Lodi Energy Center Project Participant Committee Staff Report

AGENDA ITEM NO.: 3

Meeting Date: June 21, 2022

To: Lodi Energy Center Project Participant Committee

Subject: Proclaiming a Local Emergency Persists in the City of Santa Clara and the Modesto Irrigation District, Re-Ratifying the Proclamation of a State of Emergency Issued by Governor Gavin Newsom, and Authorizing the Continuation of Remote Teleconference Meetings of the Lodi Energy Center Project Participant Committee for the Period of June 21, 2022, through July 21, 2022, Pursuant to the Brown Act

Proposal

Proclaim that a local emergency persists in the City of Santa Clara and the Modesto Irrigation District, re-ratify the Proclamation of a State of Emergency issued by Governor Gavin Newsom on March 4, 2020, and authorize the continuation of remote teleconference meetings of the Lodi Energy Center Project Participant Committee for the period of June 21, 2022, through July 21, 2022, pursuant to the Ralph M. Brown Act (Brown Act).

Background

The Lodi Energy Center Project Participant Committee (LEC PPC) is committed to preserving public access and participation in meetings of its governing body. All meetings of the LEC PPC's governing body are open and public, as required by the Brown Act (Cal. Gov. Code 54950 – 54963), so that any member of the public may attend, participate, and watch the LEC PPC conduct its business. The Brown Act, Government Code section 54953(e), makes provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions.

On September 16, 2021, Governor Newsom signed Assembly Bill (AB) 361 into law. AB 361 extends the flexibilities provided to government bodies, such as LEC PPC, with respect to holding public meetings remotely. As urgency legislation, AB 361 became effective immediately. In order to meet under the Brown Act rules of AB 361, the LEC PPC must adopt an initial resolution at the first meeting that they will operate under AB 361 and then a subsequent resolution at least every 30 days thereafter.

In light of the continued state of emergency related to COVID-19, the Santa Clara County Public Health Officer continues to recommend that public bodies meet remotely to the extent possible, specifically including use of newly enacted AB 361 to maintain remote meetings under the Brown Act and similar laws, as outlined in their "Recommendation Regarding Continued Remote Public Meetings of Governmental Entities," issued September 21, 2021.

The Modesto Irrigation District has proclaimed that a local emergency exists through the District, and that the legislative body meeting in person could present imminent risks to the health and safety of attendees due to the prevalence of the COVID-19 Pandemic in Stanislaus County and the state.

On December 2, 2021, the LEC PPC adopted initial Resolution 2021-01 finding that the requisite conditions exist for the LEC PPC to conduct remote teleconference meetings without compliance with paragraph (3) of subdivision (b) of section 54953.

As a condition of extending the use of the provisions found in section 54953(e), the LEC PPC governing body must reconsider the circumstances of the declared local emergency and state of emergency that exists.

A required condition is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558. On March 4, 2020, Governor Newsom proclaimed a State of Emergency due to COVID-19 pursuant to Government Code Section 8625 and this proclamation remains in effect as of today's date.

A proclamation is made when there is an actual incident, threat of disaster, or extreme peril posing imminent risk to the health and safety of persons within the state of California including the LEC PPC Project members' jurisdictions, caused by natural, technological, or human-caused disasters. It is further required that state or local officials have imposed or recommended measures to promote social distancing, or, that the legislative body meeting in person would present imminent risks to the health and safety of attendees.

Such conditions now persist within certain LEC PPC members' jurisdictions, as some members reside: (i) in counties with higher COVID-19 transmission rates, (ii) in counties with varying vaccination rates, (iii) in counties with additional safety requirements in place including masking of all parties indoors regardless of vaccination status and requirements to show proof of vaccination to access certain indoor locations, (iv) in locations where social distancing and masking is recommended by local health authorities for meeting indoors, and (v) in counties where local public health officers recommend that public bodies meet remotely, and thus, the LEC PPC members convening in central location to attend an in person meeting would present imminent risk to the health and safety of attendees. Further, meeting in person during the COVID-19 pandemic could present imminent risks to the health and safety of attendees due to the continued COVID-19 pandemic.

The LEC PPC now considers adoption of a subsequent resolution to continue to meet by teleconference and make the meetings available telephonically to any members of the public for the period from June 21, 2022, through July 21, 2022.

Fiscal Impact

There is no fiscal impact as a result of authorizing teleconference meetings of the LEC PPC for the period June 21, 2022, through July 21, 2022.

Environmental Analysis

This activity would not result in a direct or reasonably foreseeable indirect change in the physical environment and is therefore not a "project" for purposes of Section 21065 the California Environmental Quality Act. No environmental review is necessary.
