signatory Member, in executing this Agreement, will provide the identity of the Designated Representatives authorized to execute Confirmations on its behalf, and agrees that, subject to such not to exceed dollar limitations as are set forth in its signature page to this Agreement (as such limitations may be amended), any Confirmations executed by such Designated Representatives are binding upon the Signatory Member without further approval by the Signatory Member’s Governing Board.

G. NCPA desires to provide, and the Signatory Members desire to secure, Support Services under this Agreement in a manner that balances their operational and economic interests and the interests of other NCPA Members with the ongoing financial viability and professional responsibilities of NCPA. Accordingly, Signatory Members desire to secure Support Services under this Agreement by accepting a limited insurance based recourse against NCPA, with the option of procuring additional insurance at Signatory Members’ sole expense, thereby ensuring that NCPA will substantially limit its risk for the provision of such Support Services which, in turn, allocates risks back to the Signatory Members in the event NCPA is not adequately insured.

NOW, THEREFORE, the Parties agree as follows:

Signatory Members desiring to accept such offer with respect to a particular Support Service shall execute a Confirmation prepared by NCPA for that Support Service and thereby become a Participating Member with respect to such Confirmation and Support Service. Confirmations shall be in substantially the form attached hereto as Exhibit “B,” and as provided in Section 5. Each such Confirmation shall indicate that the particular Support Service will be accomplished by NCPA contracting with a named third party to provide the Support Service, which contract shall thereafter be entered into by NCPA in accordance with the NCPA Procurement Policies. NCPA’s Designated Representatives shall have the authority to execute Confirmations without the further approval of the Commission where the underlying contract with a third party is within the contracting authority of the General Manager as established by the NCPA Procurement Policies. Provided, however, that NCPA may in its sole discretion choose to self-
provide the Support Services, rather than contracting with a third party, where it is providing training, human resources assistance, assistance with NERC or other regulatory compliance, or assistance in the form of student interns to the Signatory Members.

3.2 NCPA Procurement of Support Services. NCPA agrees, upon receipt of a Confirmation executed by the Designated Representatives of one (1) or more Participating Members, to procure the Support Service specified in such Confirmation on behalf of the Participating Member(s). Provided, however, that NCPA may in its discretion decline to provide Support Services unless the number of Participating Members and the extent of participation is acceptable to NCPA.

3.3 NCPA Payment of Costs. NCPA shall pay all Costs incurred in providing Support Services under a particular Confirmation using funds: (a) received from Participating Members during the normal course of monthly billing of Members, with the Costs of each Confirmation itemized on the NCPA All Resources Bill; or (b) as necessary from Security Account funds for that Confirmation, if any, paid to NCPA in accordance with Section 7.2; or (c) such other sources and methods as may be agreed upon in writing by the Parties from time to time or as specified in a particular Confirmation.

Section 4. No Purchase of Energy or Natural Gas; Other Exclusions. Support Services do not include the purchase of natural gas, energy, or any attributes of energy including capacity, reliability or environmental attributes (such as credits, benefits, emissions reductions, offsets, and allowances, however titled). This Agreement and associated Confirmations shall not be utilized for the procurement of natural gas, energy, or any attributes of energy. NCPA shall continue to buy and sell natural gas and energy, or its attributes, on behalf of its Members through other existing agreements, including the Gas Purchase Program Agreement, the Market Purchase Program Agreement, Single Member Service Agreements and the Pooling Agreement. 5.1. The Confirmation shall identify the third party who will provide the Support Services and incorporate by reference the agreement between the third party and NCPA.

5.1.2 Confirmations shall not amend the terms of this Agreement. In the event NCPA and the Participating Members desire to include a provision in a Confirmation inconsistent with this Agreement, such Confirmation shall be effective only if approved by the Governing Boards of all Participating Members and the Commission.
5.2 Dollar Not to Exceed Limitations of Confirmations. Each Confirmation shall include a “not to exceed” amount or dollar limitation, broken down by Participating Member, indicating the maximum amount that each Participating Member shall be required to pay for the Support Services provided under the Confirmation. The “not to exceed” shall not relieve a Participating Member of its obligations under this Agreement, including Sections 7 and 11 hereof.

5.2.1 Except as provided in sections 7.4 (relating to use of Security Accounts) and 7.5 (relating to emergency additions to Security Accounts), no Participating Member shall be required to pay for Costs incurred in excess of its stated limitation on a given Confirmation, unless agreed to by the Participating Members.

5.2.2 Any Participating Member may amend its “not to exceed” amount or dollar limitation for a given Confirmation by providing written notice of the change to NCPA executed by its Designated Representatives.

5.3 Amendment of Confirmations. A Confirmation may be amended with respect to all Participating Members only in writing executed by the signatures of the Designated Representatives of NCPA and the Participating Members. Amendments relating to the “not to exceed” amount or dollar limitation of one or more Participating Members shall be accomplished as provided in subsection 5.2.2.

Section 6. Participating Member Authority to Execute Confirmations. Each Participating Member acknowledges and agrees to be bound by their respective Designated Representatives’ execution of Confirmations without further approval by the Governing Board of the Participating Member or other approvals, and agrees that such execution is in accordance with its Constitutive Documents.

Section 7. Payment Obligations; Confirmation Security Account; Invoicing.

7.1 Payment Obligations. Each Signatory Member agrees to pay NCPA each month its share of Costs specific to each Confirmation for which the Signatory Member is a Participating Member.

Such amounts shall be included by NCPA on the monthly All Resources Bill for each Signatory Member, except to the extent that a given Confirmation provides for a different invoicing mechanism and NCPA agrees thereto.

7.2 Confirmation Security Accounts.

7.2.1 Upon issuance of any Confirmation, NCPA shall determine whether or not a Participating Member deposit to a Security Account for that Confirmation will be required in order to provide the Support Service in question. If so, the amount of the required Security Account deposit shall be
noted on the Confirmation and the Participating Member or Members shall make the required deposits prior to provision of any Support Services pursuant to that Confirmation. Within ten days of NCPA’s notice of the amount of the Security Account deposit, the affected Participating Member shall have the option of withdrawing its Confirmation and not receiving the Support Service requested therein.

7.2.2 Periodically, and at least quarterly, NCPA shall review and revise its determination of the security necessary for a particular Confirmation and whether each Participating Member has a sufficient balance in the Security Account for that Confirmation.

To the extent that any Participating Member’s balance in the Security Account for the Confirmation is greater than one hundred and ten percent (110%) of the amount required, NCPA shall credit the difference between the balance and the amount required as soon as practicable to the Participating Member’s next following All Resource Bill. To the extent that any Participating Member’s balance in the Security Account for the Confirmation is less than ninety percent (90%) of the amount required, NCPA shall add the difference between the balance and the ninety percent (90%) as soon as practicable to the Participating Member’s next following All Resource Bill, or as necessary, to a special invoice to the Participating Member.

7.3 Security Account in Addition to Other Security Accounts. Any required deposits into a Security Account for a Confirmation pursuant to this Agreement shall be separate from, and in addition to, any security accounts maintained pursuant to other agreements between NCPA and its Members, including but not limited to the Market Purchase Program Agreement, Single Member Services Agreement and the Gas Purchase Program Agreement. Each Security Account for a Confirmation shall be separate from, and in addition to, any Security Account for a different Confirmation.

7.4 Use of Security Account Funds. Security Account funds shall be segregated by Confirmation. NCPA may use any and all funds deposited into the Security Account for a particular Confirmation to pay any Costs it incurs in providing Support Services pursuant to that Confirmation, including making payments to counterparties under any agreement, or for termination payments, requests for assurances by third parties, credit support, payment of claims and related expenses under a Confirmation. Such use shall be without regard to any individual Participating Member’s share of Confirmation Costs and irrespective of whether NCPA has issued an All Resources Bill or invoice for such Costs to the Participating Members or whether a Participating Member has made timely payments of All Resources Bills or invoices.

If funds deposited into the Security Account are used by NCPA to pay any Costs it incurs with respect to a particular Confirmation, NCPA will maintain a detailed accounting of each Participating Member’s shares of funds withdrawn from the Security Account or letter of credit, and upon the collection of all or a part of such withdrawn funds from the applicable Participating Member or Members, NCPA will credit back to each Participating Member the
funds collected in proportion to such non-defaulting Participating Member’s share of funds withdrawn from the Security Account.

Funds deposited into a Security Account for a particular Confirmation shall not be used to pay the Costs incurred pursuant to a different Confirmation, nor shall any funds in other security accounts maintained by NCPA and not established pursuant to this Agreement be used.

7.5 Emergency Additions. In the event that the funds are withdrawn pursuant to Section 7.4 of this Agreement, or if the Security Account for a particular Confirmation is insufficient to allow payment of an invoice, demand, request for further assurances or claims by third parties with respect to a particular Confirmation, NCPA shall notify all Participating Members for that Confirmation and then prepare and send a special or emergency assessment to the Participating Members. Each Participating Member shall pay to NCPA such assessment when and if assessed by NCPA within ten (10) days of the invoice date of the assessment. NCPA shall maintain a detailed accounting of each Participating Member’s deposits into and shares of withdrawals from the Security Account for the particular Confirmation.

7.6 Interest on Security Accounts. Monies on deposit in the Security Accounts created pursuant to this Agreement shall be invested by NCPA in accordance with the investment policy adopted by the NCPA Commission. Interest earned (or losses sustained) on the Security Accounts shall be proportionately credited to the Participating Members in accordance with each Participating Member’s Security Account obligations.

7.7 Return of Funds in Security Accounts. Upon the completion of the provision of Support Services under a particular Confirmation, or upon a permitted withdrawal of a Participating Member from a Confirmation, NCPA shall return the share of affected Security Account funds within ninety (90) days. Provided, however, that NCPA shall, in its sole discretion, as determined by the General Manager, estimate the then outstanding liabilities of the Participating Members including any estimated contingent liabilities and shall retain all such funds until all such liabilities have been fully paid or otherwise satisfied in full.

Section 8. Invoicing.

8.1 Invoices. As part of the All Resources Bill or by separate special invoice, as required in the circumstances, NCPA will issue an invoice to each Signatory Member for the fixed Support Services Program Agreement Costs as provided in Section 7.1 and its proportionate share of the Costs of any Confirmation as to which it is a Participating Member.

8.2 Payment of Invoices. All non-emergency invoices delivered by NCPA in the normal course of billing hereunder (including the All Resources Bill) are due and payable on the date indicated on such invoice, but in any event no later than thirty (30) days following receipt thereof; provided, however, that any amount due on a day other than a Business Day may be paid on the following Business Day. NCPA may apply a Participating Member’s share of an applicable Security Account to the payment of all or any portion of an invoice issued to such Participating Member, provided that application of such funds from a Security Account relating
to a particular Confirmation shall not relieve the Participating Member from any late payment charges pursuant to Section 8.3. To the extent that NCPA applies funds from the Security Account to pay an amount due under an invoice, following receipt of payment of such invoice by the relevant Participating Member, NCPA shall deposit the relevant portion of the payment into the Security Account and credit such deposit to such Participating Member. Emergency invoices shall be due as indicated in Section 7.5.

8.3 Late Payments. Any amount due and not timely paid by a Signatory Member shall bear interest computed on a daily basis until paid at the lesser of (i) the per annum prime rate (or reference rate) of the Bank of America NT&SA then in effect, plus two percent (2%), or (ii) the maximum rate permitted by law.

Section 9. Settlement Data and Examination of Books and Records; Signatory Member Covenants.

9.1 Settlement Data. NCPA will make settlement data available to the Participating Members. Procedures and formats for the provision of such data will be as established by the NCPA Commission from time to time.

9.2 Records.

9.2.1 NCPA Books and Records. NCPA shall maintain any and all ledgers, books of account, invoices, vouchers, cancelled checks and other records or documents evidencing or relating to charges for the Support Services or expenditures or disbursements to the Signatory Members for a minimum of three (3) years, or for any longer period required by law, from the date of their payment.

9.2.2 Examination of Books and Records. Any Signatory Member shall have the right to examine the books and records created and maintained by NCPA pursuant to this Agreement, including but not limited to (a) those required to be kept by Section 9.2.1 and (b) those required by NCPA to be kept by any third party provider of Support Services, at any reasonable, mutually agreed upon time.

9.2.3 Ownership of Records. Except as otherwise provided in a particular Confirmation, all reports, reports, data, maps, models, charts, studies, surveys, photographs, memoranda, plans, studies, specifications, records, files, or any other documents or materials, in electronic or any other form, that NCPA prepares or obtains for a Participating Member pursuant to a Confirmation and that relate to the matters covered hereunder shall be the property of the Participating Member. NCPA hereby agrees to deliver those documents to the Participating Member upon termination of the Confirmation to which they refer. It is understood and agreed that the documents and other materials, including but not limited to those described above, prepared pursuant to this Agreement are prepared specifically for the Participating Member and are not necessarily suitable for any future or other use. Participating Member and NCPA agree that, until final approval by Participating Member, all data, plans, specifications, reports and other documents are confidential and will not be released to third parties.
parties without prior written consent of the parties to a Confirmation, except as may otherwise be required by applicable law.

9.3 Signatory Member Covenants. Each Signatory Member covenants and agrees: (i) to continue to pay or advance to NCPA, from its Revenues all payments required under this Agreement; (ii) to make payments to NCPA under this Agreement where NCPA has incurred Costs or is obligated to pay a third party with respect to a Confirmation whether or not there is an interruption in, interference with, or reduction or suspension of Support Services provided under this Agreement, such payments not being subject to any reduction, whether by offset or otherwise, and regardless of whether any dispute exists provided such interruption, interference or reduction in Support Services is caused by forces constituting an Act of God and not reasonably contemplated by the Parties; and (iii) to operate its Electric System and the business in connection therewith in an efficient manner and at reasonable cost and to maintain its Electric System in good repair, working order, and condition.

Section 10. Administration of Agreement.

10.1 General. The NCPA Commission has sole overall responsibility and authority for the administration of this Agreement. Any acts, decisions or approvals taken, made or sought by NCPA under this Agreement shall be taken, made or sought, as applicable, in accordance with NCPA’s Constitutive Documents.

10.2 Withdrawal of Signatory Member. A Signatory Member may voluntarily withdraw from this Agreement at any time by providing two (2) year’s advance written notice to NCPA and the other Signatory Members. A withdrawing Signatory Member shall reimburse NCPA for any and all Costs resulting from the withdrawal including the legal, accounting and administrative costs of winding up and assuring the complete satisfaction and discharge of the withdrawing Signatory Member’s obligations. A withdrawing Signatory Member will continue to be liable for any Costs or on-going obligations relating to a Confirmation as to which that withdrawing Signatory Member is a Participating Member, and withdrawal from any given Confirmation shall be permitted only in accordance with the terms of the particular Confirmation. A withdrawing Signatory Member shall not be liable for Costs under a Confirmation, subsequent to the effective date of the Signatory Member’s withdrawal and if unrelated to Support Services provided under the Confirmation to that withdrawing Signatory Member.

10.3 Termination of Agreement by NCPA. NCPA may terminate this Agreement at any time upon six (6) month’s written notice to the Signatory Members. Any such termination shall not affect any on-going obligations of NCPA relating to Confirmations then in effect, provided that no additional Confirmations shall be offered to the Signatory Members by NCPA after the six month notice of termination has been provided to them by NCPA.

10.4 Termination by Signatory Members. Upon the occurrence of an Event of Default where NCPA is the Defaulting Party, and following the applicable cure periods, one or more Signatory Members may, without limiting their other rights or remedies available under this
Agreement, at law or in equity, and without constituting or resulting in a waiver, release or estoppel of any right, action or cause of action the Signatory Members may have against NCPA, terminate this Agreement in whole, subject to the provisions of Section 12.6.4. Termination by one Signatory Member shall not affect the validity of the Agreement as to other Signatory Members.

Section 11. Insurance, Defense and Indemnity Obligations

11.1 Limitation of NCPA Liability. Except as otherwise provided in this Section 11, NCPA shall not at any time be liable for any injury or damage occurring to a Participating Member or any other person or property from any cause whatsoever arising out of this Agreement or any Confirmation entered into pursuant to this Agreement.

11.2 Limited Right of Recourse. The provisions of Section 11.1 shall not apply where the injury or damage is to a Participating Member and is caused by the active negligence of NCPA or of any employee, agent or contractor of NCPA, provided, however, that any liability under this subsection is limited to the extent of the actual coverage and coverage limits of the insurance policies described in this Section 11.

11.2.1 Reimbursement of NCPA Deductibles. Notwithstanding Section 11.2 above, the applicable Participating Member agrees to reimburse NCPA, in a timely manner, for all deductibles or and/or self-insured retentions payable by NCPA for any claim, liability, or damage arising out of this Agreement or any Confirmation entered into pursuant to this Agreement.

11.3 Indemnity Obligation of Participating Members. Except as provided in Section 11.2 above, each Participating Member as to the particular Confirmation involved shall, at its sole cost and expense, indemnify and hold harmless NCPA, and its Members, and their respective officers, agents and employees (“Indemnitees”) from and against any and all liability, obligation, damages, penalties, claims, liens, costs, charges, losses and expenses (including reasonable attorneys’ fees), which may be imposed upon, incurred by or be asserted against the Indemnitees arising out of this Agreement or any Confirmation entered into pursuant to this Agreement.

11.4 Defense Obligation of Participating Members. In the event any action or proceeding shall be brought against the Indemnitees by reason of any matter for which the Indemnitees are indemnified hereunder, the Participating Members as to the Confirmation involved shall, upon reasonable prior written notice from any of the Indemnitees, at Participating Member’s sole cost and expense, resist and defend the same with legal counsel mutually selected by Indemnitee and the Participating Member or Members, unless mutual selection of counsel is expressly prohibited by an applicable insurance policy; provided however, that neither Indemnitee nor Participating Member shall admit liability in any such matter or on behalf of the other without express written consent, which consent shall not be unreasonably withheld or delayed, nor enter into any compromise or settlement of any claim for which Indemnitees are indemnified hereunder without prior express written consent. The Participating
Member’s duty to defend shall begin upon receipt of a written notice identifying with specificity the allegations that give rise to this duty to defend.

11.5 Notice of Claims Required. The Parties shall give each other prompt written notice of the making of any claim or the commencement of any action, suit or other proceeding covered by the provisions of this Section 11.

11.6 NCPA Obligation to Maintain Insurance. During the term of the Agreement and prior to providing Support Services under any Confirmation issued pursuant to this Agreement, NCPA shall maintain, or cause to be maintained, in full force and effect, and at its sole cost and expense, the types and limits of insurance as are annually approved by the governing Commission of NCPA.

11.7 Participating Member Insurance. The Signatory Members acknowledge that there are significant limits on NCPA’s liability under the this section 11 and that upon becoming a Participating Member as to one or more Confirmations, the Participating Member may wish to purchase additional insurance of its own to cover the additional risks and the potential additional liabilities it is assuming under this Agreement and Confirmations entered into pursuant to this Agreement. Each Participating Member will, with respect to any additional insurance it obtains or which is otherwise available to it, cause its insurers to issue an endorsement providing a waiver of subrogation rights as to the Indemnitees.

11.8 Survival of Obligations. The defense and indemnity obligations of this Section 11 shall survive the termination of this Agreement.

Section 12. Default and Remedies.

12.1 Events of Default. An Event of Default under this Agreement shall exist upon the occurrence of any one or more of the following by a Party in default of its obligations hereunder (“Defaulting Party”):

(i) if any Signatory Member or Participating Member fails to make any payment due hereunder or to provide assurances as required of NCPA under a Confirmation when due hereunder within two (2) Business Days after receipt of notice given by NCPA of such non-payment; or

(ii) the failure of a Signatory Member to perform any other covenant or obligation under this Agreement where such failure is not cured within ten (10) calendar days following receipt of a notice from NCPA demanding cure (provided that this shall not apply to any failure to make payments (which is covered by Section 12.1 (i)); or

(iii) if any representation or warranty of a Signatory Member material to the transactions contemplated hereby shall prove to have been incorrect in any material respect when made and the Signatory Member does not cure the facts underlying such incorrect representation or warranty so that the representation or warranty becomes true and
correct within ten (10) calendar days of the date of receipt of notice from any other Party demanding cure; or

(iv) if a Signatory Member is in default or in breach of any of its covenants under any other agreement with NCPA and such default or breach is not cured within the time periods specified in such agreement; or

(v) the failure of NCPA to perform any covenant or obligation under this Agreement following a ten (10) calendar day notice to cure by any non-defaulting Signatory Member.

12.2 Cure of an Event of Default. An Event of Default shall be deemed cured only if such default shall be remedied within the time period specified in Section 12.1 above, as may be applicable, after written notice has been sent to the Defaulting Party from NCPA or a non-defaulting Signatory Member specifying the default and demanding that the same be remedied; provided, however, that the failure of a Party to provide such notice shall not be deemed a waiver of such default.

12.3 Participation Rights Of Defaulting Signatory Member. Notwithstanding anything herein to the contrary, upon the occurrence of an Event of Default and until such Event of Default is cured, the Signatory Member that is the Defaulting Party shall not have the right to participate under any additional Confirmations.

12.4 Remedies in the Event of Default.

12.4.1 Remedies of NCPA. Upon the occurrence of an Event of Default where a Signatory Member is the Defaulting Party, without limiting its other rights or remedies available under this Agreement, at law or in equity, and without constituting or resulting in a waiver, release or estoppel of any right, action or cause of action NCPA may have against the Defaulting Party Participant, NCPA may: (i) suspend the provision of Support Services under this Agreement or any Confirmation issued pursuant to this Agreement to such Defaulting Party until the Event of Default is cured; (ii) demand that the Defaulting Party provide further assurances to compel the correction of the default, including the collection of a surcharge, or such other actions as may be necessary to produce Revenues to secure the cure of the Event of Default; and (iii) terminate this Agreement or any Confirmation as to the Defaulting Party, following the expiration of any applicable cure period pursuant to section 12.1, on ten (10) calendar days’ prior written notice to the Defaulting Party.

12.4.2 Remedies of Signatory Members. Upon the occurrence of an Event of Default where NCPA is the Defaulting Party, and following the applicable cure periods pursuant to section 12.1, one or more Signatory Members may, without limiting their other rights or remedies available under this Agreement, at law or in equity, and without constituting or resulting in a waiver, release or estoppel of any right, action or cause of action they may have against NCPA, terminate this Agreement as to themselves and without affecting the validity of the Agreement as to other Signatory Members, subject to the provisions of Section 12.6.4.
12.5 Special Covenants Regarding Security Accounts. In the event that a Participating Member’s balance in a required Security Account is insufficient to cover all invoices for Costs incurred under this Agreement sent to such Participating Member, then, without limiting NCPA’s other rights or remedies available under this Agreement, at law or in equity, such Participating Member shall cooperate in good faith with NCPA and shall cure the deficit as rapidly as possible, on an emergency basis, taking all such action as is necessary, including, but not limited to, raising rates and charges to its customers to increase its Revenues to replenish its share of the Security Accounts as provided herein, drawing on its cash-on-hand and lines of credit, obtaining further assurances by way of credit support and letters of credit, and taking all such other action as will cure the default with all due haste.

12.6 Effect of Termination or Suspension.

12.6.1 Generally. The suspension or termination of this Agreement will not terminate, waive, or otherwise discharge any ongoing or undischarged contingent liabilities or obligations arising from this Agreement until such obligations are satisfied in full, and all of the Costs incurred by NCPA in connection with such suspension or termination, including reasonable attorney fees, the fees and expenses of other experts, including auditors and accountants, other costs and expenses that NCPA is entitled to recover under this Agreement, and other reasonable and necessary costs associated with any and all of the remedies, are paid in full.

12.6.2 Suspension by NCPA. If performance of all or any portion of this Agreement is suspended by NCPA with respect to a Signatory Member in accordance with Section 12.4.1(i) such Signatory Member shall pay any and all Costs incurred by NCPA as a result of such suspension including reasonable attorney fees, the fees and expenses of other experts, including auditors and accountants, other reasonable and necessary costs associated with such suspension and any portion of the Costs that were not recovered from such Signatory Member as a result of such suspension.

12.6.3 Termination by NCPA. If this Agreement is terminated by NCPA with respect to a Signatory Member in accordance with Section 12.4.1(iii) such Signatory Member shall pay any and all Costs incurred by NCPA as a result of such termination, including reasonable attorney fees, the fees and expenses of other experts, including auditors and accountants, other reasonable and necessary costs associated with such termination and any portion of the Costs that were not, or will not be, recovered from such Signatory as a result of such termination; provided, however, if NCPA terminates this Agreement with respect to the last remaining Signatory Member, then this Agreement shall terminate.

12.6.4 Termination by Signatory Members. If this Agreement is terminated by all Signatory Members in accordance with Section 10.4, or by unanimous consent of all of the Parties hereto, then the Signatory Members shall pay to NCPA all previously unpaid Costs incurred as of the date of such termination. The Signatory Members shall indemnify NCPA for any costs incurred in connection with such termination, including reasonable attorney fees, fees
and expenses of other experts, including auditors and accountants and other reasonable and necessary costs. If the Parties are unable to reach agreement as to the foregoing, then the Parties agree to submit the matter to mediation with a mutually agreed upon mediator. If the Parties are still unable to reach agreement following mediation, then the matter shall be submitted to binding arbitration subject to the rules of the American Arbitration Association, the costs of such arbitration being borne equally among the Signatory Members.

Section 13. Uncontrollable Forces.

13.1 Uncontrollable Force In General. Obligations of the Parties, other than those to pay money when due, shall be excused for so long as and to the extent that failure to perform such obligations is due to an Uncontrollable Force; provided, however, that if a Party is unable to perform due to an Uncontrollable Force, such Party shall exercise due diligence to remove such inability with reasonable dispatch. Nothing contained in this Agreement shall be construed as requiring a Party to settle any strike, lockout, or labor dispute in which it may be involved, or to accept any permit, certificate, contract, or any other service agreement or authorization necessary for the performance of this Agreement or any Confirmations issued pursuant to this Agreement which contains terms and conditions which a Party determines in its good faith judgment are unduly burdensome or otherwise unacceptable.

13.2 Each Party shall notify the others promptly, by telephone to the other Parties’ operating personnel as applicable and to the parties’ Designated Representatives upon becoming aware of any Uncontrollable Force which may adversely affect the performance under this Agreement or any Confirmation entered into pursuant to this Agreement. A Party shall additionally provide written notice to any affected Parties within 24 hours after providing. Each Party shall notify the others promptly, when an Uncontrollable Force has been remedied or no longer exists.

Section 14. Dispute Resolution.

14.1 Informal Dispute Resolution. If any dispute arises between the Parties that cannot be settled after engaging in good faith negotiations, Signatory Members and NCPA agree to resolve the dispute in accordance with the following:

14.1.1 Each Party shall designate a senior management or executive level representative to negotiate any dispute;

14.1.2 The representatives shall attempt, through good faith negotiations, to resolve the dispute by any means within their authority.

14.1.3 If the issue remains unresolved after thirty (30) days of good faith negotiations, despite having used their best efforts to do so, either Party may pursue arbitration pursuant to Section 14.2.
14.2 **Arbitration.** In the event that a dispute is unresolved following the informal dispute resolution process established in Section 14.1, either Party may, within sixty (60) days of the termination of such informal dispute resolution process, initiate binding arbitration to resolve such dispute. Disputes shall be arbitrated pursuant to the Commercial Arbitration and Mediation Rules of the American Arbitration Association. The costs of arbitration shall be equally shared by the Parties, and the Parties shall bear their own attorneys’ fees. The arbitrator shall have no authority to amend this Agreement or any Confirmation.

14.3 **Claims.** This informal resolution process is not intended to nor shall it be construed to, change the time periods for filing a claim or action specified by Government Code § 900, et seq.

**Section 15. Miscellaneous**

15.1 **Compliance with Applicable Laws.** NCPA and any subcontractors shall comply with all laws applicable to the performance or provision of the Support Services hereunder.

A Participating Member shall not have the right to control the means by which NCPA accomplishes Support Services rendered pursuant to this Agreement and the Confirmations entered into pursuant to this Agreement. Notwithstanding any other agency, state, local or federal policy, rule, regulation, law, or ordinance to the contrary, NCPA and any of its employees, agents, and subcontractors providing Support Services under this Agreement and the Confirmations entered into pursuant to this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by any Participating Member, including but not limited to eligibility to enroll in the California Public Employees Retirement System (PERS) as an employee of a Participating Member and entitlement to any contribution to be paid by a Participating Member for employer contributions and/or employee contributions for PERS benefits.

Notwithstanding the foregoing, the Parties acknowledge that any debts or obligations entered into by NCPA pursuant to this Agreement not connected with any Confirmation shall be jointly and severally borne by them as Signatory Members, and not by non-Signatory Members of NCPA, pursuant to Article IV, Section 3(b) of the Joint Powers Agreement.

15.6.2 Each Participating Member shall be solely responsible and liable for performance of its own obligations under this Agreement as to those Confirmations under which it has chosen to receive Member Services. 02/12/2016 DRAFT

15.8 Amendments. Except where this Agreement specifically provides otherwise, this Agreement may be amended only by written instrument executed by the Parties with the same formality as this Agreement.

15.9 Severability. In the event that any of the terms, covenants or conditions of this Agreement or the application of any such term, covenant or condition, including application to any particular Confirmation, shall be held invalid as to any person or circumstance by any court having jurisdiction, all other terms, covenants or conditions of this Agreement and their application shall not be affected thereby, but shall remain in force and effect unless the court holds that such provisions are not severable from all other provisions of this Agreement.

Any signature page of this Agreement may be detached from any counterpart of this Agreement without
impairing the legal effect of any signatures thereon, and may be attached to another counterpart of this Agreement identical in form hereto but having attached to it one or more signature pages.

15.15 No Assignment. Except as otherwise provided in a particular Confirmation, no Signatory Member may assign or otherwise transfer any other rights and obligations under this Agreement without the express written consent of NCPA.

Each Party to this Agreement was represented by counsel during the negotiation of this Agreement. Hence, this Agreement and all Confirmations issued pursuant to this Agreement shall be interpreted as being equally drafted by all Parties and without reference to Civil Code Section 1654 requiring interpretation against Parties causing an ambiguity.

15.19 No Third Party Beneficiaries. Except as otherwise provided in a particular Confirmation to the contrary, nothing contained in this Agreement or any Confirmation issued pursuant to this Agreement is intended by the Parties, nor shall any provision of this Agreement or any Confirmation issued pursuant to this Agreement be deemed or construed by the Parties or by any third person, to be for the benefit of any third party, nor shall any third party have any right to enforce any provision of this Agreement or any Confirmation issued pursuant to this Agreement or be entitled to damages for any breach by the Parties of any of the provisions of this Agreement or any Confirmation issued pursuant to this Agreement.

15.20 No Implied Waiver of Breach. The waiver of any breach of a specific provision of this Agreement or any Confirmation does not constitute a waiver of any other breach of that term or any other term of this Agreement or Confirmation.

AGENDA ITEM NO. 21

Date: February 25, 2016

To: NCPA Commission

Subject: Proposed New Member Policy and Guidelines for Obtaining Membership

Background

A Working Group was created at the request of the Executive Committee, to review and create a New Member Policy and Guidelines for Obtaining Membership. The Working Group met over the past few months in person and via teleconference calls, to review the current policy and several historical drafts that had been created, but not acted upon. The Working Group completed its review and drafted a new policy that has been circulated for further review by the Legal Committee, Facilities Committee and Utility Directors.

Key policy recommendations emerging from the Working Group and committee reviews include:

- No “buy-in” fee is recommended
- A non-refundable $10,000 fee is charged to process an applicant
- No minimum revenue requirement is recommended
- A comprehensive application and supporting documents must be submitted
- Minimum evaluation/screening criteria have been established
- Provision for prospective members to participate in NCPA meeting activities after being approved for membership, and waiting for individual Member approvals
- Provision for prospective members to participate in NCPA conferences at cost

Issue

The New Member Policy as forwarded for review by the Working Group and with proposed amendments through the Committee process is ready for Commission consideration and potential approval.

SR: 122:16
Fiscal Impact

The costs of evaluating entities for possible membership in NCPA will be covered with the proposed $10,000 application fee. Provisions are provided for additional studies to evaluate membership in projects or programs and the applicant is responsible for all costs associated with such studies.

Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a “project” for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.

Committee Review

Comments and suggestions from the Legal Committee, Facilities Committee and Utility Directors have been incorporated into the attached new policy.

Recommendation

It is recommended that the Commission consider and adopt the attached Resolution 16-16 approving the Proposed New Member Policy and Guidelines for Obtaining Membership.

Identification of Potential New Members. The General Manager and staff will seek organizations and consider unsolicited requests for membership with organizations that meet the goals of this policy. The General Manager will routinely report to the Commission regarding efforts to solicit new members and consideration of unsolicited requests for membership that have been received.

Request for Application. Once identified, a potential new member (Applicant) must submit a request for a membership application to NCPA’s General Manager. This request must state:

- The Applicant’s last three-year’s gross annual electric energy load and demand as filed with the Federal Energy Regulatory Commission or other such acceptable information.
- Audited financial reports for the previous three-years
- Description of customer base using the NCPA Report Card Form
- Details of governance structure and internal staffing organization chart
- Description of other wholesale and retail services provided
- A description of the NCPA programs and/or services in which the Applicant desires to participate
  - Legislative and Regulatory Program
    - Public Benefits
  - Generation Services Program
    - Renewable Energy Project Development
  - Power Management Program
    - Pooling
    - Gas or Electric Procurement
    - Schedule Coordination
    - NCPA Power Purchase Project Participation
- A description of any deficiencies associated with full compliance with state or federal mandated programs and the organizations plan and timeline for bringing itself into full compliance
- Disclosure regarding any legal or environmental liabilities
Screening. The minimum screening phase ensures that the Applicant:

- Meets the requirements for NCPA membership established in the NCPA joint powers agreement
- If granted membership, will benefit the Agency and its members

Minimum Screening Criteria.

- Has goals that are consistent with those of NCPA and its members
  - Support for local control and decision making
  - Support for operating and expanding wholesale and retail electrical services within boundaries determined by a locally elected or nominated governing authority
  - A desire to minimize wholesale electric costs in order to provide economic benefits to their retail customers
  - A desire to work cooperatively with other agency members to minimize costs and realize competitive advantages through economies of scale and gains through joint transaction(s) and financing(s)
- Is a preference purchaser or potential preference purchaser of electric service from the Western Area Power Administration of the United States, which is a “public agency”, as such term is defined in Section 6500 of the Government Code of the State of California. Applicant

  - Where NCPA identifies potential legislative and/or regulatory non-compliance issues not disclosed in the request for application process, NCPA will contact the Applicant to obtain plans and timelines for achieving compliance
- Is willing and able to contribute to the costs associated with its requested level of involvement in NCPA.
- Participates in the political proceedings or can bring political advantages to issues that impact NCPA and its members
- Has access to long-term resource supply that would benefit NCPA’s members
- May enter into a long-term transaction with NCPA’s members that would not occur without membership
- Will benefit the members by participating in NCPA programs
- Willing to pay program costs and support administrative and general expenses costs for members
- Will not negatively affect the role of existing NCPA members without offsetting benefits

The minimum screening criteria represent the minimum criteria that will be considered in the assessment of the applicant for membership. The applicant is not required to meet every requirement under the minimum screening criteria in order to be considered for membership.
Upon completion of the screening process, NCPA and the Applicant will review the results for accuracy and completeness. A summary of the screening results will be provided to the Applicant for information purposes and to the NCPA Commission for consideration and possible adoption.

Program Participation Analysis. If the Commission unanimously concludes that an Applicant meets all screening criteria, NCPA will commence an analysis to determine that participation in the programs requested by the Applicant produces no conflicts or additional un-reimbursed costs to NCPA members. An Applicant can expect that NCPA will conduct legal, financial and technical reviews of the Applicant’s ability to fund its participation and otherwise meet its obligations in the programs requested. Conditional Applicant specific requirements for membership (studies, facilities, commitments) will be identified as part of this phase.

Upon completion of program participation analysis and any additional studies required as part of the analysis, NCPA and the Applicant will jointly review the results for accuracy and completeness. A summary of the analysis will be provided to the Applicant. The Commission will be asked to approve the applicant for membership and may use all or part of the participation analysis in deciding whether to approve an applicant for membership.

Notification of Membership Fees and Rights. If the Commission unanimously concludes that the program participation analysis supports acceptance of the Applicant’s request for membership, the General Manager will provide to the Applicant an estimate of the Applicant’s contribution to each program in its first year of membership. In addition, the General Manager will advise the Applicant on which standing committees and task forces appointed by the Commission the Applicant is eligible to sit. At a minimum, the Applicant will be required to appoint a representative and an alternate to actively participate on the NCPA Commission and vote on matters related to the programs in which the Applicant participates.

Approval of Membership. Formal approval requires:
- Amendment of the JPA by each members’ governing body to include the Applicant
- Execution of the JPA by the Applicant’s governing body

Withdrawal of Application. An Applicant may withdraw its application at any time by providing written notification to NCPA’s General Manager. No refunds of the application fee will be made.

Schedule. It is expected that processing an application including approval by the Commission and Members’ governing bodies will require six to twelve months. During the processing period, an Applicant will be allowed to participate in the L&R and Commission activities of the Agency without a voting ability. The Applicant shall pay in advance for any participation in special events or activities that require a separate member fee during the period of time the application is being processed for approvals.
Amendment of Policy and Guidelines. The Commission may amend this policy and associated guidelines without prior notification to the applicant.

Commission Staff Report

Date: February 25, 2016
To: NCPA Commission
Subject: CMUA Grid Regionalization Assessment (FY16 Pass-through: $85,160)

Background

The currently proposed integration of PacifiCorp into the operations of the California Independent System Operator (CAISO), and the potentially subsequent incorporation of utilities from other states throughout the West, is one of the more significant developments in western markets and grid operations to be considered in California since the creation of the CAISO in the late 1990s. The significance of this proposal was heightened by the inclusion of language in last year’s Senate Bill 350 to require the CAISO to prepare a proposed governance structure to facilitate a transition of the CAISO into a regional organization, and to join with the state’s energy agencies to conduct a number of studies to assess whether regionalization and such governance changes will benefit California consumers.

Under the SB 350 timeline, the Governor will submit CAISO’s proposed governance modifications and regionalization studies to the Legislature by December 31, 2017. The Legislature has until January 1, 2019 to enact a statute implementing the governance modification, otherwise the SB 350 regionalization process dissolves. The CAISO is planning to accelerate this timeline by submitting its proposed governance design and studies to the Governor’s office this year.

While there is recognition that there may be differences among CMUA members regarding regionalization, there are some broadly shared areas of concern among most public power systems in this area, including:

- **Governance:** Currently, CAISO board members are appointed to three year terms by the Governor of California. However, to accommodate the needs of surrounding states, regionalization would necessitate changing the governance structure, including Board replacement or reformation, and modification to existing committees, structures, and processes. There have been a number of concerns expressed by the Legislature and other stakeholders, including NCPA, regarding whether regionalization offers a sufficient amount of benefits to California’s consumers to warrant this trade-off of ceding our state’s current jurisdiction over the CAISO.

- **Transmission Access Charge (TAC) Allocation:** High Transmission Access Charges (TAC) have been a long-time area of concern for several NCPA members, and regionalization adds further uncertainty about the direction and pace of future changes to the TAC charge. Regionalization will force policymakers to revisit cost allocation,
including reconsideration of the how the system-wide TAC charge is calculated, particularly with respect to how costs will be allocated between current CAISO customers and those in other states and balancing authorities. The primary concern in this regard is that the expansion of the CAISO will not provide relief from existing TAC charges, and even worse, could result in a shift of out of state transmission costs to California consumers who receive no inherent benefit.

- **Resource Adequacy**: CAISO has a formal resource adequacy process that includes “system, local, and flexible capacity obligations, annual and monthly showings of sufficiency, market incentives, penalties, must-offer requirements, and backstop procurement for the CAISO.” Other regions in the west do not necessarily do the same, raising questions about significant inconsistencies and inequities between the CAISO and other balancing authorities that join the CAISO.

- **Impacts on California’s Climate and Renewable Programs**: Policymakers are now evaluating whether regionalization will either promote our state’s ambitious climate and energy goals, or instead simply provide green benefits to other states at California’s expense. This will involve a close look at our state’s current AB 32 climate program as well as the Renewables Portfolio Standard (RPS) program administered by the California Energy Commission (CEC).

Given the significant scope and potentially enormous impact of the issues surrounding regionalization of the CAISO, the California Municipal Utilities Association (CMUA) Board of Directors on December 8, 2015 approved a special assessment on all CMUA electric utility members to fund analysis and representation for public power systems as formal consideration of regionalization by the CAISO and the state’s energy agencies proceeds. The Law Firm of Braun and Blaising will be providing these services above and beyond the standard set of regulatory services it now provides to CMUA.

This CMUA assessment will apply to ten NCPA members who are members of CMUA including Alameda, Gridley, Healdsburg, Lodi, Palo Alto, Redding, Roseville, Silicon Valley Power, Truckee Donner PUD, and Ukiah. Excluded from the assessment are: BART, Biggs, Lompoc, Plumas-Sierra REC, and the Port of Oakland.

As is currently the case with other organizational dues at NCPA, with Commission approval these costs can be paid by NCPA members as a pass-through under the NCPA Legislative and Regulatory Affairs budget. To ensure the affected NCPA members have that option, NCPA staff requests that the NCPA Commission authorize $85,160 as a pass-through line item in the current FY16 NCPA budget. Because the pass-through is provided on behalf of CMUA, each NCPA member will need to separately authorize that payment be made before NCPA will disburse the dollars on behalf of that member.

**Fiscal Impact**

The total cost of the project is $85,160 – equal to the pro rata share of $400,000 applicable to the ten NCPA members covered in this agreement. As noted above, the amount was approved by the CMUA Board of Directors on December 8, 2016, and will cover legal and technical services provided by Braun and Blaising.

SR: 123:16
This project was not included in the current fiscal year budget, and will be assessed as a direct pass-through, based on the dollars shown below in Table 1.

**Environmental Analysis**

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a "project" for purposes of Section 21065 of the California Environmental Quality Act. No environmental review is necessary.

**Recommendation**

That the NCPA Commission approve Resolution 16-17 authorizing the request to enable NCPA members to pay the CMUA CAISO regionalization assessment as a pass-through item in the current NCPA FY16 budget, as shown in Table 1 above.

RESOLUTION 16-17
RESOLUTION OF THE NORTHERN CALIFORNIA POWER AGENCY
APPROVING CMUA GRID REGIONALIZATION ASSESSMENT
(FY16 PASS-THROUGH: $85,160)

(reference Staff Report #123:16)

WHEREAS, the California Independent System Operator and the state’s energy agencies are
developing a proposal to change the governance of the CAISO to accommodate regional expansion,
and studying the effects of such expansion on California’s energy consumers; and

WHEREAS, there are concerns that public power has highlighted regarding regionalization of
the CAISO, including but not limited to whether a change in CAISO governance is currently
warranted, the potential for an increase in already high Transmission Access Charges for California
consumers, how existing resource adequacy requirements will be applied to new entrants, and
implications of this expansion on the implementation of AB 32 cap and trade programs as well and
Renewables Portfolio Standard requirements and the need to assure “green” benefits are not
provided to other states at California’s expense; and

WHEREAS, the current timeframe for the CAISO and energy agency review is not sufficient to
provide a thorough analysis of the full impacts of regionalization on California’s consumers; and

WHEREAS, the California Municipal Utilities Association’s (CMUA’s) Board of Directors has
established a special assessment to be paid by all members to provide legal representation and
technical analysis throughout the CAISO deliberations related to regional expansion; and

WHEREAS, the CMUA assessment will apply to ten NCPA members who are members of
CMUA including Alameda, Gridley, Healdsburg, Lodi, Palo Alto, Redding, Roseville, Silicon Valley
Power, Truckee Donner PUD, and Ukiah; and

WHEREAS, as is the case with dues payments for other similar organizations, with
Commission approval these CMUA costs can by paid by NCPA members as a pass-through under
the NCPA Legislative and Regulatory Affairs budget; and

WHEREAS, this activity would not result in a direct or reasonably foreseeable indirect change
in the physical environment and is therefore not a “project” for purposes of Section 21065 the
California Environmental Quality Act. No environmental review is necessary; and

NOW, THEREFORE BE IT RESOLVED, that the Commission of the Northern California Power
Agency authorizes the creation of a new pass-through line item in the current FY 2016 NCPA
Legislative and Regulatory Affairs Budget in the amount of $85,160 for purposes of payments into the
CMUA CAISO Regionalization Special Assessment Fund by affected NCPA members.
