Notes: <sup>(A)</sup> Effective 12/19/21 for 2022 and with the first payroll period ending on or after January 1 for 2023 and 2024.

For casual positions, see Administrative & General Wage Structure.

A new employee can be brought into the Hydro Tech Program at any pay level depending on his/her experience level.

If an employee on his/her annual review receives an overall rating of "Less Than Satisfactory" they will not advance to the next pay step until they increase their overall rating to as least "Meets Most Requirements" on a subsequent annual appraisal.

<sup>(B)</sup> Requires minimum of 6 months as a Hydro Tech (54 months) and must successfully complete the Competency Test.

<sup>(C)</sup> Qualified employees with Instrumentation & Control / Communication / Electrical Technician skills and abilities as demonstrated by successfully completing the Technical Skills Assessment.

<sup>(D)</sup> Requires minimum of 6 months as a Hydro -Tech - Designated Skills and succussfully completing the Competency Test, or 6 months as a Hydro Tech Operator and successfully completing the Technical Skills Assessment.

On a temporary basis at its sole discretion NCPA has the right to appoint an employee as a lead during outages or for a specific project. When any employee is upgraded to lead, the minimum pay shall be at the Hydro Tech Operator pay rate. It is understood that the lead pay is built into the Hydro Tech Operator pay rate. If the appointment to lead is going to last longer than 8 weeks, the employee at his/her option may elect to be replaced after 8 weeks only if another employee determined to be qualified by management for the assignment lead is available.
