Subject: Three Year Extension of Audit Contract with Moss Adams Through Fiscal Year 2015-2016

Background

In 2008, the Agency performed a Request for Proposal process to select new independent auditors to perform the Agency’s annual outside financial audit. At the conclusion of that process, the certified public accounting firm of Moss Adams, LLP, Certified Public Accountants was selected to perform the audit for fiscal year 2008, 2009 and 2010, with the possibility of two - three year extensions (up to nine (9) years total) at the sole discretion of the Agency. Moss Adams has successfully performed the annual audit under this contract for the last six years. Based on the successful audits over the last six years and the huge learning curve required for new auditors, staff recommends implementing the second proposed audit contract renewal in the series and providing notice to Moss Adams of such three year extension per the terms of the contract. The terms of the contract also provide for cancellation of the contract by either party at any time with proper notice, therefore the continuation of services are not locked in and are dependent on continued satisfaction of the Agency with such services.

The possible renewal of the audit contract has been reviewed with the Finance Committee at their meeting on February 19, 2014. After discussion of an alternative, which is to execute a new Request for Proposal process and possibly select a different firm to perform the audit, both the Finance Committee and staff believe Moss Adam’s acquired knowledge of the Agency, its methods, and its systems are important assets that can help ensure an effective annual audit process. The Finance Committee, with ____ members present, unanimously recommended approval of the second, three year contract extension with Moss Adams.

Fiscal Impact

The audit fee for the last three years was $70,000, $71,000 and $72,000 respectively, which included out-of-pocket costs as required per the contract. The audit fees for subsequent years are subject to annual escalation based on the Consumer Price Index for All Urban Consumers, U.S. City Average, with a cap of 6%. The proposed audit fee for the FY 2013/14 audit is $73,000, slightly less than the calculated amount per the contract. The cost of this contract will be incorporated into the General Costs - Related to All Programs portion of the Annual Budget and Ten-Year Forecast. Such General Costs are proportionally allocated to all programs (equalized for debt service, property taxes, and other costs that would otherwise unfairly skew the results of the allocation).
Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a “project” for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.

Recommendation

Recommend approval of the attached resolution and delegate authority to the General Manager or his designee to send required notice to retain Moss Adams, LLP, Certified Public Accountants, as independent auditors for a period of up to three (3) years as per the current contract.

Respectfully submitted, Prepared by: Concurs with:

9.11 **Objective of the Audit.** The objective of Certified Public Accountants’ audit is the expression of an opinion about whether the Agency’s financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Certified Public Accountants’ audit will be conducted in accordance with U.S. generally accepted auditing standards and will include tests of the Agency’s accounting records and other procedures Certified Public Accountants considers necessary to enable Certified Public Accountants to express such an opinion. If Certified Public Accountants’ opinion is other than unqualified, Certified Public Accountants will discuss the reasons with the Agency in advance. If, for any reason, Certified Public Accountants is unable to complete the audit or are unable to form or have not formed an opinion, Certified Public Accountants may decline to express an opinion or to issue a report.

9.12 **Procedures and Limitations.**

a. Certified Public Accountants’ procedures may include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of certain receivables and certain other assets and liabilities by correspondence with selected customers, creditors, and financial institutions. Certified Public Accountants may also request written representations from the Agency’s attorneys as part of the engagement, and they may bill the Agency for responding to this inquiry. At the conclusion of Certified Public Accountants’ audit, Certified Public Accountants will require certain written representations from management about the financial statements and related matters. Management’s failure to provide representations to Certified Public Accountants’ satisfaction will preclude Certified Public Accountants from issuing Certified Public Accountants’ report.

b. An audit includes examining evidence, on a test basis, supporting the amounts and disclosures in the financial statements. Therefore, Certified Public Accountants’ audit will involve judgment about the number of transactions to be examined and the areas to be tested. Also, Certified Public Accountants will plan and perform the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. Such material misstatements may include errors, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity that may have a direct financial statement impact. A risk exists that Certified Public Accountants may not detect material misstatements because (I) an audit is designed to provide reasonable, rather than absolute, assurance the financial statements are free of material misstatement,
(ii) Certified Public Accountants will not perform a detailed examination of all transactions as such is cost prohibitive, and (iii) an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, Certified Public Accountants will inform the Agency of any material errors, fraudulent financial reporting or misappropriation of assets, and violations of laws or governmental regulations that come to Certified Public Accountants' attention, unless clearly inconsequential. Certified Public Accountants' responsibility as auditors is limited to the period covered by Certified Public Accountants' audit and does not extend to any time period for which Certified Public Accountants is not engaged as auditors.

c. Certified Public Accountants' audit will include obtaining an understanding of the Agency and its environment, including its internal control sufficient to assess the risks of material misstatements of the financial statements whether due to error of fraud and to design the nature, timing, and extent of further audit procedures to be performed. An audit is not designed to provide assurance on internal control or to identify deficiencies in the design or operation of internal control. However, if, during the audit, Certified Public Accountants becomes aware of any matters involving internal control or its operation that Certified Public Accountants considers to be significant deficiencies under standards established by the American Institute of Certified Public Accountants, Certified Public Accountants will communicate them in writing to the Agency and those charged with governance. Certified Public Accountants will also identify if Certified Public Accountants consider any significant deficiency, or combination of significant deficiencies, to be a material weakness.

d. Certified Public Accountants may assist the Agency in the preparation of the Agency's financial statements. Regardless of any assistance Certified Public Accountants may render, all information included in the financial statements remains the representation of the Agency. Certified Public Accountants may issue a preliminary draft of the financial statements to the Agency for the Agency's review. Any preliminary draft financial statements should not be relied upon, reproduced or otherwise distributed without the written consent of Certified Public Accountants.

a. The Agency is responsible for making all financial records and related information available to Certified Public Accountants and for the accuracy and completeness of that information. Certified Public Accountants may advise the Agency about appropriate accounting principles and their application and will assist in the preparation of the Agency's financial statements, but the Agency is responsible for the financial statements. This responsibility includes the establishment and maintenance of adequate records and effective internal controls over financial reporting, the selection and application of accounting principles, and the safeguarding of assets. The Agency is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing Certified Public Accountants about all known or suspected fraud affecting the Agency involving (i) management, (ii) employees who have significant roles in internal control, and (iii) others where the fraud could have a material effect on the financial statements. The Agency is responsible for informing Certified Public Accountants of the Agency's knowledge of any allegations of fraud or suspected fraud affecting the Agency received in communications from employees, former employees, regulators or others. The Agency is responsible for adjusting the financial statements to correct material misstatements and for confirming to Certified Public Accountants in the management representation letter that the effects of any uncorrected misstatements aggregated by Certified Public Accountants during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The Agency is also responsible for identifying and ensuring that the Agency complies with applicable laws and regulations.

b. The Agency agrees that as a condition of Certified Public Accountants' engagement the Agency will provide Certified Public Accountants, in a timely and orderly way, with information in the Agency's possession that Certified Public Accountants requests or that has a material impact on the nature or characterization of any material transaction to complete Certified Public Accountants' engagement and that information will be, to the best of the Agency's knowledge and belief, truthful and accurate.

a. Certified Public Accountants' report on the financial statements must be associated only with the financial statements that were the subject of Certified Public Accountants' engagement. The Agency may make copies of Certified Public Accountants' report, but only if the entire financial statements (including related footnotes and supplemental information, as appropriate) are reproduced and distributed with Certified Public Accountants' report. The Agency agrees not to reproduce or associate Certified Public Accountants' report with any other financial statements, or portions thereof, that are not the subject of this engagement.

b. The Agency may choose to publish the Agency's financial statements electronically on the Agency's Internet website. The Agency agrees Certified Public Accountants is not required under professional standards or this Agreement to read or monitor the information contained on the Agency's website or to consider the consistency of other information in the electronic site with the original document. However, Certified Public Accountants reserves the right to review the information as presented on the Agency's Internet website and to withdraw Certified Public Accountants' report should Certified Public Accountants disagree with the form, context or manner of presentation of the financial statements upon which Certified Public Accountants reported. The Agency agrees that upon written notification of Certified Public Accountants' objections the Agency will immediately remove Certified Public Accountants' report and any reference thereto or to Certified Public Accountants from the Agency's Internet website.

9.15 Offering of Securities. This Agreement does not contemplate Certified Public Accountants providing any services in connection with the offering of securities, whether registered or exempt from registration, and Certified Public Accountants will charge additional fees to provide any such services. The Agency agrees not to incorporate or reference Certified Public Accountants' report in a private placement or other offering of the Agency's equity or debt securities without Certified Public Accountants' express written permission. The Agency further agrees Certified Public Accountants is under no obligation to reissue Certified Public Accountants' report or provide consent for the use of Certified Public Accountants' report at a later date in connection with an offering of securities, the issuance of debt instruments or for any other circumstance. Certified Public Accountants will determine, at Certified Public Accountants' sole discretion, whether Certified Public Accountants will re-issue Certified Public Accountants' report or provide consent for the use of Certified Public Accountants' report only after Certified Public Accountants have conducted any due diligence Certified Public Accountants deems necessary in the circumstances. The Agency agrees to provide Certified Public Accountants with adequate time to review documents where Certified Public Accountants' report is (i) requested to be reissued, (ii) referred to, or (iii) reference to Certified Public Accountants' firm as "Experts" is expected to be made. If Certified Public Accountants decides to re-issue Certified Public Accountants' report or consent to the use of Certified Public Accountants' report, the Agency agrees that Certified Public Accountants will be included on each distribution of draft offering materials and Certified Public Accountants will receive a complete set of final documents.

9.16 Changes in Professional or Accounting Standards. To the extent that future federal, state, or professional rule-making activities require modification of contractor's audit approach, procedures, scope of work, etc., Certified Public Accountants will advise the Agency of such changes and the impact on Certified Public Accountants' fee.

9.17 Limitation on Liability. IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH OR OTHERWISE ARISING OUT OF THIS AGREEMENT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR EXEMPLARY OR PUNITIVE DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT.

9.18 Use of Electronic Communication. In the interest of facilitating Certified Public Accountants' services to the Agency, Certified Public Accountants may communicate by facsimile transmission or send electronic mail over the Internet. Such communications may include information that is confidential to the Agency. Certified Public Accountants employs measures in the use of facsimile machines and computer technology designed to provide reasonable assurance that data security is maintained. While Certified Public Accountants will use Certified Public Accountants' best efforts to keep such communications secure in accordance with Certified Public Accountants' obligations under applicable
laws and professional standards, the Agency recognizes and accepts that Certified Public Accountants have no control over the unauthorized interception of these communications once they have been sent. Unless the Agency issues specific instructions to do otherwise, Certified Public Accountants will assume that the Agency consents to Certified Public Accountants' use of facsimile transmissions to the Agency's representatives and other use of these electronic devices during this engagement as Certified Public Accountants deems appropriate.

The Parties have executed this Agreement as of the date signed by the Agency.
