

**Amended and Restated  
Scheduling Coordination Program Agreement  
Amendment to Appendix E**

Facilities Committee

January 6, 2016

## Background

- The Amended and Restated Scheduling Coordination Program Agreement (SCPA) is the agreement under which NCPA provides Scheduling Coordination Services to the Members
- Appendix E of the SCPA contains a list of the Participant resources for which NCPA provides Scheduling Coordination Services

## Addition of New Resources

- Pursuant to Section 14.5.1 of the SCPA, a Participant may request for NCPA to provide Scheduling Coordination Services for new resources
- Pending NCPA providing such service, a new Resource is to be listed in Appendix E of the SCPA
- The City of Palo Alto has requested NCPA to provide Scheduling Coordination Services for the following new resources:
  - EE Kettleman Solar – EEKTMN\_6\_SOLAR1
  - Hayworth Solar Farm – LAMONT\_1\_SOLAR4

## Amendment to Appendix E

- As a result of Palo Alto's request, Appendix E of the SCPA needs to be updated to include the two (2) new resources
- Pursuant to Section 17.6.2 of the SCPA, amendments to any of Appendices shall take effect after being approved by the Commission, and does not require approval of the individual Participants' governing bodies

## Recommendation

- NCPA staff recommend and requests that the Facilities Committee recommend Commission approval an amendment to Appendix E of the Amended and Restated Scheduling Coordination Program Agreement to include the following new resources:
  - EE Kettleman Solar
  - Hayworth Solar Farm
